

03.1100 Board Strategic Goals

03.1101 Establishing and Evaluating Goals. In addition to those goals established in System and Institution plans, the Board will establish principles which will be used to guide the performance of the work of the Board. In order to assure fulfillment of its objectives, the Board will conduct a review of its guiding principles every two years in even numbered years.

Adopted: November 21, 2008

Effective: November 21, 2008

Revised: May 17, 2012
