

11.100 Master Plan

11.101 Master Plan. Master plans shall set out a development strategy and vision in support of the mission of the System. They shall include an open space and landscape framework, building siting recommendations, architectural and landscape guidelines, circulation and parking recommendations, and a general implementation strategy. They shall also consider utility distribution and planning, energy and water efficiency and utilization, life-cycle renewal plans, site safety and security, and information technology infrastructure.

11.102 Responsibility. The Vice Chancellor for Strategic Infrastructure is responsible for developing and maintaining the master plan for each Institution and updating the plans on a regular basis. Each President shall participate personally or through a designee or committee in the development of the master plan.

11.103 Approval. Each master plan, and any updates to the plan, shall be submitted to the President, then to the Chancellor, for approval. Upon approval by the Chancellor, the master plan and any updates shall be submitted to the Board for approval.
