

UNT SYSTEM™

Office of the Chancellor

Dr. Michael R. Williams
Chancellor

The UNT System is built on a people-first, values-based culture that fosters an inclusive, welcoming, and safe environment for all. We champion our people over programs and prioritize investing in talent that lives our values, aligns with our shared vision, and believes in our greater purpose. The UNT System does not support discriminatory hiring practices, and we will always follow state and federal hiring and employment laws. Nevertheless, as Chancellor of the UNT System, I have requested a review of our current hiring policies to ensure an appropriate and consistent approach is being taken across our entire system. Furthermore, I have paused the implementation of any new DE&I policies, programs, and trainings until an evaluation is concluded. The UNT System will continue to prioritize our people – embracing all backgrounds through an equitable and inclusive approach – while ensuring all policies and programs align with our core values, purpose, and mission.
