PLEASE NOTE THAT THE FOLLOWING CLARIFICATIONS AND ANSWERS TO INQUIRIES ARE HEREBY MADE TO RFQ 752-17-0324MA, ENERGY CONSERVATION PROGRAM CONTINUATION:

1. Please note that the due date for submissions has changed to September 7, 2:00 PM, Local Time.

2. The following clarification is provided regarding the HSP requirement: In as much as the scope of services to be accomplished under this RFQ is dependent upon decisions that will occur later in the process, HSP submittals are still required, but should be focused on the energy audit services to be performed. At a later date HSP’s will be required of the awardee(s) based on any improvements as a result of the audit that the UNTS may choose to pursue and the size and scope of those engagements.

3. The following clarification is provided regarding the Sample Energy Savings Performance Contract: Please note that this is a sample; therefore, exhibits were not included and will be negotiated with the awardee(s) accordingly; however, responders should state, as directed in the RFQ, any exceptions that your company may have with the agreement as currently profiled.

4. QUESTION: It has been stated that two prior ESCO projects have been completed by Schneider Electric in 1999 and 2012. Has Schneider Electric or any other company performed a Preliminary Utility Audit for UNT since 2012? If so, can those reports be made available?

   ANSWER: This request is being reviewed to see if it may be distributed. If so, it will come out in a future addendum.

5. QUESTION: Can you provide the categories and points of scoring that are related to the evaluation criteria in Section II, paragraph 16?

   ANSWER: The UNTS does not use a scoring system with our evaluation criteria.
6. QUESTION: Due to the volume of information requested in the RFQ can the thirty (30) page limit for responses in Section II, Paragraph 1 be enlarged?

ANSWER: Yes. The limit is increased to fifty (50) pages.

7. QUESTION: Can the organizational chart for the project be printed on 11 X 17 paper folded to fit the 8.5 X 11 format?

ANSWER: Yes.

8. QUESTION: Does UNT have current O&M contracts on the chillers and boilers?

ANSWER: No.

END OF ADDENDUM
