The resulting pricing, terms and conditions shall be extended to the University of North Texas System (UNTS), the University of North Texas (UNT), the University of North Texas Health Science Center (UNTHSC), University of North Texas at Dallas (UNTD) and any other institutions of higher education interested in utilizing the agreement, as allowed by the Texas Education Code.

2.0 SELECTION PROCESS
Selection of the successful offer(s) submitted in response to this IFB by the submittal deadline will be made using the competitive process described below. The selection of the successful offer(s) may be made by UNTS on the basis of the offers initially submitted, without discussion, clarification or modification. UNTS is not bound to accept the lowest offer if that offer is not in the best interest of the University, as determined by its sole discretion. The University reserves the right to: (a) enter into an agreement or contractual arrangement with one or more respondents for any or all portions of the Scope of Work set for in this solicitation; (b) reject any and all offers, and
re-solicit offers; or (c) reject any and all offers and temporarily or permanently abandon this solicitation.

2.1 **Evaluation Criteria:** The successful offer(s) will be the offer(s) submitted in response to this bid by the submittal deadline and is the most advantageous to UNTS, in its sole discretion. Offers will be evaluated by an evaluation committee that may include employees of UNTS or its component institutions and other persons invited by UNTS to participate. The evaluation of offers and the selection of the successful offer(s) will be based on the information provided to UNTS by the respondent in response to the specifications section of this bid. The successful respondent(s) will be required to enter into a contract acceptable to UNTS.

In evaluating bids to determine the best value for the State, UNTS may consider information related to past contract performance of a respondent including, but not limited to, Texas Comptroller of Public Account’s Vendor Performance Tracking System. UNTS also considers “best value” in the award process. Best value to the state is located in Attachment A, Section 1.5.

2.2 **Bidder’s Acceptance of Process:** Submission of an offer by a bidder indicates: (1) the bidder’s acceptance of the selection process, the evaluation of criteria for selection, and all other requirements and specifications set forth in this bid; and (2) the bidder’s recognition that some subjective judgments must be made by UNTS during this bid process.

3.0 **PUBLIC OPENING**

4.0 **OVERVIEW**
In 2016, the Texas State Fire Marshall Office (SFMO) conducted an inspection that identified a need for the installation of signage on each residence door that graphically depicts the means of emergency evacuation from that particular room in the building. We need to provide a fire escape map in every residential room as required by the Texas State Fire Marshal and UNT System Fire Marshal.

5.0 **HISTORICALLY UNDERUTILIZED BUSINESSES**

The University of North Texas System has determined that subcontracting opportunities are probable and therefore a HUB Subcontracting Plan (HSP) is required for your proposal.

**FAILURE TO SUBMIT AN HSP WITH YOUR RESPONSE MAY RESULT IN THE DISQUALIFICATION OF YOUR PROPOSAL.** A copy of the HSP forms and related information may be found at: https://comptroller.texas.gov/purchasing/vendor/hub/forms.php. A blank fillable form is also included as a separate file with this solicitation document.

The HSP must be completed and submitted in its own sealed envelope, and the envelope must be marked with “HSP” and the solicitation number. This sealed envelope containing the HSP, along with the sealed envelope containing the proposal, is to be placed in a master sealed container/envelope for delivery.

For questions regarding the HUB Program or submission of an HSP, vendors may contact Greg Obar, Director of Operations, Business Support Services at Greg.Obar@untsystem.edu or Joey Saxon, Senior Director and HUB Coordinator at Joey.Saxon@untsystem.edu.
