# INTRODUCTION

The University of North Texas System (UNT System) includes the University of North Texas (UNT) in Denton, the University of North Texas at Dallas (UNT Dallas), the University of North Texas Health Science Center (HSC) in Fort Worth and UNT System Administration.

Like its component universities, the UNT System is committed to a clear, consistent brand identity and communications standard – both internal and external – as part of an overall coordinated, system-wide identity program. The guidelines outlined in these pages are designed to establish consistency in all forms of graphic branding and written communications for the UNT System.

The Office of Communications & Marketing offers several support and self-service resources that have been put in place to assist UNT System teams with their presentation, branding and messaging efforts.

All UNT System teams may request support from the Office of Communications & Marketing's service portal by visiting [untsystem.edu/brand](https://untsystem.edu/brand) and clicking on "Submit Support Ticket" in the left-hand menu to send a request via ServiceNow. Additionally, templates and logos may be downloaded by visiting the same URL and clicking "Template Library" in the left-hand menu.

The UNT System universities have their own brand identity and communications guidelines at the following links:

# LOGO USAGE

Dallas

The UNT System is proud to be the only public university system based exclusively in the Dallas–Fort Worth region. We are proud to be DFW’s university system, working closely with local civic leaders, corporations and elected officials to help sustain North Texas’ position as a leading global economy.

The UNT System’s primary logos convey our pride in both our state and region by featuring a “Mean Green” silhouette of our state and a Texas star marking Dallas–Fort Worth as our home.

Either logo is suitable for use in branding any official UNT System business, and may not be stretched, rearranged or altered in any way other than proportional scaling and appropriate use of color.

UNT System logos should always appear in UNT green, white and black when possible. The only acceptable variation is black and white, with no grayscale, for use in black and white printed documents.

These logos, as well as departmental lock-ups and templates may be downloaded from the UNT System Communications & Marketing Department at: [UNTSystem.edu/brand](https://UNTSystem.edu/brand) or by emailing [Communications@UNTSystem.edu](mailto:Communications@UNTSystem.edu).

## UNT SYSTEM PRIMARY LOGOS

---

## How to use the UNT System logos appropriately

---

The UNT System's primary vertical and horizontal logos may be used interchangeably, based on design. To help simplify design choices, the Office of Communications & Marketing has created templates for letterheads, business cards, PowerPoints and more, available by clicking "[Template Library](#)" in the left-hand margin at [UNTSystem.edu/brand](http://UNTSystem.edu/brand).

- A UNT System logo is required on all forms of communication for official UNT System business, whether for internal or external use. Exceptions to this requirement may only be granted by the Chancellor or Chief Communications Officer. This includes system-funded publications, as well as those that are externally funded. For example, if the system sponsors an event, an official UNT System logo should be included on a sponsor recognition page. If printing is funded by an outside entity, it still must comply with UNT System identity guidelines.
- A UNT System logo must appear on either the front or back of any multipage printed collateral piece (front is preferred) and must be visible on any single-page printed piece.
- UNT System logos may not be altered from their original form.
- UNT System logos may not be stretched, rearranged

Horizontal Logo

- or altered in any way other than proportional scaling and appropriate use of color.
- UNT System logos should always appear in UNT green, white and black when possible. The only acceptable variation is black and white, with no grayscale, for use in black and white printed documents.
  - A UNT System logo must appear at the top of all UNT System web sites with no scrolling necessary.
  - No additional text or imagery should touch or be superimposed onto UNT System logos, other than approved departmental lock-ups.

The Office of Communications & Marketing will provide each UNT System office or department with a professionally designed “lock-up” graphic that includes sub-branding. Examples of an approved sub-branded UNT System lock-up can be seen to the right.

If your team needs a sub-branded lock-up, please contact the Office of Communications & Marketing at [Communications@UNTSystem.edu](mailto:Communications@UNTSystem.edu) to make a request.

Upon approval, a professionally-designed, sub-branded lock-up will be created.

An area of clear space surrounding any UNT System lock-up should be used to maintain visual impact and legibility. Other graphic elements, such as typography, pictures, etc., should not infringe upon this clear space to ensure legibility.

No portion of a UNT System lock-up may be screened back.

# CHANCELLOR'S LOGO & SEAL USAGE

## Chancellor's Logo

The UNT System Chancellor's Logo was created by Chancellor Lesa Roe as an illustration of the UNT System as a unified, singular entity that is greater as a whole than the sum of its parts. This mark is used on official UNT System letterheads and in official materials from the Chancellor's Office.

## UNT System Seal

The official UNT System seal is the most significant, formal symbol belonging to the System. Per Regent's Rule 04.803, the seal is reserved for the highest and most formal communication and for ceremonial, commemorative and promissory purposes. The Office of Communications & Marketing is responsible for ensuring the appropriate use of the seal. Board of Regent approval is required for revision to the seal.

## The UNT System seal is reserved for the following items

- UNT System Board of Regents Board Briefings
- UNT System Board of Regents Board Orders
- Ceremonial documents, such as awards and proclamations
- Formal letters and contracts
- Commemorative objects created for limited distribution, and made out of durable high-quality materials
  - Examples include: plaques, medallions and commemorative crystal paperweights
- Permanent signage in limited usage, such as at the main entryway to the UNT System headquarters, but not on exterior building signs and not in less-formal settings
- Financial documents such as official system budgets, checks, system-issued securities and other financial papers, where it is essentially a mark of guarantee
- Approved UNT System electronic communication or presentation pieces.

## Business Cards

There are two approved UNT System business card templates. Content for business cards is arranged in a standardized format with exceptions considered on a case-by-case basis. ## Approved Templates

## Letterhead & Envelopes

The UNT System has developed a standard letterhead and envelope stationery format for use by all system departments and employees. The letterhead format has been thoughtfully arranged to allow a generous amount of open space.

Letterhead will not be pre-printed with additional information such as lists of names in a sidebar. However, this information can be set up and printed as part of your body copy. Content for letterhead is arranged in a standardized format with exceptions considered on a case-by-case basis. Electronic letterhead can be downloaded by clicking "[Template Library](#)" in the left-hand menu at [UNTSystem.edu/brand](http://UNTSystem.edu/brand).

Contact the Office of Communications & Marketing to request a PowerPoint template:

### Office of Communications & Marketing

[Communications@UNTSystem.edu](mailto:Communications@UNTSystem.edu)

### Additional PowerPoint style guidelines include:

- Presentations should not contain lengthy text narratives. Rather, points should be summarized in bullet format and augmented with charts, graphs, tables and photos.
- Any infographics created should be notated and follow guidelines embedded into the approved PowerPoint Template.
- Fonts within the approved template include Poppins, Georgia, Arial and Calibri. These fonts may not be changed or altered.

## Examples

## Email Signatures

---

Using consistent email signatures for @untsystem.edu email accounts is an opportunity to create brand alignment while relaying relevant contact information. In addition, consistent and clear email signatures present a professional appearance for conducting business through email. The UNT System has one preferred email signature style.

## Example

---

**First and Last Name**

Job Title  
Department Name  
Pronoun

---

University of North Texas System  
1901 Main Street • Dallas, TX 75201  
XXX.XXX.XXXX

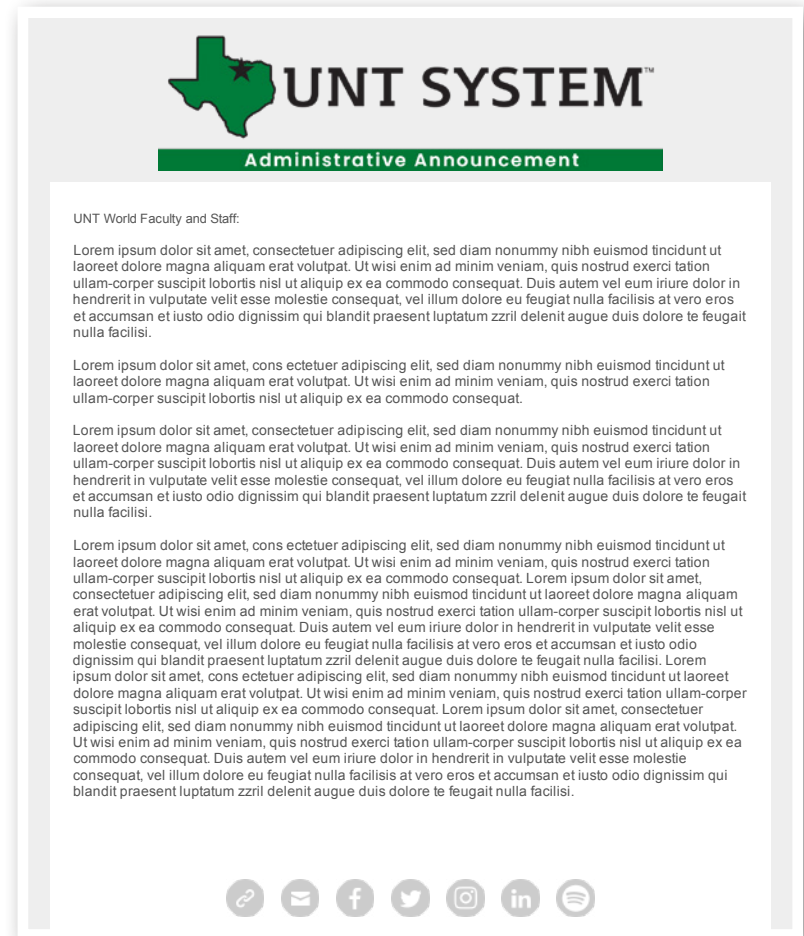

### The following are recommended guidelines for staff members using an @UNTSYSTEM email account:

- Less is more: Email signatures should be under 10 lines. Also, refrain from using quotes or epigraphs in business communications to keep the message professional and to avoid having others assume a particular statement represents the institution.
- Adding pronouns to email signatures creates space for people to feel safe when referring to them. We encourage people not to assume they know the pronouns of the people they're emailing with. Often, "guessing" someone's pronouns based off their name can lead to misgendering – the harmful act of using the wrong pronouns or gendered titles for someone.
- Font: Use Calibri, which is a standard font on both Mac and PCs and works in all email clients. Non-standard fonts and HTML may not translate across email clients.
- Color: Black is preferable and consistent with the brand color palette. The University of North Texas System color is the approved UNT green (Reference pg. 9).
- Phone numbers: Include the phone and/or fax numbers you use regularly in an effort to make it easy for others to reach you. Don't include a cell or fax number if it's not something you often use or want to share broadly.

# STYLE GUIDE

Dallas

In matters of editorial style, the prevailing standards of all approved UNT System documents and publications are those found in The Associated Press Stylebook (<https://www.apstylebook.com>). Key style items specific to the UNT System include:

- When referencing the UNT System in written copy, first reference should be spelled out as University of North Texas System. Upon second reference, UNT System or UNTS are acceptable. After first reference, the term “system” may also be used with lowercase “s”.
- **UNT World – For Internal Use Only**  
For internal communications only, the UNT System offices may use the inclusive term **UNT World** as a unifying mechanism when referencing the UNT System community as a whole – this includes students, faculty, staff and alumni of UNT, UNT Health Science Center, UNT Dallas and UNT System Administration. **The term UNT World should only be used for internal audiences, however, as it may cause brand confusion to external audiences.**
- UNT System Administration, also referred to as UNT System Headquarters, provides leadership, governance and services to UNT System component institutions in the areas of legal, finance, human resources, audit, academic affairs and student success, facilities, government relations and marketing/communications. On second reference, system administration is acceptable.
- Capitalize the “S” when referring to the University of North Texas System or UNT System. Use a lowercase “s” on subsequent references to the system.
- Capitalize any employee titles when attached to a proper name; for example, Chancellor Lesa Roe on first reference and Chancellor Roe on second reference.
- Capitalize Board of Regents and capitalize any regent titles when attached to a proper name; for example, Regent Laura Wright on first reference and Regent Wright on second reference. When referring to the board or regents in subsequent references, use lowercase letters.
- When referencing a UNT System university in written copy, first reference should be spelled out, for example: University of North Texas. Upon second reference, UNT is acceptable. Each UNT System member institution has its own individual style guidelines that can be accessed at:
