RFP #: RFP763-21-147235_BS

SUBMITTAL DUE DATE: April 2, 2021, 2:00 PM local time

TITLE: *MCAT/DAT Board Preparation Program*

DATE: March 26, 2020

Addendum #1

Please note the following clarifications are hereby made to the aforementioned RFQ.

This addendum is being issued to answer questions that have been submitted as follows:

Questions and Answers

Q. This bid includes very specific language and requirements to a competitor's offering. Our approach is different based on our learning science and instructional design philosophy as well as results from our long-term institutional partners. How will UNT HSC judge what we submit if it differs from these specific requirements?

A. **In those cases where your approach is different please explain your approach and why you believe it is superior.**

Q. The bid mentions both in-person and online MCAT classes. Could you clarify if summer 2021 10 week program will be offered in both formats? Will UNT HSC classes be back in person for summer 2021?

A. **Self-paced online for the Summer and a 10 week online program.**

Q. What is the current budget?

A. **Budget not available.**

Q. Can we have a sample of the current program schedule & configuration by topic and date?

A. **Provide the paper calendar attached.**

Q. What are the current outcomes of the program? I see online that the 2017 data has been shared, but is the more recent data from 2018, 2019 or 2020 available?

A. What data exactly do you need, are you asking for success rates related to entering professional programs?

Q. How many of the students in the program have taken an official MCAT, DAT, or GRE exam?
How many students have not taken an official exam at all?

A. For our Face to Face cohort a MCAT/DAT score is required for acceptance. Our online student do not need a MCAT/DAT score. We no longer offer the GRE course.

Q. What are the official dates of the 2021 10 week program?

A. June 1st – August 6th

Q. In section 5.4 under Pricing/Fees, pricing is only requested for MCAT board preparation study in-person students, MCAT board preparation study online students, and DAT board preparation student program. Would you like pricing listed for GRE Courses and MCAT Self-Paced preparation as well?

A. We don't need the GRE pricing, but pricing for the self-paced MCAT is needed.

-End of Addendum-

Issued by (signature)
