Research Expenditures by:

- **Texas Higher Education Coordinating Board (THECB) Survey**: Total amount of research expenditures as reported in the Consolidate Annual Financial Report (CAFR) by funding source and fiscal year.

- **National Science Foundation (NSF-HERD) Survey**: Total amount of research expenditures as reported in the NSF Higher Education Research and Development Survey (HERD) by funding source and fiscal year. (Allows inclusion of unreimbursed Facilities and Administration costs and cost share, thus usually much higher.)

- **Note**: The NSF survey allows institutions to calculate their unreimbursed indirect costs and cost share. THECB’s survey allows only tracked and indirect costs as reported in the institutions consolidated annual financial report. Institutions using the NSF calculation will have a considerably higher total in the Institution source of funding in NSF reports by comparison with the THECB reports. Also note the NSF-HERD lags in reporting by a year.

Fiscal Year 2019
Operating Budget

Presented by:
Michael Williams, UNTHSC, President
Geoffrey Scarpelli, UNTHSC, Vice President for Finance and Planning
August 9-10, 2018
Introduction

The budget process was based on our vision of **One University, built on values, defining and producing the providers of the future**. The institution’s priorities for FY 2019 demonstrate our commitment to this vision, which include:

- Funding key positions, including chairs and faculty, to maintain the accreditation standards for the growing UNT System College of Pharmacy
- Creating new support positions for the new Interdisciplinary Research and Education Building, home to the College of Pharmacy, the North Texas Eye Research Institute, and the TCU and UNTHSC School of Medicine
- Supporting additions and renovations to the BioSkills Laboratory, housed within the Center for Anatomical Sciences, which are integral to the medical education of UNTHSC students and the continuing education of health care practitioners across Texas
- Creating additional residency positions through partnerships with regional health care systems
- Preparing for the expected 2019 opening of the new School of Medicine
- Launching a research study that could possibly diagnose Alzheimer’s Disease via a simple blood test
- Being a Fort Worth leader in entrepreneurship through enhanced commercialization efforts, via funding research projects, developing new startup companies, as well as growing collaborative partnerships with other higher education institutions and private companies

By focusing on the vision, the budget process has allowed the institution to strategically align resources with key initiatives while conserving funds for the future.

**Key Drivers, Trends, & Initiatives**

**State appropriations** – State appropriations and benefit allocations remain flat to FY18.

**Net Tuition & Fees** – Budgeted 12% grown in SCH and increases to both FOCUS and traditional tuition plans ($5.1m est. increase). Also, new fees for FY19 generate additional revenue (est. $2m) for specifically allocated activities. COL budgeting 1.3% decrease in SCH due to students not retained but increase in revenue due to a nominal tuition increase (est. increase of $400k).

**Grants & Contracts** – Increased revenue in both PELL and TEXAS grants due to enrollment growth and eligibility. New awards estimated at $400k. Continuing projects including two Upward Bound (TRIO) programs estimated at $1.5m.

University added staff lines in Police Dept. and custodians to accommodate the opening of the SLSC. All other additional staff lines are being funded from Grant awards. Vacancies are being managed closely, including delays and eliminations, to capture efficiency and salary and benefit savings.

**Scholarships & Financial Aid** - increased PELL and TEXAS grant awards and internal scholarship offerings.

**Transfers** – increase is related to transfer to Non-current Funds for SLSC Tower gift.

**Maintenance & Operating** – across-the-board 5% reduction to departmental operating to capture savings. Re-allocation of M&O between individual lines to better align with where transactions will fall during the year. Increases in M&O expenses due to new fee and grant related activity.

UNT System FY2019 Capital Improvement Plan

UNT System Board of Regents

Presented by:

Cassandra Nash, Interim Vice Chancellor for Facilities Planning and Construction

August 9-10, 2018
Title: Approval of UNTS FY19 Capital Improvement Plan and Amending the FY18 Capital Improvement Plan

Background:

Institutions of the University of North Texas System have each prepared a five-year capital improvement plan as part of their overall planning process. These plans have been compiled in the UNTS FY2019 Capital Improvement Plan (CIP) which is presented for the Board’s action.

The CIP includes eight newly proposed projects to commence in FY2019 totalling $37.05 million; planned FY2019 expenditures for these projects total $7.84 million. The CIP includes a system-wide summary for these projects as well as separate summaries for each institution. In addition, for the FY2019 listed projects, the plan includes individual data sheets incorporating all pertinent data on project scope along with a project description and justification of project need; project budget; preliminary schedule; and identified funding sources.

The CIP also includes $621.41 million of previously approved projects that are currently in the design and construction phase; planned FY2019 expenditures for these projects total $156.15 million. This includes the following five amendments to the projects in the prior year (FY2018) CIP that requires new project approval:

- Project 16-2.82. Increase the Track and Field Stadium by $100,000 to accommodate unforeseen soil conditions that had resulted in the necessity of soil stabilization below the track surface
- Project 17-01-0004. Increase the project budget for USB MEP Renovation by $2.00 million to accommodate additional scope of necessary interior renovations to provide for the correction of additional mechanical issues identified in a recent study
- Project 17-01-0007. Life Science Building 4th Floor Laboratories Renovation has been removed from the CIP
- Project 17-01-0011. Hickory Hall Renovation has been removed from the CIP
- Project 17-03-0002. Medical Clinic has been removed from the CIP

In addition, the plan outlines $249.35 million in projects planned through FY2023, and allocates $17.50 million for future property purchases.

The Board approval of the CIP will provide authority to expend funds up to the total project cost for each project as specified. With approval of the Chancellor, additional funds may be expended in an amount up to 5% in excess of the total project cost, but the increased amount must be reported in an amendment to the CIP. Any larger changes would require action of the Board. Quarterly progress reporting to the Board will be provided by the Vice Chancellor for Facilities Planning and Construction.
Financial Analysis/History:

Funds for all the listed FY2019 projects have been allocated by the institutions and confirmed by signature on the plan document by the respective Presidents and CFOs. Funding plans have been reviewed by the Vice Chancellor for Finance.

Legal Review:

This item has been reviewed by General Counsel.

Schedule:

The planning, design, and/or construction of these projects are anticipated to begin in Fiscal Year 2019. A schedule specific to each project is detailed in the attached plan document.

Recommendation:

It is recommended that the Board of Regents authorize and approve the following Board Order.

James K. Davis
Associate Vice Chancellor for Facilities Planning and Development

DISCLOSURES

The performance information presented in charts, tables, or graphs represent simulated historical performance, which has been derived by retroactively applying The Frontier Engineer™ process in its most recently developed form with its most recently derived ten-year (forward-looking) capital market assumptions. Such historical return simulations (or back testing) was performed by simulating the combination of actual index returns for the historical period with a buy and hold strategy effective January 1, 1988 through the most recently available month-end date with simulated rebalancing occurring every month-end (with the reinvestment of dividends and capital gains from each index).

Back tested performance is hypothetical and does not reflect actual trades or actual performance. As with all models, there are inherent limitations which are derived from the retroactive application developed with the possible benefit of hindsight, including the risk that certain factors such as material economic and market conditions could have contributed to materially different (either higher or lower) performance results than those depicted, or that certain material factors may have been included or excluded from consideration. As such, actual results during the applicable back tested period would have been different than those depicted.

The Frontier Engineer™ process was initially developed in 2002, and was not offered by DSA as a strategy prior to that time. The output of a forward-looking model (or process) is a representation of allocation percentages among specific asset classes. Clients cannot invest directly in a target allocation, but rather, in underlying securities within designated asset classes. DSA may change its models from time to time, and may update its model as additional capital market assumption information becomes available or to increase or decrease relative weightings or emphasis on certain factors. Consequently, the Firm may choose to deviate from a stated model over time as the model itself is revised, which could have a materially positive or negative impact on performance.

During the period represented, DSA made numerous modelling changes including the periodic changes in (ten-year) forward-looking expected returns, expected volatilities, expected non-normal return distribution assumptions, as well as tracking-error assumptions and risk budgets. Furthermore, such assumptions can be modified client-by-client depending on certain preferences, priorities, constraints or unique considerations applicable to each client.

Other economic and market factors may have impacted DSA’s decision-making when using the model to manage client funds, including the list of approved asset classes by a client or client type as well as any client-directed or DSA investment committee investment constraints.

All investments bear the risk of loss, including the loss of principal. Past performance, actual or hypothetical, is no guarantee of future results.

Compliance

Audit

Something that gets in the way of doing your job

So what is Risk Management?

Higher Ed implementation

• Internal Audit researched peer institutions, risk frameworks and published materials to identify best practices and standards

• Insights gained from different approaches to:
  • Identification (stratify risks, use risk registers from peers)
  • Criteria for impact/likelihood (multiple dimensions)
  • Risk ranking (scales and definitions)
  • Tools, techniques, and programs used (U of California-RA Toolbox)

• Key insight is to not let the process overwhelm the action!
Where do we go from here?

• Opportunity to expand and standardize this approach across the system
  • Process (HSC lead)
  • People – Risk Committee functioning
  • Framework – Common language and understanding
• Input into Strategic Planning Process and Annual Budgeting

Realignment of UNT System Internal Audit in Response to IA Functional Review Suggestions

- **Financial Audits (CPAs)**
  - Targets contracts (ensuring payments received and disbursed are appropriate)
  - Auxiliaries (ensuring revenues, expenditures, and internal transfers are appropriate and operational processes are effective and efficient)
  - Research (sponsored projects, grants, and contracts are effectively administered, transactions are accurately recorded in the financial records, and documentation is sufficiently maintained)
  - Facilities Construction (review contract compliance and financial transactions for propriety)

- **Internal Controls (CIAs, Certified Internal Controls Auditor (CICAs), CISAs and CFEs)**
  - Organization functional realignments are examined to ensure controls are adequate, processes are effective and efficient, and services provided are delivered as anticipated
  - SOX Testing (highlight risk factors from an operational, process, and IT perspective and determine the adequacy of mitigating controls)

- **Grant Thornton CAFR Fieldwork Assistance (CPAs and CIAs)**
  - Perform audit test work and work paper development
  - Deliver cost savings through supplementing UNTS Finance staff
  - Provide management advisory services (training and subject matter expertise)

Summarized Risk Assessment Approach

• System and Institutional Compliance (IC) met with the cabinet members and other key leaders of UNT System Administration, UNT, and UNT Dallas to discuss and evaluate the current Compliance Risks being reported to executive management, the Audit Committee and the full UNT System Board of Regents.

• The FY19 risk assessment process included considerations in addition to just documenting management’s concerns via the interview process.

• Compliance Risks are mitigated via a partnership between senior management and their applicable Compliance team. A senior management official is designated as the responsible party for each Compliance high-risk.

• The action taken by this official’s area and the applicable Compliance team to address each Compliance Risk is reported to the Audit Committee and the full UNT System Board in section II of the UNT System Consolidated Quarterly Compliance report until the Compliance Risk has been addressed and is no longer considered a high-risk.

Questions?
The following information describes the risk assessment approach used and the compliance high-risks that have been identified by UNT System Administration, UNT, and UNT Dallas executive and senior management and their servicing compliance team, for FY19. The risk assessment approach for FY19 included the System or UNT Compliance Officer, or both, interviewing the cabinet members (and other key leaders) for UNT System Administration, UNT, and UNT Dallas. The risk assessment interview first discussed the current compliance risks being reported to executive management, the Audit Committee, and the full UNT System Board of Regents. That interview conversation expanded to include any additional concerns associated with current compliance risks and following-up on whether any new compliance risk concerns existed.

The FY19 risk assessment process included considerations in addition to management’s concerns, such as changes in regulatory requirements, any applicable regulatory violations, and reputational risk criteria. The risk assessment approach continues to use the current method for determining the priority of each risk using the low, medium, or high ranking format. The compliance team will continue to focus its risk identification and monitoring efforts exclusively on Compliance Risks. This risk assessment approach identified high-risks for each institution, categorized as Compliance Risks. Compliance Risks are mitigated via a partnership between senior management and their applicable Compliance office.

A senior management official is designated as the responsible party for each Compliance high-risk. The action taken by this official’s area and the applicable component Compliance office to address each Compliance Risk is reported to the UNT System Board of Regents in the quarterly consolidated Compliance report (within Section II) until the risk has been fully resolved. Once a Compliance Risk is fully resolved, each risk may then be referred to as a “controlled risk.” The term “controlled risk” warrants reduced monitoring by the applicable campus Compliance office from quarterly up to a period not to exceed two years, depending on the nature of the risk.

The terms High, Medium, and Low, represented by the letters “H”, “M”, and “L”, are used in the proposed lists of high-risks for these campuses and refers to the ranking of the risk. The first letter refers to the “impact” of the risk on the organization and its effect on the achievement of goals and objectives, should the risk occur. Impact takes into account the severity of adverse effects, the magnitude of a loss, or the potential opportunity cost should a risk be realized.

The second letter refers to the “likelihood” or the probability of the risk happening. A “HH” reflects a high impact and high likelihood (or probability) risk. A “HM” would reflect a high impact and medium likelihood risk. A “HL” reflects a high impact and low likelihood risk. The following information provides general guidance pertaining to impact and likelihood (or probability).

**Impact (Severity)**

- **High Impact** - If the risk occurs, the institution may not achieve its objective or to do so will require major damage control.

- **Medium Impact** - If the risk occurs, the institution will have to perform extra work or will be less efficient, but the institution can still achieve its objective.
- **Low Impact** – If the risk occurs, the institution is aware of it but it will have little or no effect upon operations or the achievement of the objective.

**Likelihood (Probability)**
- **High Probability** – It is likely to happen often.
- **Medium Probability** – It is likely to happen but not often.
- **Low Probability** – It is unlikely to happen at all.

### Methodology for Identifying Current High-Risks

**System Compliance and the UNT/UNT Dallas Institutional Compliance Office’s follow a** revised version of the Assurance Continuum Risk Management Model developed by David and Justina Crawford. Characteristics of this revised model are:

- Every employee from executive and senior management to first line employees have the opportunity to be involved in the process.
- The risk assessment included direct interviews with cabinet members and other key leaders.

The compliance team’s approach towards risk assessment was to adopt a risk-based approach as part of its risk assessment strategy because compliance resources are limited. Priorities are established to determine the appropriate allocation of compliance monitoring resources for these risks.

### Additional Strategies Used in High-Risk Identification

- Through direct discussion between the compliance team and Director-level management and below, and System Internal Audit.
- By comparison with common industry high-risks, internal research results from industry publications, electronic resources, and consultation with national compliance peers.
- By reviewing the work plan of the Office of Inspector General for the Department of Health and Human Services to determine if any particular area included in their plan needs to be addressed by any of these System Institutions.
- Through direct discussion with applicable compliance committees.

The Compliance risks listed in the following series of work plans will be monitored during FY19 by executive and senior level management and their respective Compliance offices. These work plans are presented to the UNT System Board of Regents for approval. Upon Board approval, the actions taken and the progress made towards addressing each risk will be reported to the Board on a quarterly basis within the UNT System Consolidated Compliance Report during the period of September 1, 2018 through August 31, 2019.
There are four (4) Compliance Risks that were re-confirmed during the FY19 risk assessment process. However, some additional concerns related to these current risks were identified and will be reviewed as well. These four (4) Compliance risks will continue to be managed as a result of meetings between the responsible party and System and/or Institutional Compliance. Progress towards addressing each risk will continue to be reported on a quarterly basis to the UNT System Board of Regents via the UNT System Consolidated Compliance Report until each risk is resolved.

The following risks have acceptable controls in place or are no longer considered a high-risk as a result of the FY19 risk assessment process. A “controlled risk” is a Compliance Risk that has been resolved and is then subject to monitoring for a period not to exceed two years from the date the risk is removed from the high risk list, depending on the nature of the risk. Quarterly reporting of these risks will terminate with the exception of any applicable close-out summary reviews that would document the final status of compliance with a particular risk.

Title: Approval to add the UNT Bachelor of Arts Degree Program with a Major in Urban Policy and Planning

Background:

The University of North Texas (UNT) is requesting to add a Bachelor of Arts (BA) degree program with a major in Urban Policy and Planning (UPP), effective August 26, 2019. This degree program will be housed in the Department of Public Administration under the College of Health and Public Service.

The proposed new BA in UPP is an educational degree based on the study of urban development, the history of cities, and the impact of the urban space on communities. The program will teach students to analyze the city and urban life through a variety of disciplinary lenses. The program is designed to teach students how urban problems arise, how they have been addressed, and how to plan cities of the future.

There is an established need for this program. The Bureau of Labor Statistics projects that the employment of urban and regional planners will increase by 6% between 2014 and 2024. Because of demographic changes and regional growth in the Dallas-Fort Worth Metropolitan region, the demand for planners in this area is anticipated to grow in order to address land-use planning, housing and transportation needs in municipalities, counties, and metropolitan regions.

According to the Planning Accreditation Board listed programs (2016), Texas currently has no accredited undergraduate programs in urban planning. According to an Educational Advisory Board’s report, Analysis of Employer Demand and Competitor Programs, "Employers in Texas post 72% of openings in the Southwest region for bachelor's-level urban planning professionals in the last 12 months." They note that 870 of the 1,217 postings came from Texas. This demand indicates a bachelor's level urban planning program at UNT aligns well with regional employer demand. There is currently a great opportunity for UNT to capitalize on the forthcoming increase in demand.

The proposed BA in Urban Policy and Planning will require a minimum of 120 hours.

Financial Analysis/History:

The costs and funding of the BA in UPP meet the Standards for Bachelor’s and Master’s Degree Programs established by the Coordinating Board Rules, Section 5.45, Criteria for New Baccalaureate and Master’s Degree Programs. The total expenses over the first five (5) years is estimated to be $981,750. The expenses include funding for two (2) temporary faculty, and maintenance and operating costs. UNT's anticipated revenue for the first five (5) years is $2,399,375. The provost will fund the two (2) temporary faculty positions for the first three (3)
years. If program growth merits it, the positions will convert to two (2) full-time positions in year four (4).

Title: Approval to Add the UNT Master of Business Administration Degree Program with a Major in Business Analytics

Background:

The University of North Texas (UNT) is requesting to add a Master of Business Administration (MBA) degree program with a major in Business Analytics, effective August 26, 2019.

This degree program will be housed in the Department of Information Technology and Decision Sciences within the College of Business (COB).

The proposed new MBA in Business Analytics would be a unique MBA offering in the state. While there is a number of Master of Science (MS) degrees in analytics, few incorporate business core foundations into the program which lead to the training of graduates that are not only poised to serve as business managers but also be field experts in analytics and the technologies of data science.

There is an established need for this program. The Bureau of Labor Statistics (2016) projects that jobs for graduates in this area are among the top 10 fastest growing occupations. The Society for Information Management’s annual IT Trends Study identified “Analytics/Business Intelligence/Big Data/Data Scientist” as the skill that is both one of the most difficult to find and most important to their organization. There is currently a great opportunity for UNT to fill this increase in demand.

Student interest in Business Analytics is high. The MS in Business Analytics enrollment has doubled in the last few years, however there is a pool of students who would prefer an MBA. The addition of this new MBA is expected to attract those students seeking the status of an MBA in Business Analytics.

The proposed MBA in Business Analytics will require a minimum of 36 hours. Of these 36 hours, 30 hours are required courses and 6 hours are prescribed electives.

Financial Analysis/History:

The costs and funding of the MBA in Business Analytics meet the Standards for Bachelor’s and Master’s Degree Programs established by the Coordinating Board Rules, Section 5.45, Criteria for New Baccalaureate and Master’s Degree Programs. Because the program is currently offered as a concentration, no new funds are required.

Title: Approval to add the UNT Doctor of Philosophy Degree Program with a Major in Consumer Experience Management

Background:

The University of North Texas (UNT) is requesting to add a Doctor of Philosophy degree program with a major in Consumer Experience Management (CEXM), effective August 26, 2019. This degree program will be housed in the Department of Merchandising and Digital Retailing under the College of Merchandising, Hospitality, and Tourism (CMHT).

The proposed PhD in CEXM will prepare professionals for university research, teaching, and service, and for corporate leadership. UNT is pro-active in addressing the emergence of the consumer experience as the single greatest driver of business success in the 21st century. Already a trailblazer in this emerging field, UNT is setting the standard for CEXM programs and research. The PhD in CEXM will be the first of its kind in Texas and one of only a handful of related doctoral degrees in the United States.

There is an established need for this program. The Bureau of Labor Statistics Career Outlook (2016) identifies professional and business services, with its 1.27 million open positions, as the top U.S. industry seeking employees, and many of these positions require advanced degrees. Similarly, evidence for advanced professional and business services degrees is supported by the Texas Workforce Commission’s prediction that employment in this sector will increase 26% by 2024. These positions include CEXM professionals under classifications such as general and operations managers (anticipated growth 27%) and management analysts, (anticipated growth 32%).

In addition to projections, there is strong industry support for this program. National industry leaders from corporations including Lowes, Crate & Barrel, and Pier 1 imports, sent letters attesting to the need for a PhD in CEXM.

There is also student interest in this program, as many graduates of CMHT Master’s programs enter doctoral programs. Five (5) recent graduates, who have applied to doctoral programs at other institutions, stated they would have applied to a UNT CEXM doctoral program had it been available. Current Master’s students have also expressed interest in the new degree.

The proposed PhD in CEXM will require a minimum of 45 hours.

Financial Analysis/History:

The costs and funding of the PhD degree program with a major in CEXM meet Coordinating Board Rules, Section 5.46, Criteria for New Doctoral Programs. The total expenses over the first five (5) years is estimated to be $1,619,269. The expenses include funding for two (2) new faculty hires in
year 3, graduate assistants, and clerical staff. The department will reallocate funds for the majority of expenses for the first five (5) years. UNT’s anticipated revenue for the first five (5) years is $2,735,729.

Title: Approval of UNT Dallas Faculty Development Leave for 2018-19 Academic Year

Background:

In accordance with UNT Dallas Policy 6.014, Faculty Development Leave, “Faculty development leave is authorized for the primary purpose of increasing value of the recipient’s sustained contribution to the University by providing the individual an opportunity for professional growth. Such development leave is not to be understood as deferred compensation, nor anticipated simply on the basis of longevity at the University alone. Development leave may be granted, upon application, for study, research, writing, filed observations or other suitable purposes.”

The purpose of Faculty Development Leave at the University of North Texas at Dallas is to facilitate the faculty’s professional growth and development and may be approved for purposes of research scholarly and creative activity, and professional renewal, service, or any other suitable purpose.

Dr. Sura Rath, Professor of English, has applied for and been awarded a 2018-19 Fulbright U.S. Scholar grant, specifically, a Fulbright-Nehru Academic and Professional Excellence award. His Fulbright research/teaching affiliation will be with Berhampur University, a two-year post-graduate institution offering M.A., M.Phil., and Ph.D. degrees in India.

During this leave, Dr. Rath will complete research and work toward completion of his book project titled V.S. Naipaul: The Exile’s Return. A Critical Study of Naipaul’s India Trilogy. Dr. Rath began this work in 2010 when he joined UNT Dallas as Chair of English and Director of the University College from 2010-2012 and then as Interim Dean of the College of Liberal Arts and Sciences from 2013-14. He reports his project addresses topics not currently covered in the critical studies of Naipaul’s work. Specifically, he will look at the author’s relationship with his mother as a child, as well as ties to his homeland. He will examine these aspects of Naipaul’s life as parallel threads of experience.

Dr. Rath’s proposed book will add to the critical literature related to Naipaul and his writing and he and his dean believe this work will also enhance his teaching at UNT Dallas.

Financial Analysis/History:

The cost incurred as a result of the recommended faculty development leave will be covered by existing budgeted funds and will total approximately $53,630.00. The total estimate for the cost incurred as a result of the recommended faculty development leave was calculated from replacement costs submitted by his School as well as one-half of faculty salary to cover spring 2019.

Title: Adoption of the 2018 Campus Master Plan for the University of North Texas Health Science Center

Background:
Representatives of the UNT Health Science Center (HSC) faculty, staff, students, and System, as well as the Fort Worth community, participated in the development of a new campus master plan for HSC facilitated by the professional planning firm, Ayers Saint Gross. The Board of Regents was briefed on progress of the planning update on May 17, 2018.

The last master plan was completed and approved in 2007. However, since its adoption, significant changes in context have occurred, including: the completion of major construction projects, the acquisition of the Ambulatory Surgical Center, the development of a new strategic plan for the university, and the establishment of the UNT System College of Pharmacy and the School of Medicine. The campus has also seen its enrollment grow from 1,171 in 2007 to the current enrollment of 2,270. These major changes necessitated the development of a campus master plan with the goal of implementing a new vision for future campus development. The specific objectives established for the master plan include:

- Optimize alignment of existing programs and facilities
- Develop facilities that support dynamic instruction and active learning
- Embrace the One University vision to guide the development of the physical campus environment
- Create a campus environment that attracts and retains top quality students, faculty, and staff
- Accommodate the long term requirements for academic and research growth on the HSC campus
- Reinforce the development of student resource and support spaces.

The new master plan addressed these objectives and will serve as a guide to the future development of the University for many years. Regent Rule 11.103 requires Board of Regent approval of campus master plans.

Financial Analysis/History:
The master plan will be incorporated into Strategic/Long-Range Planning, the result of which will then impact future capital plans and budgets.

Title: Amendment to Regents Rule 10.300, Debt Management

Background:

University of North Texas System Regents Rule 10.300, Section 10.306 sets forth the procedures regarding the use of commercial paper “CP” or extendible commercial paper “ECP” as interim financing including the limitation of the maximum amount of CP and ECP combined that could mature on any one day to $25,000,000 and limit the maximum amount of CP and ECP combined that could mature on any one week to $50,000,000.

The change proposed to this section allows for an exception to the limit of the amount of commercial paper that can mature on any one day or week when the System has identified funds, including, but not limited to, proceeds from refunding bonds issued to convert interim financing commercial paper notes into long-term obligations, to extinguish commercial paper notes.

Financial Analysis/History:

The proposed changes to Regents Rule 10.300, Debt Management will provide for efficient bond closings and streamline the extinguishments of commercial paper notes.

Legal Review:

This item has been reviewed by General Counsel.

Schedule:

Effective upon approval by the Board of Regents.
Recommendation:

It is recommended that the Board of Regents approve the revised University of North Texas System Regents Rule 10.300, Debt Management at attached.

Recommended By: James Mauldin
Associate Vice Chancellor for Treasury

Attachments Filed Electronically:

Title: Amendment to Regents Rule 10.300, Debt Management

At an official meeting of the Board of Regents of the University of North Texas System properly posted and held on August 9-10, 2018, pursuant to a motion made by Regent and seconded by Regent, the Board approved the motion presented below:

Whereas, University of North Texas System Regents Rule 10.300, Debt Management delegates to the Vice Chancellor for Finance the authority to issue short-term indebtedness and establishes an aggregate principal amount of commercial paper that may be outstanding;

Whereas, Regents Rule 10.306 currently limits the aggregate amount of commercial paper “CP” and extendible commercial paper “ECP” that matures on any one day to $25,000,000 and limits the aggregate amount of CP and ECP that matures on any one week to $50,000,000; and

Whereas, an exception to these maturity limits – for circumstances when the System has identified funds including, but not limited to, proceeds of refunding bonds issued to convert interim financing commercial paper notes into long-term obligations, to extinguish outstanding commercial paper notes – is in the best interests of the System.

Now, Therefore, The Board of Regents authorizes and approves the following:

1. The attached amendment to Regents Rule 10.300, Debt Management

10.300 Debt Management

10.301 Incurring Debt. The System, the System Administration, and the Institutions shall issue or incur debt (taxable or tax exempt) in accordance with applicable federal and state law and pursuant to actions taken by the Board to authorize the issuance or incurrence of debt. The System, the System Administration, and the Institutions shall obtain an opinion from bond counsel that the issue complies with applicable laws and regulations and receive requisite approval from all necessary state agencies before issuing or incurring any long-term or short-term debt. If a project requires Texas Higher Education Coordinating Board approval, no debt proceeds will be allocated to that project prior to receiving such approval.

10.302 Goals. The System will manage its debt within its overall financial profile as follows:

1. Identify and prioritize projects for debt financing that are critical to the mission and advance the strategic objectives of the System and allocate the System’s debt capacity to these projects.

2. Align the financial position of the System to optimize its credit profile in conjunction with its strategic plan to obtain favorable cost of capital, flexibility, and terms.

10.303 Project Prioritization. The System recognizes that debt as a funding source is a limited resource. Using debt as a funding source for capital projects is made in the context of the missions of the System and the Institutions – and considering other funding options such as state sources, philanthropy, and self-funding. Allocation and expenditure of replacement proceeds, if any, resulting from tax credits associated with a debt financed project shall require Board approval.

10.304 Debt Capacity and Affordability.

1. In evaluating its debt capacity and affordability, the Vice Chancellor for Finance will consider current debt levels, future debt financings, and overall financial strength of the System and the Institutions. Debt capacity considers the financial resources and the ability to leverage financial resources to finance certain capital projects. Debt affordability considers the ability to pay the debt service on an annual basis through operating budgets and identified revenue streams.
2. The Vice Chancellor for Finance monitors and reports key financial indicators to the Board of Regents at least annually and shall benchmark these financial ratios to external sources, such as medians for the “Aa2/AA” category and peer higher education institutions.

3. The System evaluates its performance against these measures with a long-term view and will monitor the trend of the ratios over time. The System recognizes that financing a strategically important project may cause one or more ratios to perform poorly against the trend, median, or peer comparison in the short-term. Accordingly, the System takes a long term view to evaluate the project. Based on changing market conditions, the Vice Chancellor for Finance may change the financial indicators or ratios as related to the financial strength of the System.

4. The Vice Chancellor for Finance will evaluate alternative financings to determine the impact on the System’s credit profile.

10.305 Debt Financial Ratios. In connection with this policy the ratios below will be monitored on at least an annual basis in conjunction with the adoption of the annual capital improvement plan – at both the System and component level – and reported to the Board of Regents. These ratios will be taken into consideration when developing long-term capital plans and when authorizing the issuance of additional debt. While these primary ratios below will be analyzed, other ratios may also be evaluated. The Vice Chancellor for Finance will evaluate the impact of proposed amendments to the capital improvement plan and report any anticipated material changes to the below ratios.

1. **Spendable Cash and Investments to Debt**: This ratio measures the availability of spendable cash and investments to debt and is a medium to long-term indicator of financial health based on the strength of the balance sheet.

2. **Debt Service to Adjusted Operating Expenses**: This ratio measures the percentage of expenses that support debt service and is an indicator of the System’s operating flexibility to finance existing obligations and provide funding for new initiatives.

3. **Debt Service Coverage Ratio**: This ratio measures the System’s ability to cover debt service requirements with operating revenues and is an indicator of the strength of the operating incomes ability to meet its annual obligations.

4. **Spendable Cash and Investments to Operating Expenses**: This ratio measures the ability to cover operating expenses with spendable cash and investments and is an indicator of the financial strength of the
System. Also, it provides insight into the amount of flexibility the System has to invest in new initiatives from existing resources.

10.306 Short-term Indebtedness.

1. The Board delegates to the Vice Chancellor for Finance, subject to Section 10.312 below, the authority to issue short-term indebtedness of up to $125,000,000 in Revenue Financing System (“RFS”) commercial paper, which may be issued as traditional commercial paper (“CP”) or as extendible commercial paper (“ECP”). The aggregate principal amount of CP at any one time outstanding shall not exceed: (a) the aggregate principal amount established by resolution of the Board; (b) liquidity requirements approved by the Board; and (c) the sum of self-liquidity provided by the System and liquidity support obtained with the approval of the Board from a financial institution. The aggregate principal amount of ECP at any one time outstanding shall not exceed: (a) the aggregate principal amount established by resolution of the Board; and (b) parameters approved by the Board to service extendible rate debt payments. The maximum combined amount of CP and ECP maturing on any one day is $25,000,000 and the maximum combined amount of CP and ECP maturing in the same week is $50,000,000; except for circumstances when the System has identified funds, including, but not limited to, proceeds of refunding bonds issued to convert interim financing commercial paper notes into long-term obligations, to extinguish commercial paper notes.

2. The Vice Chancellor for Finance shall be responsible for identifying funds held by the System for the purpose of providing self-liquidity in support of CP notes, the investment of such funds, and the administration and development of a policy with respect to the management of the self-liquidity program.

3. Short-term debt may be used to purchase equipment, to provide interim financing for capital projects (including land acquisition) during construction, to pay for issuance costs, and to provide continued financing after construction has been completed.

4. The Vice Chancellor for Finance shall be responsible for monitoring the issuance of RFS commercial paper, including the rollover of outstanding CP and ECP notes and the payment of any extendible interest rate obligations with respect to ECP. All conversions of CP and ECP notes to long-term indebtedness shall be approved by the Board by adoption of a resolution authorizing the issuance of long-term indebtedness to refinance CP and ECP notes.

10.307 Use of Commercial Paper after Completion of Construction.
1. For projects that utilize CP or ECP as interim financing and are expected to be completed before or during the next fiscal year, Institutions shall budget for projected debt service expenses assuming that the CP or ECP shall be fixed into long-term bonds in the next fiscal year, at prevailing rates as provided by System Treasury staff. If CP or ECP issued to provide interim financing for a project is to remain outstanding beyond the fiscal year end that construction of the project is completed, the System Administration or Institution shall submit a written proposal and financing plan to the Vice Chancellor for Finance within a reasonable period of time, but no later than 90 days, prior to the expected date of completion of the project. Approval is required from the Vice Chancellor for Finance for CP or ECP to remain outstanding after construction of a project is completed. CP or ECP may remain outstanding for a period no greater than two years after the completion of a project, unless the Board, in its sole determination, permits CP or ECP to remain outstanding beyond the two-year period.

2. Any fiscal year interest savings realized by financing a project after construction with CP or ECP, as compared to projected interest rate payments if the financing had been converted to fixed long-term bonds, shall be used to reduce the project’s outstanding CP or ECP principal balance unless otherwise approved by the Board or the Vice Chancellor for Finance.

10.308 **Bond Approval.** The Vice Chancellor for Finance has the authority to approve the pricing of bond and note issues. The Vice Chancellor for Finance is responsible for assuring compliance with all bond covenants and that all necessary approvals, certifications, and authorizations are fully documented and made available to the Board and to all bondholders.

10.309 **Debt Service.** The Vice Chancellor for Finance is responsible for assuring that all debt service payments are made in a timely manner to the appropriate paying agents. The President is responsible for debt service funding if an Institution is participating in the RFS program.

10.310 **Texas Higher Education Coordinating Board Approval.** The Vice Chancellor for Finance shall be responsible for maintaining a record of the approvals of projects by the Texas Higher Education Coordinating Board, when applicable, that are financed or to be financed with the proceeds of debt, including approvals identifying the proposed funding sources and amounts authorized for approved projects.

10.311 **Reimbursement Certificates.** The Vice Chancellor for Finance is authorized and directed to execute Reimbursement Certificates, as required by U.S. Treasury Regulations § 1.150-2, in connection with projects the Board
10.312 Financing of Capital Items with Commercial Paper. Financing of any capital item through the use of RFS commercial paper must be approved by the Board. The Vice Chancellor for Finance shall be responsible for submitting any required notice to the Texas Bond Review Board.

10.313 Compliance. The System receives financial benefits from the Revenue Financing System and the issuance of tax-exempt RFS commercial paper and bonds to achieve the System’s tax-exempt purposes. The Board recognizes that legal obligations must be met to ensure good stewardship of this tax-exempt benefit. The System shall adopt appropriate regulation(s) and procedures related to tax-exempt RFS commercial paper and bond compliance, including issuance, expenditure of proceeds, and post-issuance compliance consistent with the Internal Revenue Code, Treasury Regulations, these Regents Rules, and bond documents.

Adopted: November 15, 2007
Effective: November 15, 2007
Revised: May 8, 2008; February 20, 2014, November 18, 2016, August 18, 2017, May 18, 2018
10.300 Debt Management

10.301 Incurring Debt. The System, the System Administration, and the Institutions shall issue or incur debt (taxable or tax exempt) in accordance with applicable federal and state law and pursuant to actions taken by the Board to authorize the issuance or incurrence of debt. The System, the System Administration, and the Institutions shall obtain an opinion from bond counsel that the issue complies with applicable laws and regulations and receive requisite approval from all necessary state agencies before issuing or incurring any long-term or short-term debt. If a project requires Texas Higher Education Coordinating Board approval, no debt proceeds will be allocated to that project prior to receiving such approval.

10.302 Goals. The System will manage its debt within its overall financial profile as follows:

1. Identify and prioritize projects for debt financing that are critical to the mission and advance the strategic objectives of the System and allocate the System’s debt capacity to these projects.

2. Align the financial position of the System to optimize its credit profile in conjunction with its strategic plan to obtain favorable cost of capital, flexibility, and terms.

10.303 Project Prioritization. The System recognizes that debt as a funding source is a limited resource. Using debt as a funding source for capital projects is made in the context of the missions of the System and the Institutions – and considering other funding options such as state sources, philanthropy, and self-funding. Allocation and expenditure of replacement proceeds, if any, resulting from tax credits associated with a debt financed project shall require Board approval.

10.304 Debt Capacity and Affordability.

1. In evaluating its debt capacity and affordability, the Vice Chancellor for Finance will consider current debt levels, future debt financings, and overall financial strength of the System and the Institutions. Debt capacity considers the financial resources and the ability to leverage financial resources to finance certain capital projects. Debt affordability considers the ability to pay the debt service on an annual basis through operating budgets and identified revenue streams.
2. The Vice Chancellor for Finance monitors and reports key financial indicators to the Board of Regents at least annually and shall benchmark these financial ratios to external sources, such as medians for the “Aa2/AA” category and peer higher education institutions.

3. The System evaluates its performance against these measures with a long-term view and will monitor the trend of the ratios over time. The System recognizes that financing a strategically important project may cause one or more ratios to perform poorly against the trend, median, or peer comparison in the short-term. Accordingly, the System takes a long-term view to evaluate the project. Based on changing market conditions, the Vice Chancellor for Finance may change the financial indicators or ratios as related to the financial strength of the System.

4. The Vice Chancellor for Finance will evaluate alternative financings to determine the impact on the System’s credit profile.

10.305 Debt Financial Ratios. In connection with this policy the ratios below will be monitored on at least an annual basis in conjunction with the adoption of the annual capital improvement plan – at both the System and component level – and reported to the Board of Regents. These ratios will be taken into consideration when developing long-term capital plans and when authorizing the issuance of additional debt. While these primary ratios below will be analyzed, other ratios may also be evaluated. The Vice Chancellor for Finance will evaluate the impact of proposed amendments to the capital improvement plan and report any anticipated material changes to the below ratios.

1. **Spendable Cash and Investments to Debt**: This ratio measures the availability of spendable cash and investments to debt and is a medium to long-term indicator of financial health based on the strength of the balance sheet.

2. **Debt Service to Adjusted Operating Expenses**: This ratio measures the percentage of expenses that support debt service and is an indicator of the System’s operating flexibility to finance existing obligations and provide funding for new initiatives.

3. **Debt Service Coverage Ratio**: This ratio measures the System’s ability to cover debt service requirements with operating revenues and is an indicator of the strength of the operating incomes ability to meet its annual obligations.

4. **Spendable Cash and Investments to Operating Expenses**: This ratio measures the ability to cover operating expenses with spendable cash and investments and is an indicator of the financial strength of the
System. Also, it provides insight into the amount of flexibility the System has to invest in new initiatives from existing resources.

10.306 Short-term Indebtedness.

1. The Board delegates to the Vice Chancellor for Finance, subject to Section 10.312 below, the authority to issue short-term indebtedness of up to $125,000,000 in Revenue Financing System (“RFS”) commercial paper, which may be issued as traditional commercial paper (“CP”) or as extendible commercial paper (“ECP”). The aggregate principal amount of CP at any one time outstanding shall not exceed: (a) the aggregate principal amount established by resolution of the Board; (b) liquidity requirements approved by the Board; and (c) the sum of self-liquidity provided by the System and liquidity support obtained with the approval of the Board from a financial institution. The aggregate principal amount of ECP at any one time outstanding shall not exceed: (a) the aggregate principal amount established by resolution of the Board; and (b) parameters approved by the Board to service extendible rate debt payments. The maximum combined amount of CP and ECP maturing on any one day is $25,000,000 and the maximum combined amount of CP and ECP maturing in the same week is $50,000,000; except for circumstances when the System has identified funds including, but not limited to, proceeds of refunding bonds issued to convert interim financing commercial paper notes into long-term obligations, to extinguish commercial paper notes.

2. The Vice Chancellor for Finance shall be responsible for identifying funds held by the System for the purpose of providing self-liquidity in support of CP notes, the investment of such funds, and the administration and development of a policy with respect to the management of the self-liquidity program.

3. Short-term debt may be used to purchase equipment, to provide interim financing for capital projects (including land acquisition) during construction, to pay for issuance costs, and to provide continued financing after construction has been completed.

4. The Vice Chancellor for Finance shall be responsible for monitoring the issuance of RFS commercial paper, including the rollover of outstanding CP and ECP notes and the payment of any extendible interest rate obligations with respect to ECP. All conversions of CP and ECP notes to long-term indebtedness shall be approved by the Board by adoption of a resolution authorizing the issuance of long-term indebtedness to refinance CP and ECP notes.

10.307 Use of Commercial Paper after Completion of Construction.
1. For projects that utilize CP or ECP as interim financing and are expected to be completed before or during the next fiscal year, Institutions shall budget for projected debt service expenses assuming that the CP or ECP shall be fixed into long-term bonds in the next fiscal year, at prevailing rates as provided by System Treasury staff. If CP or ECP issued to provide interim financing for a project is to remain outstanding beyond the fiscal year end that construction of the project is completed, the System Administration or Institution shall submit a written proposal and financing plan to the Vice Chancellor for Finance within a reasonable period of time, but no later than 90 days, prior to the expected date of completion of the project. Approval is required from the Vice Chancellor for Finance for CP or ECP to remain outstanding after construction of a project is completed. CP or ECP may remain outstanding for a period no greater than two years after the completion of a project, unless the Board, in its sole determination, permits CP or ECP to remain outstanding beyond the two-year period.

2. Any fiscal year interest savings realized by financing a project after construction with CP or ECP, as compared to projected interest rate payments if the financing had been converted to fixed long-term bonds, shall be used to reduce the project’s outstanding CP or ECP principal balance unless otherwise approved by the Board or the Vice Chancellor for Finance.

10.308 **Bond Approval.** The Vice Chancellor for Finance has the authority to approve the pricing of bond and note issues. The Vice Chancellor for Finance is responsible for assuring compliance with all bond covenants and that all necessary approvals, certifications, and authorizations are fully documented and made available to the Board and to all bondholders.

10.309 **Debt Service.** The Vice Chancellor for Finance is responsible for assuring that all debt service payments are made in a timely manner to the appropriate paying agents. The President is responsible for debt service funding if an Institution is participating in the RFS program.

10.310 **Texas Higher Education Coordinating Board Approval.** The Vice Chancellor for Finance shall be responsible for maintaining a record of the approvals of projects by the Texas Higher Education Coordinating Board, when applicable, that are financed or to be financed with the proceeds of debt, including approvals identifying the proposed funding sources and amounts authorized for approved projects.

10.311 **Reimbursement Certificates.** The Vice Chancellor for Finance is authorized and directed to execute Reimbursement Certificates, as required by U.S. Treasury Regulations § 1.150-2, in connection with projects the Board
intends to debt finance.

10.312 Financing of Capital Items with Commercial Paper. Financing of any capital item through the use of RFS commercial paper must be approved by the Board. The Vice Chancellor for Finance shall be responsible for submitting any required notice to the Texas Bond Review Board.

10.313 Compliance. The System receives financial benefits from the Revenue Financing System and the issuance of tax-exempt RFS commercial paper and bonds to achieve the System’s tax-exempt purposes. The Board recognizes that legal obligations must be met to ensure good stewardship of this tax-exempt benefit. The System shall adopt appropriate regulation(s) and procedures related to tax-exempt RFS commercial paper and bond compliance, including issuance, expenditure of proceeds, and post-issuance compliance consistent with the Internal Revenue Code, Treasury Regulations, these Regents Rules, and bond documents.

Title: Twenty-Seventh Supplemental Resolution to the Master Resolution Authorizing the Issuance, Sale and Delivery of Board of Regents of the University of North Texas System Revenue Financing System Bonds, in One or More Series; and Approving and Authorizing Instruments and Procedures Relating Thereto

Background:

The University of North Texas System has many current capital projects. In order to facilitate the cash needs of the projects, the System will need to issue long-term debt from time to time to either prefund certain projects or to refund interim financing. In addition, as market conditions allow, outstanding long-term bonds may be refunded to achieve debt service savings in future years.

Adoption of the attached resolution will delegate authority to the Vice Chancellor for Finance to issue long-term debt within defined parameters, in one or more series, in order to achieve the desired goals stated above. Key parameters in the resolution include $251 million as the maximum amount of debt and a minimum level of net present value savings for refunding long-term debt of 3%. Delegating the authority provides the Vice Chancellor for Finance the flexibility to move quickly if market circumstances dictate the necessity to do so.

Financial Analysis/History:

Depending on market conditions the System may issue bonds to refund a part or all of the following debt, and new money for approved projects in the Capital Improvement Plan, during the fiscal year 2019.

Title: Twenty-Seventh Supplemental Resolution to the Master Resolution Authorizing the Issuance, Sale and Delivery of Board of Regents of the University of North Texas System Revenue Financing System Bonds, in One or More Series; and Approving and Authorizing Instruments and Procedures Relating Thereto

At an official meeting of the Board of Regents of the University of North Texas System properly posted and held on August 9-10 2018, pursuant to a motion made by Regent and seconded by Regent, the Board approved the motion presented below:

Whereas, the University of North Texas System wishes to proceed with selling bonds to provide long term financing for projects approved by the Board of Regents of the UNT System, and

Whereas, the University of North Texas System wishes to proceed with selling bonds to refinance outstanding commercial paper notes into long term financing, and

Whereas, the University of North Texas System wishes to consider refinancing all or a portion of the outstanding Series 2010, 2012A, 2012B, and 2015C Bonds using proceeds from Bonds issued under the Revenue Financing System, and

Whereas, the resolution would authorize the Vice Chancellor for Finance for the University of North Texas System to negotiate (whether by competitive sales, by negotiated sales, or both) the sale of the Bonds for a period ending August 30, 2019 and in an amount not to exceed $251,000,000, which includes (i) bonds underwriter fees, (ii) capitalized interest, and (iii) other issuance costs, and

Whereas, the resolution would authorize the Vice Chancellor for Finance for the University of North Texas System to sell the Bonds in one or more series, to enable the UNT System to maximize its opportunities to sell the Bonds in the municipal debt markets, and

Whereas the resolution would authorize that the commercial paper plus interest payment and fees would be refunded by the issuance of the bonds and other proceeds.

Now, Therefore, The Board of Regents authorizes and approves the following:

1. The attached Twenty-Seventh Supplemental Resolution to the Master Resolution authorizing the issuance, sale, and delivery of Board of Regents of the University of North Texas System Revenue Financing System Bonds, in one or more series; and approving and authorizing instruments and procedures relating thereto.

WHEREAS, the bonds authorized to be issued by this Twenty-Seventh Supplement (the "Bonds") are to be issued and delivered under authority of applicable provisions of Chapter 1207, Texas Government Code.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF REGENTS OF THE UNIVERSITY OF NORTH TEXAS SYSTEM THAT:

Section 1. DEFINITIONS. In addition to the definitions set forth in the preamble of this Twenty-Seventh Supplement, the terms used in this Twenty-Seventh Supplement (except in the FORM OF BONDS) and not otherwise defined shall have the meanings given in the Master Resolution or in Exhibit "A" to this Twenty-Seventh Supplement attached hereto and made a part hereof.

Section 2. AMOUNT, PURPOSE, AND DESIGNATION OF THE BONDS. (a) Amount and Designation of Bonds. The "BOARD OF REGENTS OF THE UNIVERSITY OF NORTH TEXAS SYSTEM REVENUE FINANCING SYSTEM REFUNDING BONDS", are hereby authorized to be issued and delivered, in one or more series, in an aggregate principal amount not to exceed $251,000,000 FOR THE PURPOSE OF (i) REFUNDING THE REFUNDABLE BONDS, (ii) REFUNDING ANY OUTSTANDING COMMERCIAL PAPER NOTES, AND (iii) PAYING THE COSTS OF ISSUANCE RELATED TO THE SALE OF THE BONDS.

(b) Refunded Bonds. The Bonds hereby authorized to be issued, in one or more series, by the Board for the purposes described in clause (i) of subsection (a) of this Section are being issued under authority of Chapter 1207, Texas Government Code, to refund the Refunded Bonds, which constitutes a public purpose. The refunding of the Refunded Bonds shall be accomplished in a manner that will result in (i) for Refunded Bonds retired, through either scheduled maturity or prior
redemption, within ninety (90) days of the delivery of Bonds issued to refund such Refunded Bonds, a positive gross savings being achieved, or (ii) for Refunded Bonds retired, through either scheduled maturity or prior redemption, greater than ninety (90) days of the delivery of Bonds issued to refund such Refunded Bonds, a target net present value savings for the transaction of at least three percent (3.00%) and a positive gross savings being achieved.

(c) Refunded Commercial Paper Notes. The Bonds hereby authorized to be issued by the Board for the purpose described in clause (i) of subsection (a) of this Section are being issued under authority of Chapter 1207, Texas Government Code, to refund the Refunded Commercial Paper Notes. The Refunded Commercial Paper Notes are being refunded to convert interim financing into long-term fixed rate financing, as contemplated by the Board in the operation of the interim financing programs as provided for in the Tenth Supplement, with respect to the Series A Commercial Paper Notes, and the Twenty-Fourth Supplement, with respect to the Series B Commercial Paper Notes. Therefore, the manner in which the refunding of the Refunded Commercial Paper Notes is being undertaken by the Board does not make it practicable to make the determinations required by subsection (a) of Section 1207.008, Texas Government Code. The Refunded Commercial Paper Notes shall be those outstanding Commercial Paper Notes, not to exceed $125,000,000 in principal amount, designated from time to time by the Vice Chancellor for Finance for the University System to be refunded and retired with a portion of the proceeds of the Bonds. The determination of the Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, relating to the method of and the terms and conditions relating to the sale of Bonds pursuant to this Twenty-Seventh Supplement shall have the same force and effect as if such determination were made by the Board. In effecting the sale of the Bonds authorized to be sold by this Twenty-Seventh Supplement, the Vice
Chancellor for Finance for the University System, acting for and on behalf of the Board, may determine any additional or different designation or title by which any series of Bonds shall be known, the aggregate principal amount of Bonds, if any, to be issued to refund the Refunded Bonds as described in Section 2(b) hereof, the aggregate principal amount of Bonds, if any, to be issued to refund Commercial Paper Notes as described in Section 2(c) hereof, the aggregate principal amount of the Bonds, if any, to be issued as obligations, the interest on which is excluded from gross income for purposes of section 103 of the Code, and the aggregate principal amount of the Bonds, if any, issued as obligations that are not intended to be issued as obligations, the interest on which is excluded from gross income for purposes of section 103 of the Code. The sale of the Bonds, including specifically the terms of the purchase price of the Bonds, shall be subject to the limitations set forth in Sections 2(b) and 2(c) hereof, as applicable, and the provisions in subsection (e) of this Section. The Bonds so sold shall be sold at such price as the Vice Chancellor for Finance for the University System shall determine to be the most advantageous to the University System, which determination shall be evidenced by the execution thereof of the Official Bid Form submitted by the best and winning bidder. One Bond in the principal amount maturing on each maturity date as set forth in the Official Bid Form shall be delivered to the initial purchasers thereof, and such purchasers shall have the right to exchange such bonds as provided in Section 5 hereof without cost. The Bonds shall initially be registered in the name as set forth in the Official Bid Form. In case any officer whose signature shall appear on the Bonds shall cease to be such officer before the delivery of the Bonds, such signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.
Negotiated Sale - Underwriting. The Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, is hereby authorized to sell all or any portion of the Bonds authorized to be sold by this Twenty-Seventh Supplement by a negotiated sale conducted as a public underwriting, and should the Vice Chancellor for Finance for the University System determine to sell Bonds by negotiated sale conducted as a public underwriting, the Vice Chancellor for Finance for the University System may designate the senior managing underwriter for the Bonds so sold by a negotiated sale pursuant to this Section 3(b)(iii), and such additional investment banking firms as deemed appropriate by the Vice Chancellor for Finance for the University System to assure that the Bonds are sold on the most advantageous terms to the University System. Should Bonds be sold through a negotiated sale conducted as a public underwriting, the Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, is authorized to enter into and carry out a Bond Purchase Agreement with the Underwriters for the Bonds, at such price, with and subject to such terms as determined by the Vice Chancellor for Finance for the University System, subject to the provisions of this Twenty-Seventh Supplement. One Bond in the principal amount maturing on each maturity date as set forth in the Bond Purchase Agreement shall be delivered to the Underwriters, and the Underwriters shall have the right to exchange such Bonds as provided in Section 5 hereof without cost. The Bonds shall initially be registered in the name designated by the Underwriters as set forth in a Bond Purchase Agreement. The Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, is hereby authorized to sell all or any portion of the Bonds authorized to be sold by this Twenty-Seventh Supplement by a negotiated sale conducted as a private placement, and should the Vice Chancellor for Finance for the University System determine to sell Bonds by negotiated sale conducted as a private placement, the Vice Chancellor for Finance for the University System may negotiate the sale of Bonds pursuant to this Section 3(b)(iv) with a bank or other financial institutions as deemed appropriate by the Vice Chancellor for Finance for the University System to assure that the Bonds are sold on the most advantageous terms to the University System. Should Bonds be sold through a negotiated sale conducted as a private placement, the Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, is authorized to enter into and carry out a Bond Purchase Agreement with the Purchaser of the Bonds, at such price, with and subject to such terms as determined by the Vice Chancellor for Finance for the University System, subject to the provisions of this Twenty-Seventh Supplement. One Bond in the principal amount maturing on each maturity date as set forth in the Bond Purchase Agreement shall be delivered to the Purchaser, and the Purchaser shall have the right to exchange such Bonds as provided in Section 5 hereof without cost. The Bonds shall initially be registered in the name designated by the Purchaser as set forth in a Bond Purchase Agreement. In case any officer whose signature shall appear on the Bonds shall cease to be such officer before the
delivery of the Bonds, such signature shall nevertheless be valid and sufficient for all purposes the
same as if such officer had remained in office until such delivery. The Bond Purchase Agreement
shall be substantially in the form and substance previously approved by the Board in connection with
the authorization of Parity Debt, as shall be acceptable to the Vice Chancellor for Finance for the
University System, including, without limitation, to contain such terms and conditions as may be
provided in accordance with subsection (d) of this Section.

(c) **In General.** The Bonds (i) may and shall be redeemed prior to the respective scheduled
maturity dates, (ii) may be assigned and transferred, (iii) may be exchanged for other Bonds, (iv)
shall have the characteristics, and (v) shall be signed and sealed, and (vi) the principal of and interest

OF BONDS, as revised to conform the Bonds to the terms of the Bond Purchase Agreement, in the
case of a negotiated sale, or the Bidding Instructions and Official Bid Form, in the case of a
competitive sale. The Bonds of any series shall be numbered consecutively from R-1 upward.

(d) **Bond Purchase Agreement.** Should Bonds be sold by a negotiated sale, the Vice
Chancellor for Finance for the University System is hereby authorized, appointed, and designated to
act on behalf of the Board in the selling and delivering the Bonds and carrying out the other
procedures specified in this Twenty-Seventh Supplement, including determining and fixing the date
of the Bonds, any additional or different designation or title by which the Bonds shall be known, the
aggregate principal amount of the Bonds to be sold, the price at which the Bonds will be sold, the
years in which the Bonds will mature, the principal amount to mature in each of such years, the rate
or rates of interest to be borne by each such maturity, the interest payment periods, the dates, price,
and terms upon and at which the Bonds shall be subject to redemption prior to maturity at the option
of the Issuer, as well as any mandatory sinking fund redemption provisions, and all other matters
relating to the issuance, sale, and delivery of the Bonds, including, without limitation, the use of
municipal bond insurance for the Bonds, all of which shall be specified in the Bond Purchase
Agreement. The Vice Chancellor for Finance for the University System, acting for and on behalf of
the Board, is authorized to enter into with the Underwriters, in the case of Bonds sold through a
negotiated sale conducted as a public underwriting, and the Purchaser, in the case of Bonds sold
through a negotiated sale conducted as a private placement, and to carry out the conditions specified
in a Bond Purchase Agreement for the Bonds, at such price and subject to such terms as are set forth
therein.

(e) **Parameters to Sale of Bonds.** The foregoing provisions of this Section notwithstanding,
the purchase price to be paid for the Bonds sold pursuant to this Twenty-Seventh Supplement shall
not be less than 95% of the aggregate principal amount thereof, and the Bonds shall not bear a "net
effective interest rate" (as defined in and calculated in accordance with the provisions of Chapter
1204, Texas Government Code) of greater than 10%. The Bonds shall not be delivered unless prior
to the execution by the Vice Chancellor for Finance for the University System of the Bond Purchase
Agreement or the Official Bid Form, as the case may be, the approval of the issuance of the Bonds by
the Texas Bond Review Board has been received in the manner prescribed by law. In connection
with Bonds sold either through a competitive sale or through a negotiated sale conducted as a public
underwriting, the Vice Chancellor for Finance for the University System may, at the sole discretion
thereof, obtain a rating on the Bonds from a nationally recognized rating agency for municipal securities. Bonds sold through a negotiated sale conducted as a private placement are not required to have been rated by a nationally recognized rating agency for municipal securities. The authority hereby granted by the Board to the Vice Chancellor for Finance for the University System to effect the sale of all or any portion of the Bonds authorized to be sold by this Twenty-Seventh Supplement expires at 5:00 p.m., Friday, August 30, 2019.

Section 4. INTEREST. The Bonds shall bear interest from the dates specified in the FORM OF BONDS and in the Bond Purchase Agreement or the Official Bid Form, as the case may be, to their respective dates of maturity, at the rates, and shall be calculated on the basis and in the manner, set forth in the executed Bond Purchase Agreement, in the case of a negotiated sale, or in the Official Bid Form submitted by the highest and best bidder and accepted by the Vice Chancellor for Finance for the University System, in the case of a competitive sale.

Section 5. REGISTRATION, TRANSFER, AND EXCHANGE; AUTHENTICATION; BOOK-ENTRY ONLY SYSTEM. (a) Paying Agent/Registrar. BOKF, NA, Dallas, Texas, shall serve as Paying Agent/Registrar for the Bonds.

(b) Registration Books. The Issuer shall keep or cause to be kept at the corporate trust office of the Paying Agent/Registrar so designated in the Paying Agent/Registrar Agreement (the "Designated Trust Office") books or records for the registration of the transfer, exchange, and replacement of the Bonds (the "Registration Books"), and the Issuer hereby appoints the Paying Agent/Registrar as its registrar and transfer agent to keep such books or records and make such registrations of transfers, exchanges, and replacements under such reasonable regulations as the Issuer and Paying Agent/Registrar may prescribe; and the Paying Agent/Registrar shall make such registrations, transfers, exchanges, and replacements as herein provided. The Paying Agent/Registrar shall obtain and record in the Registration Books the address of the registered owner of each Bond to which payments with respect to the Bonds shall be mailed, as herein provided; but it shall be the duty of each registered owner to notify the Paying Agent/Registrar in writing of the address to which payments shall be mailed, and such interest payments shall not be mailed unless such notice has been given. The Issuer shall have the right to inspect the Registration Books at the Designated Trust Office of the Paying Agent/Registrar during regular business hours, but otherwise the Paying Agent/Registrar shall keep the Registration Books confidential and, unless otherwise required by law, shall not permit their inspection by any other entity.

(c) Ownership of Bonds. The entity in whose name any Bond shall be registered in the Registration Books at any time shall be deemed and treated as the absolute owner thereof for all purposes of this Twenty-Seventh Supplement, whether such Bond shall be overdue, and, to the extent permitted by law, the Issuer and the Paying Agent/Registrar shall not be affected by any notice to the contrary; and payment of, or on account of, the principal of, premium, if any, and interest on any such Bond shall be made only to such registered owner. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond to the extent of the sum or sums so paid.
(d) **Payment of Bonds and Interest.** The Paying Agent/Registrar shall further act as the paying agent for paying the principal of, premium, if any, and interest on the Bonds, all as provided in this Twenty-Seventh Supplement. The Paying Agent/Registrar shall keep proper records of all payments made by the Issuer and the Paying Agent/Registrar with respect to the Bonds.

(e) **Authentication.** The Bonds initially issued and delivered pursuant to this Twenty-Seventh Supplement shall be authenticated by the Paying Agent/Registrar by execution of the Paying Agent/Registrar's Authentication Certificate, in the form set forth in the FORM OF BONDS (the "Authentication Certificate") unless they have been approved by the Attorney General of the State of Texas and registered by the Comptroller of Public Accounts of the State of Texas, and on each substitute Bond issued in exchange for any Bond or Bonds issued under this Twenty-Seventh Supplement the Paying Agent/Registrar shall execute the Authentication Certificate.

(f) **Transfer, Exchange, or Replacement.** Each Bond issued and delivered pursuant to this Twenty-Seventh Supplement, to the extent of the unpaid or unredeemed principal amount thereof, may, at the option of the registered owner or such assignee or assignees, as appropriate, upon surrender of such Bond at the Designated Trust Office of the Paying Agent/Registrar, together with a written request therefor duly executed by the registered owner or the assignee or assignees thereof, or its or their duly authorized attorneys or representatives, with guarantee of signatures satisfactory to the Paying Agent/Registrar, be exchanged for fully registered bonds, without interest coupons, in the appropriate form prescribed in the FORM OF BONDS, in any Authorized Denomination (subject to the requirement hereinafter stated that each substitute Bond shall be of the same series and have a single stated maturity date), as requested in writing by such registered owner or such assignee or assignees, in an aggregate principal amount equal to the unpaid or unredeemed principal amount of any Bond or Bonds so surrendered, and payable to the appropriate registered owner, assignee, or assignees, as the case may be. If a portion of any Bond shall be redeemed prior to its scheduled maturity as provided herein, a substitute Bond or Bonds having the same series designation and maturity date, bearing interest at the same rate, and payable in the same manner, in Authorized Denominations at the request of the registered owner, and in the aggregate principal amount equal to the unredeemed portion thereof, will be issued to the registered owner upon surrender thereof for cancellation. If any Bond or portion thereof is assigned and transferred, each Bond issued in exchange therefor shall have the same series designation and maturity date and bear interest at the same rate and payable in the same manner as the Bond for which it is being exchanged. Each substitute Bond shall bear a letter and/or number to distinguish it from each other Bond. The Paying Agent/Registrar shall exchange or replace Bonds as provided herein, and each fully registered Bond delivered in exchange for or replacement of any Bond or portion thereof as permitted or required by any provision of this Twenty-Seventh Supplement shall constitute one of the Bonds for all purposes of this Twenty-Seventh Supplement, and may again be exchanged or replaced. The Authentication Certificate shall be printed on each substitute Bond issued in exchange for or replacement of any Bond or Bonds issued under this Twenty-Seventh Supplement. An authorized representative of the Paying Agent/Registrar shall, before the delivery of any such Bond, date and manually sign the Authentication Certificate, and, except as provided in (e) above, no such Bond shall be deemed to be issued or outstanding unless the Authentication Certificate is so executed. The Paying
Agent/Registrar promptly shall cancel all Bonds surrendered for transfer, exchange, or replacement. No additional orders or resolutions need be passed or adopted by the Issuer or any other body or person so as to accomplish the foregoing transfer, exchange, or replacement of any Bond or portion thereof, and the Paying Agent/Registrar shall provide for the printing, execution, and delivery of the substitute Bonds in the manner prescribed herein, and said Bonds shall be in typed or printed form as determined by the Vice Chancellor for Finance for the University System. Pursuant to Chapter 1206, Texas Government Code, the duty of transfer, exchange, or replacement of Bonds as aforesaid is hereby imposed upon the Paying Agent/Registrar, and, upon the execution of the Authentication Certificate, the exchanged or replaced Bond shall be valid, incontestable, and enforceable in the same manner and with the same effect as the Bonds which were originally issued pursuant to this Twenty-Seventh Supplement. The Issuer shall pay the Paying Agent/Registrar's standard or customary fees and charges, if any, for transferring, and exchanging any Bond or any portion thereof, but the one requesting any such transfer and exchange shall pay any taxes or governmental charges required to be paid with respect thereto as a condition precedent to the exercise of such privilege. The Paying Agent/Registrar shall not be required to make any such transfer, exchange, or replacement of Bonds or any portion thereof (i) during the period commencing with the close of business on any Record Date and ending with the opening of business on the next following interest payment date, or (ii) with respect to any Bond or portion thereof called for redemption prior to maturity, within 45 days prior to its redemption date. To the extent possible, any new Bond issued in an exchange, replacement, or transfer of a Bond will be delivered to the registered owner or assignee of the registered owner not more than three business days after the receipt of the Bonds to be cancelled and the written request as described above.

(g) Substitute Paying Agent/Registrar. The Issuer covenants with the registered owners of the Bonds that at all times while the Bonds are outstanding the Issuer will provide a competent and legally qualified bank, trust company, financial institution, or other agency to act as and perform the services of Paying Agent/Registrar for the Bonds under this Twenty-Seventh Supplement, and that the Paying Agent/Registrar will be one entity. The Issuer reserves the right to, and may, at its option, change the Paying Agent/Registrar upon not less than 120 days written notice to the Paying Agent/Registrar, to be effective not later than 60 days prior to the next principal or interest payment date after such notice. In the event that the entity at any time acting as Paying Agent/Registrar (or its successor by merger, acquisition, or other method) should resign or otherwise cease to act as such, the Issuer covenants that promptly it will appoint a competent and legally qualified bank, trust company, financial institution, or other agency to act as Paying Agent/Registrar under this Twenty-Seventh Supplement. Upon any change in the Paying Agent/Registrar, the previous Paying Agent/Registrar promptly shall transfer and deliver the Registration Books (or a copy thereof), along with all other pertinent books and records relating to the Bonds, to the new Paying Agent/Registrar designated and appointed by the Issuer. Upon any change in the Paying Agent/Registrar, the Issuer promptly will cause a written notice thereof to be sent by the new Paying Agent/Registrar to each registered owner of the Bonds, by United States mail, first-class postage prepaid, which notice also shall give the address of the new Paying Agent/Registrar. By accepting the position and performing as such, each Paying Agent/Registrar shall be deemed to have agreed to the provisions of this Twenty-Seventh Supplement, and a certified copy of this Twenty-Seventh Supplement shall be delivered to each Paying Agent/Registrar.
(h) **Book-Entry Only System.** The Bonds sold to the Purchaser in a private placement may be subject to being held in a book-entry only system to the extent so provided in the applicable Bond Purchase Agreement.

The Bonds issued in exchange for the Bonds initially issued and delivered to the initial purchasers thereof in a competitive sale or to the Underwriters in a negotiated sale conducted as a public underwriting shall be issued in the form of a separate single fully registered Bond for each of the maturities thereof registered in the name of Cede & Co., as nominee of DTC, and except as provided in subsection (i) hereof, all of the Outstanding Bonds shall be registered in the name of Cede & Co., as nominee of DTC.

With respect to Bonds registered in the name of Cede & Co., as nominee of DTC, the Board and the Paying Agent/Registrar shall have no responsibility or obligation to any DTC Participant or to any person on behalf of whom such a DTC Participant holds an interest on the Bonds. Without limiting the immediately preceding sentence, the Board and the Paying Agent/Registrar shall have no responsibility or obligation with respect to (i) the accuracy of the records of DTC, Cede & Co. or any DTC Participant with respect to any ownership interest in the Bonds, (ii) the delivery to any DTC Participant or any other person, other than a Bondholder, as shown on the Registration Books, of any notice with respect to the Bonds, including any notice of redemption, or (iii) the payment to any DTC Participant or any other person, other than a Bondholder, as shown in the Registration Books of any amount with respect to principal of, premium, if any, or interest on the Bonds. Notwithstanding any other provision of this Twenty-Seventh Supplement to the contrary but to the extent permitted by law, the Board and the Paying Agent/Registrar shall be entitled to treat and consider the person in whose name each Bond is registered in the Registration Books as the absolute owner of such Bond for the purpose of payment of principal, premium, if any, and interest, with respect to such Bond, for the purpose of giving notices of redemption and other matters with respect to such Bond, for the purpose of registering transfers with respect to such Bond, and for all other purposes whatsoever. The Paying Agent/Registrar shall pay all principal of, premium, if any, and interest on the Bonds only to or upon the order of the respective owners, as shown in the Registration Books as provided in this Twenty-Seventh Supplement, or their respective attorneys duly authorized in writing, and all such payments shall be valid and effective to fully satisfy and discharge the Board's obligations with respect to payment of principal of, premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. No person other than an owner, as shown in the Registration Books, shall receive a Bond certificate evidencing the obligation of the Board to make payments of principal, premium, if any, and interest pursuant to this Twenty-Seventh Supplement. Upon delivery by DTC to the Paying Agent/Registrar of written notice to the effect that DTC has determined to substitute a new nominee in place of Cede & Co., and subject to the provisions in this Twenty-Seventh Supplement with respect to interest checks being mailed to the registered owner at the close of business on the Record Date, the word "Cede & Co." in this Twenty-Seventh Supplement shall refer to such new nominee of DTC.

(i) **Successor Securities Depository; Transfers outside Book-Entry Only System.** In the event that the Board or the Paying Agent/Registrar determines that DTC is incapable of discharging
its responsibilities described herein and in the representation letter (as referred to in Section 24 of this Twenty-Seventh Supplement) of the Board to DTC or DTC determines to discontinue providing its services with respect to the Bonds, the Board shall (i) appoint a successor securities depository, qualified to act as such under Section 17(a) of the Securities and Exchange Act of 1934, as amended, notify DTC and DTC Participants of the appointment of such successor securities depository and transfer one or more separate Bonds to such successor securities depository or (ii) notify DTC and DTC Participants of the availability through DTC of Bonds and transfer one or more separate Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Registration Books in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Bondholders transferring or exchanging Bonds shall designate, in accordance with the provisions of this Twenty-Seventh Supplement.

(j) Payments to Cede & Co. Notwithstanding any other provision of this Twenty-Seventh Supplement to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal of, premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, in the manner provided in the representation letter of the Board to DTC.

(k) Notice of Redemption. In addition to the method of providing a notice of redemption set forth in the FORM OF BONDS, the Paying Agent/Registrar shall give notice of redemption of Bonds by United States mail, first-class postage prepaid, at least thirty (30) days prior to a redemption date to each registered securities depository and to any national information service that disseminates redemption notices. Any notice sent to the registered securities depositories or such national information services shall be sent so that they are received at least two (2) days prior to the general mailing or publication date of such notice. The Paying Agent/Registrar shall also send a notice of prepayment or redemption to the registered owner of any Bond who has not sent the Bonds in for redemption sixty (60) days after the redemption date.

Each notice of redemption, whether required in the FORM OF BONDS or in this Section, shall contain a description of the Bonds to be redeemed including the complete name of the Bonds, the Series, the date of issue, the interest rate, the maturity date, the CUSIP number, the amounts called of each maturity of the Bonds, the publication and mailing date for the notice, the date of redemption, the redemption price, the name of the Paying Agent/Registrar and the address at which the Bonds may be redeemed, including a contact person and telephone number.

All redemption payments made by the Paying Agent/Registrar to the registered owners of the Bonds shall include a CUSIP number relating to each amount paid to such registered owner.

With respect to any optional redemption of the Bonds, unless the Paying Agent/Registrar has received funds sufficient to pay the principal and premium, if any, and interest on the Bonds to be redeemed before giving of a notice of redemption, the notice of redemption may state the Board may condition redemption on the receipt by the Paying Agent/Registrar of such funds on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice
of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient funds are not received, the notice shall be of no force and effect, the Board shall not redeem the Bonds and the Paying Agent/Registrar shall give notice, in the manner in which the notice of redemption was given, that the Bonds have not been redeemed.

Section 6. **FORM OF BONDS.** The form of the Bonds, including the form of the Authentication Certificate, the form of Assignment and the form of Registration Certificate of the Comptroller of Public Accounts of the State of Texas, with respect to the Bonds initially issued and delivered to the initial purchasers thereof pursuant to this Twenty-Seventh Supplement, shall be, respectively, substantially as set forth in Exhibit B, with such appropriate variations, omissions, or insertions as are permitted or required by this Twenty-Seventh Supplement.

Section 7. **ESTABLISHMENT OF REVENUE FINANCING SYSTEM AND ISSUANCE OF PARITY OBLIGATIONS.** By adoption of the Master Resolution the Board has established the Revenue Financing System for the purpose of providing a financing structure for revenue supported indebtedness of the University, UNT-Dallas and the Health Science Center. The Master Resolution is intended to establish a master plan under which revenue supported debt of the Financing System can be incurred. This Twenty-Seventh Supplement provides for the authorization, issuance, sale, delivery, form, characteristics, provisions of payment and redemption, and security of the Bonds. The Master Resolution is incorporated herein by reference and as such made a part hereof for all purposes, except to the extent modified and supplemented hereby, and the Bonds are hereby declared to be Parity Obligations under the Master Resolution. As required by Section 5(a) of the Master Resolution, the Board hereby determines, in connection with the issuance of the Bonds, that (i) it will have sufficient funds to meet the financial obligations of each Participant in the Financing System (currently the University, UNT-Dallas and the Health Sciences Center), including sufficient Pledged Revenues to satisfy the Annual Debt Service Requirements of the Financing System, and to meet all financial obligations of the Board relating to the Financing System and (ii) the University, UNT-Dallas and the Health Sciences Center each possess the financial capability to satisfy its respective Direct Obligation (as defined in the Master Resolution) after taking into account the debt service on the Bonds.

Section 8. **SECURITY.** The Bonds are special obligations of the Board payable from and secured solely by the Pledged Revenues pursuant to the Master Resolution and this Twenty-Seventh Supplement. The Pledged Revenues are hereby pledged, subject to the liens securing the Prior Encumbered Obligations, to the payment of the principal of, premium, if any, and interest on the Bonds as the same shall become due and payable. The Board agrees to pay the principal of, premium, if any, and the interest on the Bonds when due, whether by reason of maturity or redemption. Chapter 1208, Texas Government Code, applies to the issuance of the Bonds and the pledge of the Pledged Revenues granted by the Board under this Section 8, and such pledge is therefore valid, effective, and perfected. If Texas law is amended at any time while the Bonds are outstanding and unpaid such that the pledge of the Pledged Revenues granted by the Board under this Section 8 is to be subject to the filing requirements of Chapter 9, Texas Business & Commerce Code, then in order to preserve to the registered owners of the Bonds the perfection of the security
interest in said pledge, the Board agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Texas Business & Commerce Code, and enable a filing to perfect the security interest in said pledge to occur.

Section 9. **PAYMENTS.** On or before each principal or interest payment date while any Bond is outstanding and unpaid, commencing on the first interest payment date for the Bonds as provided therein, the Board shall make available to the Paying Agent/Registrar money sufficient to pay such interest on and such principal of the Bonds as will accrue or mature, or be subject to mandatory redemption prior to maturity, on such principal, redemption, or interest payment date. The Paying Agent/Registrar shall cancel all paid Bonds and shall furnish the Board with an appropriate certificate of cancellation.

Section 10. **DAMAGED, MUTILATED, LOST, STOLEN, OR DESTROYED BONDS.**

(a) **Replacement Bonds.** In the event any outstanding Bond is damaged, mutilated, lost, stolen, or destroyed, the Paying Agent/Registrar shall cause to be printed, executed, and delivered a new Bond of the same series, principal amount, maturity, and interest rate, and in the same form, as the damaged, mutilated, lost, stolen, or destroyed Bond, in replacement for such Bond in the manner hereinafter provided.

(b) **Application for Replacement Bonds.** Application for replacement of damaged, mutilated, lost, stolen, or destroyed Bonds shall be made to the Paying Agent/Registrar. In every case of loss, theft, or destruction of a Bond, the applicant for a replacement Bond shall furnish to the Issuer and to the Paying Agent/Registrar such security or indemnity as may be required by them to save each of them harmless from any loss or damage with respect thereto. Also, in every case of loss, theft, or destruction of a Bond, the applicant shall furnish to the Issuer and to the Paying Agent/Registrar evidence to their satisfaction of the loss, theft, or destruction of such Bond, as the case may be. In every case of damage or mutilation of a Bond, the applicant shall surrender to the Paying Agent/Registrar for cancellation the Bond so damaged or mutilated.

(c) **Payment in Lieu of Replacement.** Notwithstanding the foregoing provisions of this Section, in the event any such Bond shall have matured, and no default has occurred which is then continuing in the payment of the principal of, redemption premium, if any, or interest on the Bond, the Issuer may authorize the payment of the same (without surrender thereof except in the case of a damaged or mutilated Bond) instead of issuing a replacement Bond, provided security or indemnity is furnished as above provided in this Section.

(d) **Charge for Issuing Replacement Bonds.** Prior to the issuance of any replacement Bond, the Paying Agent/Registrar shall charge the owner of such Bond with all legal, printing, and other expenses in connection therewith. Every replacement bond issued pursuant to the provisions of this Section by virtue of the fact that any Bond is lost, stolen, or destroyed shall constitute a contractual obligation of the Issuer whether the lost, stolen, or destroyed Bond shall be found at any time, or be enforceable by anyone, and shall be entitled to all the benefits of this Twenty-Seventh Supplement
equally and proportionately with any and all other Bonds duly issued under this Twenty-Seventh Supplement.

(e) Authority for Issuing Replacement Bonds. In accordance with Chapter 1206, Texas Government Code, this Section shall constitute authority for the issuance of any such replacement Bond without the necessity of further action by the Issuer or any other body or person, and the duty of the replacement of such Bonds is hereby authorized and imposed upon the Paying Agent/Registrar, and the Paying Agent/Registrar shall authenticate and deliver such Bonds in the form and manner and with the effect, as provided in Section 5(f) of this Twenty-Seventh Supplement for Bonds issued in exchange and replacement for other Bonds.

Section 11. AMENDMENT OF SUPPLEMENT. (a) Amendments without Consent. This Twenty-Seventh Supplement and the rights and obligations of the Board and of the owners of the Bonds may be modified or amended at any time without notice to or the consent of any owner of the Bonds or any other Parity Obligations, solely for any one or more of the following purposes:

(i) To add to the covenants and agreements of the Board contained in this Twenty-Seventh Supplement, other covenants and agreements thereafter to be observed, or to surrender any right or power reserved to or conferred upon the Board in this Twenty-Seventh Supplement;

(ii) To cure any ambiguity or inconsistency, or to cure or correct any defective provisions contained in this Twenty-Seventh Supplement, upon receipt by the Board of an opinion of Bond Counsel, that the same is needed for such purpose, and will more clearly express the intent of this Twenty-Seventh Supplement;

(iii) To supplement the security for the Bonds, replace or provide additional credit facilities, or change the form of the Bonds or make such other changes in the provisions hereof as the Board may deem necessary or desirable and which shall not, in the judgment of the Board, materially adversely affect the interests of the owners of the Outstanding Bonds;

(iv) To make any changes or amendments requested by any bond rating agency then rating or requested to rate Parity Obligations, as a condition to the issuance or maintenance of a rating, which changes or amendments do not, in the judgment of the Board, materially adversely affect the interests of the owners of the Outstanding Parity Obligations;

(v) To make such changes, modifications or amendments as are permitted by Section 19(c)(vi) of this Twenty-Seventh Supplement;

(vi) To make such changes, modifications or amendments as may be necessary or desirable, which shall not adversely affect the interests of the owners of the Outstanding Parity Obligations, in order, to the extent permitted by law, to facilitate the economic and practical utilization of Credit Agreements with respect to the Parity Obligations; or
(vii) To make such other changes in the provisions hereof, including, without limitation, extending the expiration date of the delegation of authority to issue Bonds as set forth in Section 3(e) of this Twenty-Seventh Supplement, as the Board may deem necessary or desirable and which shall not, in the judgment of the Board, materially adversely affect the interests of the owners of Outstanding Parity Obligations.

Notice of any such amendment may be published by the Board in the manner described in subsection (c) of this Section; provided, however, that the publication of such notice shall not constitute a condition precedent to the adoption of such amendatory resolution and the failure to publish such notice shall not adversely affect the implementation of such amendment as adopted pursuant to such amendatory resolution.

(b) Amendments with Consent. Subject to the other provisions of this Twenty-Seventh Supplement, the owners of Outstanding Bonds aggregating a majority in Outstanding Principal Amount shall have the right from time to time to approve any amendment, other than amendments described in subsection (a) of this Section, to this Twenty-Seventh Supplement which may be deemed necessary or desirable by the Board; provided, however, that nothing herein contained shall permit or be construed to permit, without the approval of the owners of all of the Outstanding Bonds, the amendment of the terms and conditions in this Twenty-Seventh Supplement or in the Bonds so as to:

1. Make any change in the maturity of the Outstanding Bonds;
2. Reduce the rate of interest borne by Outstanding Bonds;
3. Reduce the amount of the principal payable on Outstanding Bonds;
4. Modify the terms of payment of principal or of interest on the Outstanding Bonds, or impose any conditions with respect to such payment;
5. Affect the rights of the owners of less than all Bonds then Outstanding; or
6. Change the minimum percentage of the Outstanding Principal Amount of Bonds necessary for consent to such amendment.

(c) Notice. If at any time the Board shall desire to amend this Twenty-Seventh Supplement other than pursuant to subsection (a) of this Section, the Board shall cause notice of the proposed amendment to be published in a financial newspaper or journal of general circulation in The City of New York, New York once during each calendar week for at least two successive calendar weeks. Such notice shall briefly set forth the nature of the proposed amendment and shall state that a copy thereof is on file at the principal office of the Registrar for inspection by all owners of Bonds. Such publication is not required, however, if the Board gives or causes to be given such notice in writing to each owner of Bonds.
(d) **Receipt of Consents.** Whenever at any time not less than thirty days, and within one year, from the date of the first publication of said notice or other service of written notice of the proposed amendment the Board shall receive an instrument or instruments executed by all of the owners or the owners of at least a majority in Outstanding Principal Amount of Bonds, as appropriate, which instrument or instruments shall refer to the proposed amendment described in said notice and which specifically consent to and approve such amendment in substantially the form of the copy thereof on file as aforesaid, the Board may adopt the amendatory resolution in substantially the same form.

(e) **Effect of Amendments.** Upon the adoption by the Board of any resolution to amend this Twenty-Seventh Supplement pursuant to the provisions of this Section, this Twenty-Seventh Supplement shall be deemed to be amended in accordance with the amendatory resolution, and the respective rights, duties, and obligations of the Board and all the owners of then Outstanding Bonds and all future Bonds shall thereafter be determined, exercised, and enforced under the Master Resolution and this Twenty-Seventh Supplement, as amended.

(f) **Consent Irrevocable.** Any consent given by any owner of Bonds pursuant to the provisions of this Section shall be irrevocable for a period of six months from the date of the first publication or other service of the notice provided for in this Section, and shall be conclusive and binding upon all future owners of the same Bonds during such period. Such consent may be revoked at any time after six months from the date of the first publication of such notice by the owner who gave such consent, or by a successor in title, by filing notice thereof with the Paying Agent/Registrar and the Board, but such revocation shall not be effective if the owners of a majority in Outstanding Principal Amount of Bonds, prior to the attempted revocation, consented to and approved the amendment.

(g) **Ownership.** For the purpose of this Section, the ownership and other matters relating to all Bonds registered as to ownership shall be determined from the registration books kept by the Paying Agent/Registrar therefor. The Paying Agent/Registrar may conclusively assume that such ownership continues until written notice to the contrary is served upon the Paying Agent/Registrar.

Section 12. **TAX-EXEMPTION.** The Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, shall designate those Bonds authorized to be sold pursuant to the terms of this Twenty-Seventh Supplement that the Issuer does intend to issue in a manner such that the Bonds would constitute obligations described in section 103 of the Code.

(a) **General Covenants.** With respect to such Bonds so designated by the Vice Chancellor for Finance for the University System, the Issuer covenants to refrain from any action which would adversely affect, or to take any action to assure, the treatment of the Bonds as obligations described in section 103 of the Code, the interest on which is not includable in the "gross income" of the holder for purposes of federal income taxation. In furtherance thereof, the Issuer covenants as follows:

(a) to take any action to assure that no more than 10 percent of the proceeds of such Bonds or the projects financed or refinanced therewith (less amounts deposited to a
reserve fund, if any) are used for any "private business use", as defined in section 141(b)(6) of the Code or, if more than 10 percent of the proceeds are so used, that amounts, whether or not received by the Issuer, with respect to such private business use, do not, under the terms of this Twenty-Seventh Supplement or any underlying arrangement, directly or indirectly, secure or provide for the payment of more than 10 percent of the debt service on such Bonds, in contravention of section 141(b)(2) of the Code;

(b) to take any action to assure that in the event that the "private business use" described in subsection (a) hereof exceeds 5 percent of the proceeds of such Bonds or the projects financed or refinanced therewith (less amounts deposited into a reserve fund, if any) then the amount in excess of 5 percent is used for a "private business use" which is "related" and not "disproportionate", within the meaning of section 141(b)(3) of the Code, to the governmental use;

(c) to take any action to assure that no amount which is greater than the lesser of $5,000,000, or 5 percent of the proceeds of such Bonds (less amounts deposited into a reserve fund, if any), is directly or indirectly used to finance loans to persons, other than state or local governmental units, in contravention of section 141(c) of the Code;

(d) to refrain from taking any action which would otherwise result in such Bonds being treated as "private activity bonds" within the meaning of section 141(a) of the Code;

(e) to refrain from taking any action that would result in such Bonds being "federally guaranteed" within the meaning of section 149(b) of the Code;

(f) to refrain from using any portion of the proceeds of such Bonds, directly or indirectly, to acquire or to replace funds which were used, directly or indirectly, to acquire investment property (as defined in section 148(b)(2) of the Code) which produces a materially higher yield over the term of such Bonds, other than investment property acquired with -

(1) proceeds of such Bonds invested for a reasonable temporary period until such proceeds are needed for the purpose for which such Bonds are issued,

(2) amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1(b) of the Treasury Regulations, and

(3) amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed 10 percent of the proceeds of such Bonds;

(g) to otherwise restrict the use of the proceeds of such Bonds or amounts treated as proceeds of the Bonds, as may be necessary, so that such Bonds do not otherwise contravene the requirements of section 148 of the Code (relating to arbitrage);
(h) to refrain from using the proceeds of the Bonds or the proceeds of any prior bonds to pay debt service on another issue more than 90 days after the date of issue of the Bonds in contravention of section 149(d) of the Code (relating to advance refundings); and

(i) to pay to the United States of America at least once during each five-year period (beginning on the date of delivery of such Bonds) an amount that is at least equal to 90 percent of the "Excess Earnings", within the meaning of section 148(f) of the Code and to pay to the United States of America, not later than 60 days after such Bonds have been paid in full, 100 percent of the amount then required to be paid as a result of Excess Earnings under section 148(f) of the Code.

The Issuer understands that the term "proceeds" includes "disposition proceeds" as defined in the Treasury Regulations and, in the case of a refunding bond, transferred proceeds (if any) and proceeds of the refunded bonds expended prior to the date of the issuance of such Bonds. It is the understanding of the Issuer that the covenants contained herein are intended to assure compliance with the Code and any regulations or rulings promulgated by the U.S. Department of the Treasury pursuant thereto. In the event that regulations or rulings are hereafter promulgated which modify or expand provisions of the Code, as applicable to such Bonds, the Issuer will not be required to comply with any covenant contained herein to the extent that such failure to comply, in the opinion of nationally-recognized bond counsel, will not adversely affect the exemption from federal income taxation of interest on such Bonds under section 103 of the Code. In the event that regulations or rulings are hereafter promulgated which impose additional requirements which are applicable to such Bonds, the Issuer agrees to comply with the additional requirements to the extent necessary, in the opinion of nationally-recognized bond counsel, to preserve the exemption from federal income taxation of interest on such Bonds under section 103 of the Code. In furtherance of the foregoing, the Chair of the Board, the Chancellor of the University, and the Board Representative each may execute any certificates or other reports required by the Code and to make such elections, on behalf of the Issuer, which may be permitted by the Code as are consistent with the purpose for the issuance of such Bonds. In order to facilitate compliance with the above clause (i), a "Rebate Fund" is hereby established by the Issuer for the sole benefit of the United States of America, and the Rebate Fund shall not be subject to the claim of any other person, including without limitation the registered owners of such Bonds. The Rebate Fund is established for the additional purpose of compliance with section 148 of the Code.

(b) Disposition of Project. The Board covenants that none of the property constituting a Project financed or refinanced with the proceeds of any Bonds, the interest on which is to be excluded from gross income under the Code, or the Refunded Bonds or the Refunded Commercial Paper Notes, as the case may be, will be sold or otherwise disposed in a transaction resulting in the receipt by the Board of cash or other compensation, unless the Board obtains an opinion of nationally-recognized bond counsel substantially to the effect that such sale or other disposition will not adversely affect the tax-exempt status of such Bonds. For purposes of this subsection (b), the portion of the property comprising personal property and disposed of in the ordinary course of business shall not be treated as a transaction resulting in the receipt of cash or other compensation.
For purposes of this subsection (b), the Board shall not be obligated to comply with this covenant if it obtains an opinion of nationally-recognized bond counsel to the effect that such failure to comply will not adversely affect the excludability for federal income tax purposes from gross income of the interest.

(c) Written Procedures. Written procedures have been established by the Vice Chancellor for Finance for the University System regarding private business use, remedial action, arbitrage and rebate and the application of the covenants set forth in this Section and the written procedures shall apply to the Bonds issued as obligations described in section 103 of the Code.

Section 13. TAXABLE BONDS. Without regard to Section 12 hereof, the Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, shall designate those Bonds authorized to be sold pursuant to the terms of this Twenty-Seventh Supplement that the Issuer does not intend to issue in a manner such that the Bonds would constitute obligations described in section 103 of the Code and all applicable temporary, proposed and final regulations and procedures promulgated thereunder or promulgated under the Internal Revenue Code of 1954, to the extent applicable to the Code.

Section 14. TWENTY-SEVENTH SUPPLEMENT TO CONSTITUTE A CONTRACT; EQUAL SECURITY. In consideration of the acceptance of the Bonds, the issuance of which is authorized hereunder, by those who shall hold the same from time to time, this Twenty-Seventh Supplement shall be deemed to be and shall constitute a contract between the Board and the Holders from time to time of the Bonds and the pledge made in this Twenty-Seventh Supplement by the Board and the covenants and agreements set forth in this Twenty-Seventh Supplement to be performed by the Board shall be for the equal and proportionate benefit, security, and protection of all Holders, without preference, priority, or distinction as to security or otherwise of any of the Bonds authorized hereunder over any of the others by reason of time of issuance, sale, or maturity thereof or otherwise for any cause whatsoever, except as expressly provided in or permitted by this Twenty-Seventh Supplement.

Section 15. SEVERABILITY OF INVALID PROVISIONS. If any one or more of the covenants, agreements, or provisions herein contained shall be held contrary to any express provisions of law or contrary to the policy of express law, though not expressly prohibited, or against public policy, or shall for any reason whatsoever be held invalid, then such covenants, agreements, or provisions shall be null and void and shall be deemed separable from the remaining covenants, agreements, or provisions and shall in no way affect the validity of any of the other provisions hereof or of the Bonds issued hereunder.

Section 16. PAYMENT AND PERFORMANCE ON BUSINESS DAYS. Except as provided to the contrary in the FORM OF BONDS, whenever under the terms of this Twenty-Seventh Supplement or the Bonds, the performance date of any provision hereof or thereof, including the payment of principal of or interest on the Bonds, shall occur on a day other than a Business Day, then the performance thereof, including the payment of principal of and interest on the Bonds, need
not be made on such day but may be performed or paid, as the case may be, on the next succeeding Business Day with the same force and effect as if made on the date of performance or payment.

Section 17. LIMITATION OF BENEFITS WITH RESPECT TO THE TWENTY-SEVENTH SUPPLEMENT. With the exception of the rights or benefits herein expressly conferred, nothing expressed or contained herein or implied from the provisions of this Twenty-Seventh Supplement or the Bonds is intended or should be construed to confer upon or give to any person other than the Board, the Holders, and the Paying Agent/Registrar, any legal or equitable right, remedy, or claim under or by reason of or in respect to this Twenty-Seventh Supplement or any covenant, condition, stipulation, promise, agreement, or provision herein contained. This Twenty-Seventh Supplement and all of the covenants, conditions, stipulations, promises, agreements, and provisions hereof are intended to be and shall be for and inure to the sole and exclusive benefit of the Board, the Holders, and the Paying Agent/Registrar as herein and therein provided.

Section 18. CUSTODY, APPROVAL, BOND COUNSEL’S OPINION, CUSIP NUMBERS, PREAMBLE AND INSURANCE. The Vice Chancellor for Finance for the University System is hereby authorized to have control of the Bonds issued hereunder and all necessary records and proceedings pertaining to the Bonds pending their delivery and approval by the Attorney General of the State of Texas. The Vice Chancellor for Finance for the University System is hereby authorized, to the extent deemed necessary or advisable thereby, in the discretion thereof, to request that the Attorney General approve the Bonds, in which case the Vice Chancellor for Finance for the University System also is authorized to request the Comptroller of Public Accounts register the Bonds, and to cause an appropriate legend reflecting such approval and registration to appear on the Bonds and the substitute Bonds. The Vice Chancellor for Finance for the University System is hereby authorized, in connection with the submission to the Attorney General of the State of Texas of a transcript of proceedings for the approval of any series of the Bonds, to pay the fee for the examination of the transcript of proceedings in the amount determined in accordance with the provisions of Section 1202.004, Texas Government Code. The approving legal opinion of the Issuer's Bond Counsel and the assigned CUSIP numbers may, at the option of the Issuer, be printed on the Bonds and on any Bonds issued and delivered in exchange or replacement of any Bond, but neither shall have any legal effect, and shall be solely for the convenience and information of the registered owners of the Bonds. The preamble to this Twenty-Seventh Supplement is hereby adopted and made a part hereof for all purposes. The Vice Chancellor for Finance for the University System is hereby authorized to purchase a municipal bond insurance policy from a municipal bond insurance provider that has an underlying rating of "AA" (or its equivalent) or better at the time Bonds are sold (the "Bond Insurer") as additional security for the Bonds. The printing of a legend describing the municipal bond insurance policy issued by the Bond Insurer is hereby authorized. The payment of the premium to the Bond Insurer in consideration for the issuance of said policy, should one be so obtained, is hereby approved. Any insurance commitment issued by the Bond Insurer shall be made a part hereof for all purposes. In addition, it is agreed that should such policy be obtained, the Board will comply with the conditions applicable to the Bonds, as set forth in any insurance commitment issued by the Bond Insurer, as if such conditions were incorporated in this Twenty-Seventh Supplement, and will pay to the Paying
Agent/Registrar for the Bonds so insured the debt service due on the Bonds so insured by the Bond Insurer not later than one Business Day prior to each principal or interest payment date of the Bonds. In the event such policy is obtained, the Vice Chancellor for Finance for the University System is hereby authorized to execute any agreements with the Bond Insurer in connection with the issuance of the municipal bond insurance policy. In the event such policy is obtained, the Vice Chancellor for Finance for the University System is hereby instructed to provide notice to the Bond Insurer in the event such payment is not made to the Paying Agent/Registrar on or before the Business Day before the scheduled principal or interest payment date; failure to make such payment to the Paying Agent/Registrar on or before the Business Day before the scheduled principal or interest payment date shall not constitute a default under the terms of this Twenty-Seventh Supplement.

Section 19. COMPLIANCE WITH RULE 15c2-12. (a) Annual Reports. The Board shall provide annually to the MSRB, within six months after the end of each fiscal year ending in or after 2018, financial information and operating data with respect to the Board of the general type provided in accordance with the terms of the Twenty-Third Supplement. Promptly after filing such information with the MSRB, a copy of the information filed with the MSRB also shall be provided to a Purchaser in a format acceptable to the Purchaser, with respect to Bonds sold as a private placement. If the Board changes its Fiscal Year, it will notify the MSRB of the change (and of the date of the new Fiscal Year end) prior to the next date by which the Board otherwise would be required to provide financial information and operating data pursuant to this Section. The financial information and operating data to be provided pursuant to this Section may be set forth in full in one or more documents or may be included by specific reference to any document (including an official statement or other offering document, if it is available from the MSRB) that theretofore has been provided to the MSRB or filed with the SEC. All filings shall be made electronically, in the format specified by the MSRB.

(b) Disclosure Event Notices. The Board shall notify the MSRB, in a timely manner not in excess of ten Business Days after the occurrence of any of the following events, notice of any of the following events with respect to the Bonds:

1. Principal and interest payment delinquencies;
2. Non-payment related defaults, if material;
3. Unscheduled draws on debt service reserves reflecting financial difficulties;
4. Unscheduled draws on credit enhancements reflecting financial difficulties;
5. Substitution of credit or liquidity providers, or their failure to perform;
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other events affecting the tax status of the Bonds;
7. Modifications to rights of holders of the Bonds, if material;
8. Bond calls, if material, and tender offers;
9. Defeasances;
10. Release, substitution, or sale of property securing repayment of the Bonds, if
material;

11. Rating changes;

12. Bankruptcy, insolvency, receivership or similar event of the Board;

13. The consummation of a merger, consolidation, or acquisition involving the Board or the sale of all or substantially all of the assets of the University System, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and

14. Appointment of a successor Paying Agent/Registrar or change in name of the Paying Agent/Registrar, if material.

The Board shall notify the MSRB, in a timely manner, of any failure by the Board to provide financial information or operating data in accordance with subsection (b) of this Section by the time required by subsection (a) of this Section. As used in clause 12 above, the phrase "bankruptcy, insolvency, receivership or similar event" means the appointment of a receiver, fiscal agent or similar officer for the University System in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the University System, or if jurisdiction has been assumed by leaving the Board and officials or officers of the University System in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the University System.

(c) **Limitations, Disclaimers, and Amendments.** (i) The Board shall be obligated to observe and perform the covenants specified in this Section for so long as, but only for so long as, the Board remains an "obligated person" with respect to the Bonds within the meaning of the Rule, except that the Board in any event will give notice of any deposit made in accordance with this Twenty-Seventh Supplement or applicable law that causes the Bonds no longer to be Outstanding.

(ii) The provisions of this Section are for the sole benefit of the registered owners and beneficial owners of the Bonds, and nothing in this Section, express or implied, shall give any benefit or any legal or equitable right, remedy, or claim hereunder to any other person. The Board undertakes to provide only the financial information, operating data, financial statements, and notices which it has expressly agreed to provide pursuant to this Section and does not hereby undertake to provide any other information that may be relevant or material to a complete presentation of the Board's financial results, condition, or prospects or hereby undertake to update any information provided in accordance with this Section or otherwise, except as expressly provided herein. The Board does not make any representation or warranty concerning such information or its usefulness to a decision to invest in or sell Bonds at any future date.

(iii) UNDER NO CIRCUMSTANCES SHALL THE BOARD BE LIABLE TO THE REGISTERED OWNER OR BENEFICIAL OWNER OF ANY BOND OR ANY OTHER PERSON, IN CONTRACT OR TORT, FOR DAMAGES RESULTING IN WHOLE OR IN PART
FROM ANY BREACH BY THE BOARD, WHETHER NEGLIGENT OR WITHOUT FAULT ON ITS PART, OF ANY COVENANT SPECIFIED IN THIS SECTION, BUT EVERY RIGHT AND REMEDY OF ANY SUCH PERSON, IN CONTRACT OR TORT, FOR OR ON ACCOUNT OF ANY SUCH BREACH SHALL BE LIMITED TO AN ACTION FOR MANDAMUS OR SPECIFIC PERFORMANCE.

(iv) No default by the Board in observing or performing its obligations under this Section shall comprise a breach of or default under this Twenty-Seventh Supplement for purposes of any other provision of this Twenty-Seventh Supplement. Nothing in this Section is intended or shall act to disclaim, waive, or otherwise limit the duties of the Board under federal and state securities laws.

(v) Should the Rule be amended to obligate the Issuer to make filings or provide notices to entities other than the MSRB, the Issuer agrees to undertake such obligation in accordance with the Rule, as amended.

(vi) The provisions of this Section may be amended by the Board from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, status, or type of operations of the Board, but only if (1) the provisions of this Section, as so amended, would have permitted an underwriter to purchase or sell Bonds in the primary offering of the Bonds in compliance with the Rule, taking into account any amendments or interpretations of the Rule since such offering as well as such changed circumstances and (2) either (a) the registered owners of a majority in aggregate principal amount (or any greater amount required by any other provision of this Twenty-Seventh Supplement that authorizes such an amendment) of the Bonds then outstanding consent to such amendment or (b) a person that is unaffiliated with the Board (such as nationally-recognized bond counsel) determined that such amendment will not materially impair the interest of the registered owners and beneficial owners of the Bonds. If the Board so amends the provisions of this Section, it shall include with any amended financial information or operating data next provided in accordance with subsection (a) of this Section an explanation, in narrative form, of the reason for the amendment and of the impact of any change in the type of financial information or operating data so provided. The Board may also amend or repeal the provisions of this continuing disclosure agreement if the SEC amends or repeals the applicable provision of the Rule or a court of final jurisdiction enters judgment that such provisions of the Rule are invalid, but only if and to the extent that the provisions of this sentence would not prevent an underwriter from lawfully purchasing or selling Bonds in the primary offering of the Bonds.

Section 20. FURTHER PROCEDURES; OFFICIAL STATEMENT. Each Board Representative, and all other officers, employees, and agents of the Board, and each of them, shall be and they are hereby expressly authorized, empowered, and directed from time to time and at any time to do and perform all such acts and things and to execute, acknowledge, and deliver in the name and under the corporate seal and on behalf of the Issuer all such instruments, whether herein mentioned, as may be necessary or desirable in order to carry out the terms and provisions of this Twenty-Seventh Supplement, the Bonds, the sale and delivery of the Bonds and fixing all details in connection therewith, to prepare the Bidding Instructions and Official Bid Form, in the case of Bonds sold through a competitive sale, and to approve any Official Statement, or supplements thereto, in
connection with the Bonds. Any final Official Statement relating to the offering of any series of Bonds, either through a competitive sale or a negotiated sale conducted as a public underwriting, shall be approved by the Vice Chancellor for Finance for the University System. The Vice Chancellor for Finance for the University System is authorized to approve any supplement to the Official Statement incorporating the information contained in the Bond Purchase Agreement, in the case of a negotiated sale conducted as a public underwriting, and the Bidding Instructions and Official Bid Form, in the case of a competitive sale, and such additional information as deemed material consistent with the requirements of the Rule and to authorize the distribution of any such final Official Statement to the initial purchasers of the Bonds for their use in the sale of the Bonds to members of the general public. The use of any such final Official Statement in the offer and sale of the Bonds is hereby approved. In case any officer whose signature shall appear on the Bonds shall cease to be such officer before the delivery of the Bonds, such signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery.

Section 21. REFUNDING. (a) Refunded Bonds. The principal amount of Bonds, if any, issued to refund all or any portion of the Refundable Bonds, and the Refunded Bonds to be refunded, shall be specifically identified in the certificate described in Section 3(b)(i) hereof. The Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, may elect not to refund any or all of the Refundable Bonds, but in no event shall the Bonds be issued for the purpose of refunding Refunded Bonds if the refunding of the aggregate principal amount of the obligations selected for refunding does not result in the minimum amount of savings established in Section 2(b) hereof being achieved. Should Bonds be sold for the purpose of refunding the Refunded Bonds, on or before the date of delivery of the Bonds the Vice Chancellor for Finance for the University System shall execute and deliver to the Board a certificate stating that minimum amount of net present value savings and gross savings resulting from the refunding of the Refunded Bonds herein established has been exceeded. The determination of the Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, relating to the issuance and sale of Bonds to refund Refunded Bonds in such principal amount as provided in the certificate to be executed by the Vice Chancellor for Finance of the University System as described in Section 3(b)(i) hereof shall have the same force and effect as if such determination were made by the Board. The Vice Chancellor for Finance for the University System is hereby directed to effect the prior redemption of any of the Refundable Bonds, and the redemption date or dates for the Refunded Bonds shall be set forth in the certificate to be executed by the Vice Chancellor for Finance of the University System as described in Section 3(b)(i) hereof.

(b) Refunded Commercial Paper Notes. The principal amount of Bonds, if any, issued to refund Refunded Commercial Paper Notes shall be specifically identified in a certificate to be executed by the Vice Chancellor for Finance for the University System in accordance with the provisions of Section 2(c) of this Twenty-Seventh Supplement. The Refunded Commercial Paper Notes are being refunded to convert interim financing into long-term fixed rate financing, as contemplated by the Board in the operation of the interim financing program for the University System. Therefore, the manner in which the refunding of the Refunded Commercial Paper Notes is being executed by the Board does not make it practicable to make the determinations required by subsection (a) of Section 1207.008, Texas Government Code. Concurrently with the delivery of
such Bonds, proceeds in the amount of the principal amount of the Refunded Commercial Paper Notes that are to be refunded and interest thereon with a portion of the proceeds from the sale of the Bonds shall be deposited to the credit of the designated account or accounts within the "Note Payment Fund", established in accordance with the provisions of the Tenth Supplement, with respect to the Series A Commercial Paper Notes, and the Twenty-Fourth Supplement, with respect to the Series B Commercial Paper Notes, to refund those Refunded Commercial Paper Notes designated by the Vice Chancellor for Finance for the University System to be refunded and retired with a portion of the proceeds of Bonds. The determination of the Vice Chancellor for Finance for the University System, acting for and on behalf of the Board, relating to the issuance and sale of Bonds to refund Refunded Commercial Paper Notes shall have the same force and effect as if such determination were made by the Board.

Section 22. **ESCROW AGREEMENT.** The Board shall cause to be deposited with the Escrow Agent, from the proceeds received from the sale of the Bonds sold for such purpose and other available moneys of the Board, an amount sufficient to provide for the refunding of the Refunded Bonds in accordance with Chapter 1207, Texas Government Code, to the extent Bonds are sold for such purpose. The Vice Chancellor for Finance for the University System is hereby authorized, for and on behalf of the Board, to execute and deliver the Escrow Agreement to accomplish the establishing of firm banking arrangements in connection with the refunding of the Refunded Bonds, in the standard form previously approved by the Board, with such changes as the Vice Chancellor for Finance for the University System deems necessary to effect the sale of the Bonds issued for such purpose, and to take such other actions on behalf of the Board to effect the sale of the Bonds issued for such purpose, including, without limitation, causing the redemption of the Refunded Bonds in accordance with the terms of the Supplement authorizing their issuance.

Section 23. **REDEMPTION OF REFUNDED COMMERCIAL PAPER NOTES.** The Board authorizes a Board Representative, acting in accordance with the terms of the Twenty-Fourth Supplement, to cause the Series B Commercial Paper Notes refunded with proceeds of Bonds to be redeemed prior to their stated Extended Maturity Date (as such term is defined in the Twenty-Fourth Supplement), at a price of no less than par plus accrued interest, if any, to the date fixed for redemption.

Section 24. **DTC LETTER OF REPRESENTATION.** The previous execution and delivery of the DTC Blanket Letter of Representations with respect to obligations of the Board is hereby ratified and confirmed; and the provisions thereof shall be fully applicable to the Bonds.

Section 25. **COMPLIANCE WITH SECTION 2252.908, GOVERNMENT CODE.** The Vice Chancellor for Finance for the University System shall confirm that, to the extent required by Section 2252.908, Texas Government Code, each contracting party in connection with the issuance of Bonds either has made disclosure filings to the Texas Ethics Commission in accordance with Section 2252.908, Texas Government Code, or represents to the Vice Chancellor for Finance for the University System that it is exempt from making such disclosure filings under Section 2252.908(c)(4), Texas Government Code. Within thirty (30) days of receipt of the disclosure filings
from the contracting party, the Vice Chancellor for Finance for the University System will submit a copy of the disclosure filings with the Texas Ethics Commission.

Section 26. **REPEAL OF CONFLICTING RESOLUTIONS.** All resolutions and all parts of any resolutions (other than the Master Resolution) which are in conflict or inconsistent with this Twenty-Seventh Supplement, are hereby repealed and shall be of no further force or effect to the extent of such conflict or inconsistency.

Section 27. **RULES OF CONSTRUCTION.** For all purposes of this Twenty-Seventh Supplement, unless the context requires otherwise, all references to designated Sections and other subdivisions are to the Sections and other subdivisions of this Twenty-Seventh Supplement. The words "herein", "hereof" and "hereunder" and other words of similar import refer to this Twenty-Seventh Supplement as a whole and not to any particular Section or other subdivision. The principal amount of the Bonds required to be redeemed on each such redemption date pursuant to the foregoing operation of the mandatory sinking fund shall be reduced, at the option of the Issuer, by the principal amount of any Bonds, which, at least 45 days prior to the mandatory sinking fund redemption date, (1) shall have been acquired by the Issuer and delivered to the Paying Agent/Registrar for cancellation, or (2) shall have been acquired and canceled by the Paying Agent/Registrar at the direction of the Issuer, in either case at a price not exceeding the par or principal amount of such Bonds, or (3) have been redeemed pursuant to the optional redemption provisions set forth above and not theretofore credited against mandatory sinking fund redemption. WITH RESPECT TO any optional redemption of this Bond, unless the Paying Agent/Registrar has received funds sufficient to pay the principal and premium, if any, and interest on this Bond to be redeemed before giving of a notice of redemption, the notice of redemption may state the Issuer may condition redemption on the receipt by the Paying Agent/Registrar of such funds on or before the date fixed for the redemption, or on the satisfaction of any other prerequisites set forth in the notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption and sufficient funds are not received, the notice shall be of no force and effect, the Issuer shall not redeem this Bond and the Paying Agent/Registrar shall give notice, in the manner in which the notice of redemption was given, that this Bond has not been redeemed.

The form of Assignment printed or endorsed on this Bond shall be executed by the registered owner or its duly authorized attorney or representative, to evidence the assignment hereof. A new Bond or Bonds payable to such assignee or assignees (which then will be the new registered owner or owners of such new Bond or Bonds), or to the previous registered owner in the case of the assignment and transfer of only a portion of this Bond, may be delivered by the Paying Agent/Registrar in exchange for this Bond, all in the form and manner as provided in the next paragraph hereof for the exchange of other Bonds. and, to the extent permitted by law, the Issuer and the Paying Agent/Registrar shall not be affected by any notice to the contrary.

ALL BONDS OF THIS SERIES are issuable solely as fully registered bonds, without interest coupons in the denomination of any integral multiple of $5,000 (an "Authorized Denomination"). As provided in the Bond Resolution, this Bond, or any unredeemed portion hereof, may, at the request of the registered owner or the assignee or assignees hereof, be exchanged for a like aggregate principal amount of fully registered bonds, without interest coupons, payable to the appropriate registered owner, assignee, or assignees, as the case may be, having the same maturity date, in the same form, and bearing interest at the same rate, in any Authorized Denomination as requested in writing by the appropriate registered owner, assignee, or assignees, as the case may be, upon surrender of this Bond to the Paying Agent/Registrar for cancellation, all in accordance with the form and procedures set forth in the Bond Resolution.

WHENEVER the beneficial ownership of this Bond is determined by a book entry at a securities depository for the Bonds, the foregoing requirements of holding, delivering, or transferring this Bond shall be modified to require the appropriate person or entity to meet the requirements of the securities depository as to registering or transferring the book entry to produce the same effect.

IN THE EVENT any Paying Agent/Registrar for the Bonds is changed by the Issuer, resigns, or otherwise ceases to act as such, the Issuer has covenanted in the Bond Resolution that it promptly will appoint a competent and legally qualified substitute therefor, and promptly will cause written notice thereof to be mailed to the registered owners of the Bonds.

Title: Amendment to Regents Rule 04.1000, Retirement and Deferred Compensation Plans

Background:
State law requires UNT System employees to participate in a retirement plan, with two options based on eligibility:

- **Teacher Retirement System (TRS),** a defined benefit or pension plan. This is the statewide retirement plan for teachers and higher education employees. Participation on the part of all employees is mandated by law, although certain employees may opt into the defined contribution plan. Contribution rates and employer match are set by statute.

- **Optional Retirement Plan (ORP),** a defined contribution plan authorized under Section 403b of the Tax Code. Eligibility is based on job position, typically faculty and certain administrators. For those eligible, the program provides an optional one-time election in place of mandatory TRS participation; approximately 20% of employees participate in this plan. Contribution rates and employer match are set by statute. State law requires the System to offer investment options from at least four vendors.

Deferred compensation plans offered to faculty and staff include:

- **403(b) Voluntary Tax Sheltered Annuity Plan,** which is open to all faculty and staff. Contributions are voluntary.

- **457(b) Deferred Compensation Plan,** which is open to all faculty and staff and administered by the statewide Texa$aver program. Contributions are voluntary.

As reported to the Board in August 2017, the System has underway a review of its ORP and deferred compensation plans. This project benefits employees by facilitating best practices for retirement plan administration, including:

- Improving the governance structure and plan administration,
- Reducing participant fees,
- Improving investment options and fund offerings, and
- Establishing regular reviews and updates.

Updates to the Regents Rules governing the System’s retirement plan offerings are necessary to comply with law and best practice. The proposed changes are set forth in the attachment to this briefing and order. Key changes include:

- Section 04.1004 clarifies the delegation of non-fiduciary authority for business decisions related to the retirement plans and delegates fiduciary duties and responsibilities for administration of the retirement plans, and requires the fiduciary to adopt an investment policy to guide the selection of investment options and fund offerings.

- Section 04.1005 establishes a retirement plan advisory committee to assist with the review and analysis of the retirement plans and investment options.

- Section 04.1006 provides for investment managers and investment advisors to assist with fiduciary duties and decisions.
Section 04.1007 provides indemnity, to the extent permitted by law, for employees that undertake a fiduciary role in administration of the retirement plans.

The additional subsections to Section 04.1003 authorize the establishment of a 457(b) Deferred Compensation Plan. Upon adoption of plan documents by the Board, UNT System may request that all deferred amounts and investment income currently managed by the statewide Texa$aver program be transferred to the UNT System 457(b) Deferred Compensation Plan. Bringing the 457(b) voluntary plan under the administration of UNT System will provide for easier participant enrollment and will allow for better alignment across the board of all retirement and deferred compensation programs and investment options offered to employees. Upon transfer of all Texa$aver funds, the Texa$aver program would then cease to be an option available to UNT System faculty and staff.

The Board has authority to adopt these amendment under Texas Education Code § 105.101 which grants the Board the power to adopt rules and policies for the administration of the Board’s powers and duties.

Financial Analysis/History:

There are no fiscal implications related to the adoption of this revised Regents Rule.

Title: Approval to Restructure and Renew UNT System’s Existing Converged Computer Infrastructure

Background:

In FY15, UNT System, upon approval of the recommendation of IT Shared Services (ITSS), entered into a five year lease agreement with Key Government Finance, Inc. to replace the aging servers and storage systems that provide productions systems (e.g., financial, student systems, virtual servers, etc.). Instead of replacing the systems, an alternate strategy of converged infrastructure was designed and created. The converged infrastructure strategy incorporates computing, memory, storage and automation in pre-built integrated racks, while providing better performance, higher availability and better overall management.

ITSS recommends the restructure and renewal of the current five year lease to capitalize on acquiring and utilizing new equipment while increasing our memory, storage, and computing capacity. This lease restructure also includes adding the converged infrastructure equipment at Discovery Park (DP), while refreshing the infrastructure in the Data Center within the General Academic Building (GAB).

ITSS is seeking approval to enter into a restructured renewal of our five-year lease with Dell Financial Services LLC. This lease would continue our fixed costs to the UNT System during the entire lease term (five-year) without an increase. At the end of the lease period, ITSS will have the option to purchase this equipment for $1 or replace with Next Generation Systems or Cloud based solutions.

Financial Analysis/History:

This project will continue and expand the efforts of ITSS to streamline operations while keeping the yearly lease payment unchanged. The current annual lease payment of $1,336,435.80 will remain the same with a five-year cost of $6,682,179.00.

The lease will not require an increase in budget allocations for FY19 as the cost fits within the operating budget for ITSS.

ITSS will trade in old equipment as part of this procurement. In addition, this new infrastructure will help us avoid replacing end of life servers at DP. That is a cost avoidance of roughly $875K.

During review of alternatives to this proposal, no other provider was found to match or beat this figure while including the equipment at DP in addition to the GAB. Costs of a cloud platform from Google, Amazon and Microsoft were compared to this project and it was determined to cost 30-67% more than the proposed on premise hybrid solution.

Title: Honorific Naming of the Student Exhibition Gallery in the College of Visual Arts and Design (CVAD, Room C105) as “The Paul Voertman Gallery”

Background:

Regents Rule 09.200, Naming of Property, Programs and Academic Positions, specifically 09.203 Naming Opportunities and Necessary Approvals, Item 1 Honorific Namings, requires Board of Regents approval for all honorific namings. This item requests an honorific naming under this Rule and is brought to the Board for review and approval.

Paul Russell Voertman was born in Denton on April 30, 1929. He grew up near the University of North Texas campus, where his parents ran Voertman’s Bookstore. He attended UNT for two years before transferring to the University of Texas at Austin, where he received a bachelor’s degree in economics. After his father passed away, Paul took over the family business and remained at the helm for 38 years.

Paul was deeply committed to and passionate about UNT. He established The Voertman Student Art Competition in 1960; endowed the Voertman / Academy of American Poets prize in 2013; and honored his late partner, Richard Ardoin, with a $1.5 million gift for the Richard Ardoin-Paul Voertman Concert Organ.

Paul passed away on June 21, 2017. As a result of his generosity, UNT received its largest-ever bequest from his estate. The gift is projected at more than $10M, of which $9.3M has already been received. This bequest is shared equally among the Colleges of Visual Arts and Design, Music, and Liberal Arts and Social Sciences. Paul’s gift will result in monumental impact for UNT students, faculty, and programs for generations to come. UNT is also the recipient of a $1.4M Charitable Remainder Unitrust established by Paul’s late partner, Richard Ardoin.

Paul was the very embodiment of academic and artistic values, impeccable taste, generosity of heart and mind, and abiding commitment to student success. His philanthropic benevolence has and will continue to make a distinct difference for current and future generations of UNT students. In honor of Paul’s vision for and investment in the arts at UNT, it is recommended that the student exhibition gallery in the College of Visual Art and Design’s Art Building (Room C105) be named The Paul Voertman Gallery.

Title: Delegation of Authority to the University of North Texas Health Science Center President for Approval of UNTHSC Intergovernmental Transfers (IGT) of Funds for FY 2019 in the Texas Healthcare Transformation and Quality Improvement Program (1115 Transformation Waiver)

Background:
At the November 2012 quarterly meeting, the UNT System Board of Regents approved UNT Health Science Center (UNTHSC) as a participant in the Texas Healthcare Transformation and Quality Improvement Program (“1115 Transformation Waiver”). This initiative allows the State to expand Medicaid managed care while preserving hospital and provider funding, provides incentive payments for health care delivery system improvements, and directs more funding to hospitals and providers that serve large numbers of uninsured patients. The 1115 Transformation Waiver has two funding pools, one for Uncompensated Care (UC), and the other for Delivery System Reform Incentive Payments (DSRIP).

1. UC Pool Payments are designed to help offset the costs of otherwise uncompensated care provided to patients by hospitals or other providers.

2. DSRIP Pool Payments are incentive payments to hospitals and other providers that develop programs or strategies to enhance access to health care, increase the quality of care, and improve cost-effectiveness of care provided and the health of the patients and families served.

Under the 1115 Transformation Waiver, eligibility to receive UC or DSRIP payments requires participation in a regional healthcare partnership (RHP). UNTHSC is a participant in RHP 10 that includes Tarrant, Ellis, Erath, Hood, Johnson, Navarro, Parker, Somervell, and Wise Counties. Tarrant County Hospital District (d/b/a JPS Health Network) is the anchor for RHP 10.

Under the 1115 Transformation Waiver, certain governmental entities may make Intergovernmental Transfers (IGT) of eligible state and local funds, which then receive a federal match to fund UC or DSRIP payments to the governmental entity.

At the August 17-18, 2017 meeting, the UNT System Board of Regents approved the delegation of authority for the Chancellor to approve UNTHSC IGTs for FY 2018 totaling an estimated $24.5 million in order to receive an estimated $33.6 million in federal matching funds.

Financial Analysis/History:
In September 2017, for the 1115 Transformation Waiver Program, UNTHSC sent an IGT of $1,415,294 related to UC and received a federal match of $1,814,497. In October 2017, UNTHSC sent an IGT of $211,904 related to UC and received a federal match of $271,674. In January 2018, UNTHSC sent an IGT of $12,326,704 related to DSRIP and received a federal match of $16,260,272. In February 2018, UNTHSC sent an IGT of $1,192,166 related to UC and received a
federal match of $1,572,598. In June 2018 UNTHSC sent an IGT in the amount of $42,820 for Waiver monitoring and an IGT of $2,429,073 related to DSRIP and received a federal match of $3,204,213.

During FY 2019, UNTHSC expects to IGT as much as $10.7 million to receive federal matching funds totaling as much as $14.3 million related to DSRIP projects. The timing and amounts of these IGTs will be directed by HHSC and could vary slightly depending on subsequent project valuation modifications by the federal Centers for Medicare and Medicaid Services and project performance by UNTHSC.

For UC, UNTHSC expects to IGT as much as $1.4 million to receive a federal match totaling as much as $1.9 million during FY 2019.

**Legal Review:**

This item has been reviewed by General Counsel.

**Schedule:**

In accordance with subsequent direction and timing from the Texas Health and Human Services Commission and the federal Centers for Medicare and Medicaid Services.

**Recommendation:**

It is recommended that the UNT System Board of Regents delegate authority to the UNTHSC President to approve UNTHSC to IGT the appropriate funds, as much as $12.1 million, as outlined above, in order to receive as much as $16.2 million in federal matching funds under the DSRIP and UC payment pools of the 1115 Transformation Waiver.

Title: Approval to Request to Exceed the Full-time Equivalent Limitation for FY19

Background:

Limitations on full-time equivalent ("FTE") employees paid by appropriated funds ("FTE cap") are established every two years by the State Legislature in the General Appropriations Act ("GAA"). Components of the UNT System operate using both appropriated funds and non-appropriated funds and pay employees out of both, but FTE caps were not adjusted to reflect the mix and use of different sources of funding.

Article IX, Section 6.10 of the General Appropriations Act requires a governing board to submit a request to the Governor and Legislative Budget Board annually if a component of the System anticipates exceeding the FTE cap by the lesser of 110 percent or 50 FTE.

UNT Dallas anticipates exceeding its FTE cap by 41.0 in FY2019. The addition is due to the rapidly growing student body outpacing estimates and producing more General Revenue – Dedicated (GR-D) funding than anticipated. The FTE cap in the GAA was not adjusted to reflect the increase in GR-D funding. The expected increase in FTEs is primarily a result of the increased funding items that support Instruction.

Financial Analysis/History:

The recommendation to report and request to exceed FTE caps has no fiscal impact; exceeding FTE limitations is a product of existing state appropriations.

Background:

For the University of North Texas System (the “System”) to proceed with the design, planning, acquisition and/or construction of various capital projects, costs (not to exceed $356,000,000) will be incurred prior to the issuance of debt obligations, or establishment of other funding mechanisms, to finance the projects.

Title: Resolution Declaring Intention to Reimburse Certain Expenditures with Proceeds from Debt

At an official meeting of the Board of Regents of the University of North Texas System properly posted and held on August 9-10 2018, pursuant to a motion made by Regent and seconded by Regent, the Board approved the motion presented below:

Whereas, the Board of Regents (the “Board”) of the University of North Texas System (the “System”) is an agency of the State of Texas, and

Whereas, the System expects to pay expenditures in connection with the design, planning acquisition and construction of the projects described as being debt financed in the UNTS Capital Improvement Plan for Fiscal Year 2019 (collectively, the “Project”) prior to the issuance of obligations by the System in connection with the financing of the Project from available funds, and

Whereas, the System finds, considers, and declares that the reimbursement of the System for the payment of such expenditures will be appropriate and consistent with the lawful objectives of the System and, as such, chooses to declare its intention, in accordance with the provisions of Section 1.150-2 of the Treasury Regulations, to reimburse itself for such payments at such time as it issues obligations to finance the Project.

Now, Therefore, The Board of Regents authorizes and approves the following:

1. The System reasonably expects it will incur debt, as one or more series of obligations, with an aggregate maximum principal amount not to exceed $356,000,000, for the purpose of paying the aggregate costs of the Project.

2. All costs to be reimbursed pursuant hereto will be capital expenditures. 08.2005 Investment of System Funds.

1. Investment Strategy. The investment management objective for the System is to retain appropriate liquidity to meet daily operating demands and Commercial Paper self-liquidity coverage requirements while seeking higher yield on available funds through an appropriately diversified investment portfolio. All Funds Subject to Board of Regents Control shall be invested pursuant to a Prudent Person Standard. All System endowment funds shall be invested pursuant to a Prudent Person Standard and shall be managed through the Short Term Pool (STP), Intermediate Investment Pool (IIP), and the Long Term Pool (LTP) to meet short, intermediate, and long term investment objectives. All UNTHSC medical professional liability self-insurance plan funds shall be invested pursuant to a Prudent Person Standard. All other System Funds shall be deposited in an approved depository bank, invested pursuant to the Public Funds Investment Act, or deposited in the State Treasury as prescribed by Texas Education Code § 51.008.

2. Short Term Pool (STP). Short term working capital funds are needed for daily liquidity requirements and thus shall generally be held in accounts or investments providing daily liquidity. The objective of this pool is to provide sufficient daily liquidity while meeting or exceeding the results of the Bloomberg Barclays US 1-3 Month T-bill index. No investments held in the STP will have a maturity date greater than ninety (90) days from the settlement date and the pool shall have a maximum weighted average maturity of thirty (30) days. System-wide, the combined balances that comprise the STP should be no less than 10% and no more than 20% of the sum total of all three investment pools. It is understood that fluctuations in market value and the timing of cash flows can cause temporary swings in these percentages that might exceed the established boundaries. Consideration will be given to credit and liquidity risks when determining the diversification of accounts and investments.

a. Authorized Investments.

i. fully collateralized repurchase agreements or demand accounts deposited with an approved depository institution;
ii. money market mutual funds;
iii. approved Local Government Investment Pools;

c. **Investment Objectives.**
   i. Safety of Principal
   ii. Liquidity
   iii. Current Income
   iv. Appreciation
   v. Diversification

3. **Intermediate Investment Pool.** Excess cash that may on occasion be needed for liquidity purposes shall be invested in the Intermediate Investment Pool (“IIP”). The objective of this pool is to put dormant cash to work in higher yielding investments than the STP while still prioritizing safety of principal and liquidity, and meeting or exceeding the results of the Bloomberg Barclays U.S. Universal 1-5 Year Index. Investments in this pool shall not have a maturity date that exceeds seven (7) years and the maximum duration of the pool shall not exceed three (3) years. The balance in this pool should generally be at least 20% but not more than 60% of the sum total of all three investment pools. It is understood that fluctuations in market value and the timing of cash flows can cause temporary swings in these percentages that might exceed the established boundaries.

   i. Bond mutual funds;
   ii. Asset-backed securities (ABS);

Long term cash reserves shall generally constitute at least 25% but not more than 60% of the sum total of all three investment pools. It is understood that fluctuations in market value and the timing of cash flows can cause temporary swings in these percentages that might exceed the established boundaries.

The purpose of the following objectives is to facilitate the discussion and evaluation of the LTP performance:

- Outperform the weighted strategic benchmark over rolling five year periods.
- Total return goal for the LTP is to exceed the Consumer Price Index plus 4% over rolling ten year periods or as adjusted by the strategic allocation.
- Each investment manager will be evaluated by the managing entity versus a benchmark and/or a peer universe.

Title: Award of Honorary Degree

Background:

From time to time, UNT awards honorary bachelor's degrees to recognize individuals for meritorious public service, national recognition and contributions that have enhanced society as a whole and for those who have a noteworthy relationship with UNT. In accordance with UNT Policy 4.003 Honorary Degree Awards, Mr. James F. McIngvale's nomination was proposed by the Division of Advancement and forwarded to the President's Cabinet who served as the Honorary Degree Committee for this review. The committee recommended the award of an honorary bachelor's degree to the President.

An honorary Bachelor of Arts degree is recommended for Mr. McIngvale during UNT's Spring 2019 Commencement or an appropriate alternate event.

James Franklin McIngvale (born February 11, 1951) is a businessman and philanthropist from Houston, Texas. He attended UNT from 1972-1974, where he was linebacker and North Texas football letterman under Coach Hayden Fry.

McIngvale began the Gallery Furniture with nothing more than $5,000, an old pick-up truck and roadside tents. McIngvale’s success has allowed him to become a major philanthropist to UNT, the Houston community and the world. In 2005, he made a transformational commitment of $1,000,000 for a new athletic center, spurring the renovation of the athletic complex. Jim stated, “I believe in UNT and what it has done for literally hundreds of thousands of students over the years...I wanted to do something to help the athletic department.”

He has established a fund to assist Santa Fe High School; provided more than 500 families with furniture each Christmas for the past 30 years; collaborated with ACE Scholarships to provide children of low-income families with tuition assistance for Houston-area private schools; and furnished United Service Organizations (U.S.O.s) around the world.

When his Houston community was devastated by the catastrophic flooding of Hurricane Harvey, McIngvale opened his stores to provide meals and shelter to hundreds of evacuated residents. At this time, McIngvale was displaced from his own home, but he stayed to help others impacted by the flooding. North Texas athletics partnered with McIngvale to rally the local Mean Green community to donate funds and bottled water to affected Houston residents and received national news coverage.

McIngvale’s generosity at UNT, in the Houston community, the United States and worldwide is a shining example of hard work, a good education and a philanthropic heart. In recognition of his generosity, business achievements, and philanthropic efforts, it is recommended that an honorary bachelor's degree be awarded to for Mr. McIngvale.

Pending his/her review and support to continue the nomination, the Provost will forward his/her recommendation to the President for recommendation to the UNT System Board of Regents for approval. Only the Board of Regents may award the designation of Regents’ Professor.
