The University of North Texas System Board of Regents will meet on May 23 from 8:30 a.m. until approximately 5:00 p.m.

Agenda items are scheduled to follow each other consecutively and may start earlier or later than the posted time depending on the length of the discussions and the reports of previous items. Please note that the estimated times given in the posting are only approximate and may be adjusted as required with no prior notice.

Any members of the Board may attend committee meetings. Because some Board members who are not committee members may attend committee meetings and thereby create a quorum of the full Board, committee meetings are also being posted as meetings of the full Board.

Meetings will take place at the Lee F. Jackson Building. Please contact the Office of the Board Secretary with any questions at 214.752.5545.

Next Steps

1. System-wide conversations on survey outcomes with our teams.

2. We are working to obtain a benchmark specific to higher education. This will help us determine our progress towards becoming a “Great Place to Work.”

3. Continue to make progress on our 2020 goal of becoming a “Great Place to Work.” We are closer to meeting the Gallup, Great Place to Work Award application criteria every year.

RFP Development – 100% Complete

Business Process & Application Function Evaluation – 100% Complete

RFP Evaluation – 10% Complete

Organizational Readiness Survey, Implementation Planning and Total Cost of Ownership – 15% Complete

Contract Negotiations - Pending
Key Next Steps

Evaluation of Proposals:
• Evaluation Committee Orientation (May)
• Review and analyze vendor responses (May-June)
• Vendor demos (June-July)
• Evaluation Committee provides final scoring Steering Committee (August)

Implementation Planning & Readiness:
• Create & administer organizational readiness survey (April-May)
• Develop & present organizational readiness report (June)
• Develop high level implementation plan & total cost of ownership (July-August)
Agenda

• Methodology
• Feedback
• Assessment
• Recommendations
• Discussion
Methodology

General High Level Assessment – Self-Performed

Opportunity to learn the organization and apply my past experience with other organizations

Targeted Assessments – Ongoing

Utilizing select external experts to drill into specific opportunities for improvement in key areas

• Procurement and Contracting
• Project Management
• Operations and Maintenance
Methodology: Documentation Review

**Governing Documents**
- Legislation
- Regents Rules
- Current UNT System Administration Policies

**Miscellaneous**
- University of Texas System Administration Task Force Organizational Assessment
- Past UNT Presentations and Associated Documentation
- Individual Institutions’ Missions, Visions, Values, etc.
Methodology: Input from Key Stakeholders

- Chancellor
- Vice Chancellors
- Presidents
- Provosts
- Student Affairs Leaders
- Select Deans
- Outside Consultants
- Senior System Staff
- System OFPC Staff
- Campus Financial Officers
- Campus Facilities Leaders
- Texas System Counterparts
- Continuing ...
Methodology: Baseline Analytics

• Reviewed Available Data
  • Limited in some areas
  • Shortage of recorded historical performance data

• Reviewed Current Scope of System Services
  • By definition and rule
  • By practice

• Evaluated Service Offerings & Requests Against Current Organizational Structure

• Reviewed Past Expenses and Current and Projected Budgets
Feedback: Key Themes and Requests

- Expand Real Estate Services
  - Increase understanding of local market conditions adjacent each campus
- Increase Sense of Urgency
- Enhance Overall Space Planning
- Streamline Processes
- Increase Collaboration and Transparency on Capital Projects
  - Gain a better understanding of each campus’s culture and mission
  - Involve customer base in the critical project decision process
Assessment: Observations

• **Approach to Projects Could be More Strategic**
  - Budget, management and decision making skills could be enhanced
  - Planning functions could be more integrated

• **Data Collection to Inform Long Range Decisions Is Lacking**
  - Improve modernization and renewal by capturing more facility assessment data

• **Campus and System Facilities Operations Could be Better Integrated**
  - Duplicative vs complementary System and Campus staffing in some areas

• **System Real Estate Functions Are Limited**
  - Current function is predominantly acquisition and disposition

• **Capital Project Designs Do Not Effectively Incorporate Total Cost of Ownership**
  - Signs of premature system failures and burden on facility operations
Assessment: Observations

- Service Providers Often Not Giving Us Their “A” Teams
- Facilities Staff Not Fully Connected to University Missions
  - Missing the “why we do what we do”
- Much of the Work is Reactionary vs. Proactive
  - Planning is occurring in pockets and when time allows
  - Space Planning could be much more connected and integrated throughout
- Master Plans are Not Being Optimized or Maintained as Leading Documents
- Collective Team of Campus and System Staff Has a Strong Base
- UNT World is Well-Positioned in the Marketplace
  - Work is highly sought after
  - Overall reputation in the market is high
- Top Quality Consultants Have Been Utilized on Work to Date
**Assessment: Challenges**

- **Service Offerings Do Not Fully Align With Customer Needs/Desires**
  - New skills are required and need to be either developed or acquired
- **Surge in Work Has Taken Its Toll**
  - Staff working hard, but sometimes missing important signs
  - Diminished sense of urgency
  - Service providers responding in kind and not providing the attention we deserve
- **Local Construction Market is Fairly Saturated**
  - Shortage of available high quality service providers
  - Onerous processes put us at risk of losing quality service provider interest
- **Use of Progressive Contracting Methods is Limited by Rule**
- **Lack of Clarity for Future Project Volume May Create Staffing Challenges**
  - Without TRBs, Design & Construction work drops off significantly in November
Recommendations: Planning

• Bolster Planning Process to Ensure All Aspects of Facility Management are Effectively Integrated

• Strengthen Connection of All Contributing Units

• Connect the Dots from Beginning to End
  • Identify key players and ensure the process maximizes input and strengths regardless of reporting lines

Strong Planning is the Key to Long Range Success
Recommendations: Process

Develop a comprehensive process that fully informs the long range capital project decisions

Perform Comprehensive Facility Assessments

Develop Unit Level Facility Master Plans and Link to the Unit and University Strategic Plans

Develop a Capital Plan informed by the Strategic Plans and Unit Master Plans

Implement Capital Projects informed by the Strategic Plans and Unit Level Facility Master Plans
**Recommendations: Maintenance & Operations**

- **Perform Facility Assessments for All Major Facilities**
  - Informs long range and short range decisions
- **Identify Funding to Support Projects with Financial Paybacks**
  - Reduce energy and/or daily maintenance costs
- **Increase Preventive and Predictive Maintenance**
  - Requires initial investment, but has short payback term along with increased building performance and increased customer satisfaction
- **Shift to Reliability-Based Maintenance Decision Making**
  - Priority-based decisions, i.e., protect critical assets and let non-critical assets run to failure
- **Create Mechanism to Share Expertise and Best Practices from Each Location**
Recommendations: Real Estate & Development

- Enhance Skills to Make This Function More Strategic
- Gain Greater Understanding of Local Market
  - Identify opportunities before they hit the market
- Work with Local Developers on Potential Partnerships
- Employ Public-Private Partnerships to Enhance Universities’ Missions
  - UNT: Facilities adjacent to Frisco campus
  - UNT Dallas: Dining, Housing, Parking
  - UNTHSC: Multiple opportunities
Recommendations: Design & Construction

• Increase Understanding/Empathy for Each Institution’s Challenges
• Increase Sense Of Urgency and Review Opportunities for More Progressive Project Delivery
• Empower Staff to Demand Highest Level of Quality from Service Providers
• Improve Level Of Sophistication and Competence
• Establish Common Contracting, Accounting, and Project Management Tools and Processes
• Develop Integrated Team and Share/Optimize Resources Regardless of Location
  • Reduce/Eliminate Duplication of Efforts
  • Retain High Quality Performers, Reduce Learning Curve
Recommendations: General

- Establish Comprehensive, Integrated Approach to All Aspects of Facilities Management
  - Integrate more seamlessly as one collective team to take advantage of pockets of expertise regardless of location
- Train Staff on Lean Practices and Review Processes for Contemporary Relevance
- Match Service Offerings to Campus Missions And Philosophies
  - One size and one product does not fit all
- Develop Structure to Leverage Best Practices Across Campuses
  - Merge facilities for System Building with UNT Dallas COL operations
  - Partner with UNT for work order management system to support System Building and UNT Dallas COL
- Increase System Contract Administration and Accounting Support to UNTHSC and UNT Project Management
- Enhance Strategic Approach to Facilities Acquisition and Development at All Locations
- Reorganize System Facilities Office and Align Associated Budget/Funding Model to Support Recommendations

UNT Dallas
Strategic Plan Review

Bob Mong, President
Goal: Grow Enrollment & Graduation

Action Update: Enrollment, FTIC Retention, Degrees Awarded

- **Enrollment**
  - Targeted Recruitment
    - Fall 2019 enrollment target: **4,300 students**
  - Key Community Partnerships
    - Principal Impact Collaborative
  - Strategic enrollment committee looking at intercollegiate athletics, international programming, retention initiatives, and UNTD downtown space
    - Athletic fee authorization is moving through House and Senate committees
    - International Studies Abroad (ISA) selected as international partner with a trip to London in Summer 2020; broad student support
    - Multiple studies underway for downtown building utilization
- **FTIC Retention**
  - Closing the gap between UNTD’s rate and the state average. First-time, full-time student retention from Fall 2018 to Spring 2019 was 87.2%; encouraging but needs continued attention.
  - UNTD has the **lowest debt** upon graduation from all public universities in the USA.
- **Degrees Awarded**
  - We project 452 UG and 78 GR graduates for a total of 530 graduates in May 2019. In May 2018, we had 371 graduates. This is an **increase of 42%**.
  - Estimate for AY 2018-2019 is 868; actual will be **greater** than 900.
  - May 2019 Commencement Speaker is Tom Joyner.

**Long-term Targets:**

- → **4,300 Headcount by Fall 2019**
- → **975 Total Degrees Awarded by FY 20**
Goal: Grow Research

Action Update: UNTD Office of Sponsored Projects (OSP)

- Implementation was September 1, 2018
- Three new awards: THECB Foundation ($192,500), Substance Abuse & Mental Health Services Administration ($301,894), and Texas Health Resource ($134,992)
- Training Sessions On:
  - Institutional Review Board (IRB)
  - Proposal and Budget Development Workshops
  - Mandatory Principal Investigator (PI)
- Online IRB Application started in January 2019
- OSP continues to identify funding opportunities and work with faculty/staff to submit proposals that fit our status as a developing University
- 4th Annual Student Research Symposium held in April 2019
  - 47 students and 13 faculty participants
  - Judges commented that the quality of the presentations were comparable to national conferences

Long-term Target: TBD; No projections in SP
Goal: Grow Foundation Assets

Action Update: UNTD Foundation, Fundraising

- Started FY 2016 at $0 (baseline)
  - $4,360,666 cumulative raised FY 2016, FY 2017, & FY 2018
  - FY 2019 collected year-to-date is $2,292,815
  - To date, $6,653,481 cumulative raised FY 2016, 2017, 2018, and 2019
- UNTD Foundation Reconstruction
  - 11-member board is active
  - Since formation in 2012, first-ever audit completed with good, informative results; second audit scheduled for Summer 2019
  - 100% participation at November 2018 Board Retreat and February 2019 Winter Meeting. Key accomplishments:
    - Board Officers Installed
    - Standing Committees established: Audit & Finance Committee; Nominating & Development Committee
    - Committees are active and working

Long-term Target: $1.20M by FY20
Goal: Grow Foundation Assets

CONTINUED Action Update: UNTD Foundation, Fundraising

• Establishing a presence in the donor community and active fundraising
  • Wide circulation of “Why Invest in UNT Dallas” presentation to high-net worth individuals, corporations, and foundations
  • Ribbon-cutting ceremony for UNTD Student Center was on May 14; Hart Amphitheater and Student Center Grand Opening event scheduled for August 26
  • UNT Dallas Law Center (formerly COL Municipal Building) ribbon-cutting and fundraising event will be at The Statler on June 6
  • UNT Dallas is taking an active role in plans to develop the $2 million Phase I of Five Mile Creek Greenbelt
    • 1.9-acre parcel on Overton Road by South Oak Cliff High School & 40-acre parcel on Simpson Stuart Road at Bonnie View
  • More than 30 high net-worth individuals and foundations from local, regional, and national areas are scheduled to visit campus in Summer 2019
  • At the invitation of Chancellor Roe, the Texas Women’s Foundation (formerly the Dallas Women’s Foundation) hosted its annual #BestSelf leadership conference in our new Student Center on May 18. More than 300 girls ages 11-16 gathered for a day of empowerment, leadership development, and inspiration as they gained knowledge and resilience to be their “best selves.”

Long-term Target: $1.20M by FY20
Goal: Grow Top Rated Programs

BOARD OF REGENTS
Audit Committee
February 14, 2019

The Audit Committee of the Board of Regents of the University of North Texas System convened on Thursday, February 14, 2019, in Founders Hall, Room 138, at the University of North Texas at Dallas, 7300 University Hills Blvd., Dallas, Texas, with the following members in attendance: Regents Glen Whitley, Mary Denny, A.K. Mago, and Laura Wright.

There being a quorum present, the meeting was called to order by Committee Chairman Whitley at 3:13 p.m. The minutes of the November 15, 2018, Audit Committee meeting were approved on a 4-0 vote following a motion by Regent A.K. Mago seconded by Regent Laura Wright.

The Committee considered one action item, presented by Tracy Grunig, UNT System Chief Audit Executive, and Ben Kohnle, Partner at Grant Thornton, following a presentation by Mr. Kohnle.

10. UNTS Acceptance of the Externally Audited UNT System FY18 Comprehensive Annual Financial Report

Pursuant to a motion by Regent Laura Wright seconded by Regent Mary Denny, the Committee approved the above action item on a 4-0 vote.

The Committee received two briefings from the UNT System Chief Audit Executive, Tracy Grunig. The first was a Report of Audit Activities. The second was an update on the UNT System Enterprise Audit Report Inventory.

Committee Chairman Whitley noted there was one background report. There were no questions.

There being no further business, the Committee meeting adjourned at 3:47 p.m.

Activities reflected within are as of March 31, 2019
First Quarter Accomplishments

• Enterprise Risk Assessment Process Development
  • Researched different approaches, frameworks, best practices and tools
  • Shared information based on prior experiences with audit risk assessments
  • Participated in discussions to evaluate ideas for implementation

• Compliance Process Retreat
  • Developed scenarios for discussion
  • Co-facilitated meeting
  • Contributed to definition of roles and responsibilities

• Investigative Support
  • Performed work on allegations received from UNTS, UNT and UNT Dallas TrustLines, and SAO
Audit Spotlights

Annual Risk Assessment Process (SWOT)

- Compiled risks in anticipation of developing the FY20 annual audit plan
- Developed interview questions based on strategic objectives and initiatives instead of the proverbial “what keeps you up at night”
- Selectively identified individuals for risk assessment interviews to best identify strategic risks for what is facing the University as a whole
- Invited individuals from management to participate in conducting risk assessment interviews

| Federal Reporting | UNTS  | UNT  | UNT HSC  | UNT Dallas | Assess whether required federal reports are submitted timely, accurately and completely. | • FISAP – Fiscal Operations Reports for Federal Perkins Loan Program activity for Award Years 2016 and 2017 contained inaccurate balances, resulting in miscalculations of the excess funds which had to be repaid to the Department of Education and the Institution. The accelerated repayments totaling $2.4M have created an overdraft position in the loan fund. UNTHSC must reimburse the deficit with Institutional resources. If not corrected, errors in the initial filing of the 2018 FISAP report will result again in unnecessary repayments.  
• Inaccurately prepared AOR PCL and AOR LDS Reports (Reports) for the Award Years 2016, 2017, and 2018 resulted in miscalculations of excess funds required to be repaid to HRSA. These miscalculations resulted in unnecessary repayments totaling $244,645.  
• Certain journal entry transactions for Perkins, PCL, and LDS loan program activity are not recorded in compliance with Governmental Accounting Standards Board (GASB). While, GASB and NACUBO guidance requires transactions for the recording of federal awards and repayments to be recorded to Net Position or Liability, UNTHSC records such transactions to Notes Receivable. In addition, UNTHSC did not clear suspense accounts in a timely manner. |

### Audit Information
- **Auditor:** Internal
- **Reporting Agency:** UNT System Internal Audit
- **Risk Category:** Government and Regulatory Compliance
- **Risk Level:** High
- **Report Name:** Retirement Contributions
- **Report Number:** 17-407 SYS
- **Component Institution:** UNT System
- **Department:** Retirement

### Finding and Recommendation(s)
A manual process breakdown in updating the year-to-date contribution amount in PeopleSoft caused two employee’s ORP accounts to be over contributed by both the Institution and employee. This occurred when employee benefit changes were not entered into PeopleSoft, since the process is manual rather than a system configuration which automatically calculates contribution amounts.

Recommendation for the Assistant Vice Chancellor of Total Rewards:

6.1.d. Work with Information Technology Shared Services (ITSS) and the Controller Operations team to configure an automatic calculation in PeopleSoft for the year-to-date contribution amount when an employee elects a different financial service company during the year. This will eliminate the need for a manual process.

**Party responsible for implementation:** Assistant Vice Chancellor of Total Rewards

### Management Response(s)
6d. As part of the Retirement Update Project, we are working to ensure all deduction codes are functioning correctly and develop a reporting mechanism to verify they are working correctly.

### Status
9 months Past Due

- **Original Expected Implementation Date:** August 31, 2018
- **Revised Implementation Date:** 1) June 1, 2019

- **Date History**
  - October 22, 2018: The ITSS automatic configuration of PeopleSoft will be completed after the transition to the new lead record-keeper which is set to be February 1, 2019.
  - April 22, 2019: The ITSS automatic reconfiguration of the retirement plan deductions process and data flows is currently at the user testing phase with expected implementation by June 1, 2019.

BOARD OF REGENTS
Academic Affairs and Student Success Committee
February 14-15, 2019

Thursday, February 14, 2019

The Academic Affairs and Student Success Committee of the Board of Regents of the University of North Texas System convened on Thursday, February 14, 2019, in Founders Hall, Room 138, at the University of North Texas at Dallas, 7300 University Hills Blvd., Dallas, Texas, with the following members in attendance: Regents Gwyn Shea, Mary Denny, A.K. Mago, and Rusty Reid.

There being a quorum present, the meeting was called to order by Committee Chairman Shea at 1:36 p.m. Pursuant to a motion by Regent Mary Denny seconded by Regent Rusty Reid, the Committee approved the minutes of the November 15-16, 2018, meeting of the Academic Affairs and Student Success Committee on a 4-0 vote.

Committee Chair Shea noted that the Committee had three briefings, the first being The Texas Higher Education Coordinating Board's 60x30TX Higher Education Plan, presented by Rosemary Haggett, UNT System Vice Chancellor for Academic Affairs and Student Success. The second briefing covered Academic Pathways and was presented by Vice Chancellor Haggett, UNT Dallas Provost Betty Stewart, UNT Provost Jennifer Cowley, and UNTHSC Provost Charles Taylor. Finally, the Committee heard a joint briefing from UNT Vice President for Enrollment, Shannon Goodman, and UNT Dallas Vice President for Student Access and Success, Stephanie Holley, on Optimizing Financial Aid to Meet Enrollment Goals. Discussion ensued following the presentations.

Vice Chancellor Haggett shared that the Quarterly Academic Measures had been updated with new enrollment, degrees awarded, and research funding figures.

There being no further business, the Committee meeting recessed at 3:13 p.m. until Friday, February 15, 2019, at approximately 9:35 a.m. in the same room.

What is a Quality Enhancement Plan (QEP)?

1) A topic identified through ongoing, comprehensive and evaluative processes;
2) Has a broad-based support of institutional constituencies;
3) Focuses on improving specific student learning outcomes and/or student successes;
4) Commits resources to initiate, implement The Principles of Accreditation: Foundations for Quality Enhancement 9 and complete the plan; and,
5) Includes a plan to assess achievement.

Quality Enhancement Plan (QEP)
Transforming UNTHSC Student Learning and Success
May 2019

Charles Taylor, Pharm.D., Provost
The Quality Enhancement Plan (QEP) represents a multi-year commitment to transform student learning and success around a topic that is critical to the UNTHSC mission and strategic plan.

Provides the opportunity to focus on a “Big Idea” in student learning based on our mission and values.

The QEP supports the UNTHSC academic commitment to “define and produce the providers of the future.”
Background

- Began March 2018
- Campus-wide surveys
- Multiple focus groups with students, faculty, and staff
- QEP Steering Committee
  - Oversee all aspects of topic selection, planning, and implementation
  - Follow SACSCOC suggested steps for QEP development
At UNTHSC, we desire our graduates to be better equipped to persevere through challenges not only as students, but also as future healthcare professionals and researchers.

Title: Approval and Ratification of UNT System Institution Admission Standards for Students Admitted for Matriculation Beginning in 2020

Background:

UNT System Regents Rule 03.701 states that the Board shall “set Institution admission standards consistent with the role and mission or each Institution, considering the admission standards of similar institutions nationwide having a similar role and mission, as determined by the Texas Higher Education Coordinating Board.” Further, Regents Rule 03.801 states that the Board may establish admission standards for each of the institutions,” and Regents Rule 07.204 states that “changes to admissions standards must be submitted by the President to the Chancellor for review and approval by the Board.”

As UNT, UNT Health Science Center and UNT Dallas continue to grow and evolve, it is prudent to regularly reaffirm the admission standards of the institutions. The UNT System institutions recognize the Board of Regents’ authority related to approval of admissions standards and seek to submit a consolidated annual update of all admissions standards for BOR approval and ratification. To ensure that all admission standards have been duly approved by the Board of Regents, the attached summary is being submitted by the UNT System for approval and ratification. Admission standards proposed will be publicized on the institutional websites following approval by the Board and will apply to students admitted for matriculation beginning in 2020.

Overall, there are no significant admission standard revisions proposed. UNT made minor changes and clarifications to transfer admission requirements. Minor changes and clarifications in verbiage were made to many of UNTHSC school’s admission requirements. Some new UNT Dallas freshman and graduate admission standards are proposed.

UNT:

- Transfer requirements for students with less than 30 SCH were added.
- The SAT/ACT score requirement for all transfer students was modified to be for students with less than 30 SCH only.
- The statement that various schools and programs may have additional admission requirements such as interviews, paperwork, etc. was included.

UNT Health Science Center:

- Language concerning application fees, undergraduate GPA requirements, and international student admissions has been clarified for several schools. No substantive changes were made, however.
- In the School of Public Health, three letters of recommendation are still required for applicants of all programs, with the exception of the TCOM/PA dual degree, which now only requires one letter of recommendation.
For the UNT System College of Pharmacy, the PCAT completion deadline was extended by one month, from January to February prior to the year that the student starts the PharmD program.

UNT Dallas:
- Freshmen who are conditionally admitted must accept admission under an academic agreement and maintain a 2.0 GPA in a minimum of 12 SCH in their first semester. The Jaguar Gateway Program is discontinued.
- For Graduate admission, students with a GPA below the prescribed minimum (3.0) but within the range for conditional admission (2.60-2.79 overall or 2.80-2.99 last 60 hours) are now conditionally admitted to the Graduate School and referred to the graduate program for a final decision regarding acceptance to that graduate program. This is a new addition to the previously existing requirement.
- Rather than an overall requirement to include resume, letters of recommendation, etc., graduate applicants are now referred to the academic department for additional departmental admission requirements.
- For College of Law applicants, the LSAC charges were updated.

Financial Analysis/History:
There is no substantive anticipated financial impact with any of these proposed changes.

Legal Review:
This item has been reviewed by General Counsel.

Schedule:
Proposed admission standards will apply to students admitted for matriculation beginning in 2020.

Recommendation:
It is recommended that the Board of Regents approve and ratify the attached admission standards for UNT, UNT Health Science Center, and UNT Dallas.

Title: Approval and Ratification of UNT System Institution Admission Standards for Students Admitted for Matriculation Beginning in 2020

At an official meeting of the Board of Regents of the University of North Texas System properly posted and held on May 23, 2019, pursuant to a motion made by Regent and seconded by Regent, the Board approved the motion presented below:

Whereas, the Board of Regents has the authority to set institutional admission standards consistent with the role and mission of each institution, and

Whereas, changes in admission standards must be approved by the Board of Regents, and

Whereas, it is prudent to ensure on an annual basis that all admission standards of the UNT System institutions have been approved by the Board of Regents,

Now, Therefore, The Board of Regents authorizes and approves the following:

1. The Admission Standards for UNT, UNT Health Science Center and UNT Dallas for student matriculating beginning in 2020.

| UNT Toulouse Graduate School (TGS) | $75 application fee (domestic and international) (A $95 application fee will be charged for International applicants beginning Fall 2017) | Bachelor's Degree from a regionally accredited school. Official transcripts from all previously attended colleges and universities must be sent. GPA requirement for UNT consideration: Graduate applicants to UNT are evaluated holistically, based on specific departmental and program requirements. Successful candidates usually have met certain GPA minima:  
- 3.00 GPA in the undergraduate degree for admission to the Master's program;  
- Or 3.50 GPA in the undergraduate degree for direct admission to Doctoral programs;  
- Or 3.50 GPA in Masters-level studies for admission to Doctoral programs  
  Students with a GPA below the prescribed standard will be deferred for admission. A minimum GPA has now been suggested for students applying to a doctoral degree program who only hold a bachelor's degree. | If required by the academic program, official test scores must be sent to TGS.  
College of Education requires GRE less than 5 years old. | Official test scores must be sent to TGS only for College of Business applicants. | Min. TOEFL score of: 550 written, 213 computer-based, 79 internet-based for applicants whose native language is not English and who do not have a degree from an accredited U.S. institution. A minimum IELTS of 6.5 is also acceptable. | Acceptance must occur both with TGS and specific degree program. Please contact academic department for additional departmental admission requirements. |

Title: Approval of UNTHSC Tenure Recommendation

Background:

The faculty member listed below for tenure recommendation has been carefully reviewed by the appropriate school/college promotion and tenure committee following the established procedures and published criteria, and endorsed by the Interim Chair, Interim Dean/Dean, Provost and President.

Dr. Gulab Zode received a Bachelor of Pharmacy degree in 2002 and a Doctor of Philosophy (PhD) degree in cell biology and genetics from the UNT Health Science Center (UNTHSC) in 2008. He studied the molecular genetics of glaucoma at the Howard Hughes Medical Institute, University of Iowa before his recruitment as an Assistant Professor at UNTHSC in January 2014. Since joining UNTHSC, Dr. Zode has published 15 papers from his research on the treatment of glaucoma, one of which has already received over 100 citations in the scientific literature. He has developed very significant cell models for use in glaucoma research and drug discovery for which UNTHSC holds intellectual property. Also in recognition of Dr. Zode’s work, he has been extremely well funded from the National Institutes of Health (NIH)/National Eye Institute (NEI) under three grants totaling over 3 million dollars. These are remarkable scholarly achievements from a relatively young faculty member who has developed a sustainable program of research. Dr. Zode is actively engaged in the education and service missions of UNTHSC and in 2018 he was promoted to Associate Professor in the Department of Pharmacology and Neuroscience. He has been training PhD students and postdoctoral fellows since joining the institution, and his mentees have received local and national student recognition awards. He has an ongoing commitment to teaching visual science courses and has maintained local, national and international service commitments through the North Texas Eye Research Institute (NTERI) and the Department of Pharmacology and Neuroscience. Dr. Zode has indicated a very strong present and future commitment to the purpose, mission, and vision of UNTHSC.

Financial Analysis/History:

In general, the award of tenure carries with it the assurance of continued employment absent the showing of good cause for termination.

Title: Approval of UNTHSC Evaluation of Tenured Faculty Policy

Background:

Section 51.942 of the Texas Education Code establishes that each governing board of an institution of higher education must adopt a policy concerning the performance review of all faculty tenured at the institution. The law prescribes that the policy include provisions that require a comprehensive performance review of all tenured faculty no less than once every six (6) years, the evaluation be based on the professional responsibilities of the faculty member in teaching, research, service, patient care and administration, provide an opportunity for the faculty member to submit documentation during the evaluation process, be directed toward the professional development of the faculty member, include peer review and commonly recognized academic due process rights, including notice of the manner and scope of the evaluation. The policy must also provide that before a faculty member may be subject to disciplinary action on the basis of any evaluation, the faculty member must be given notice of specific charges and an opportunity for hearing on those charges. Additionally, the policy must provide that a faculty member be subject to revocation of tenure or other appropriate disciplinary action if incompetency, neglect of duty, or other good cause is determined.

Regents Rule 06.1102 provides that each institution in the UNT System should recommend for approval to the Board a post tenure review policy that complies with the requirements of Texas Education Code section 51.942. The UNT Health Science Center (UNTHSC) has developed a post tenure review policy with the advice and comment of faculty that is compliant with the state law requirements and Regents Rule 06.1100.

At this time, it is recommended that the Board approve UNTHSC Policy No. 6.004 Evaluation of Tenured Faculty. The Board has the authority to approve campus policies related to post tenure review before final adoption by the Institutions under section 105.101 of the Texas Education Code, which grants to the Board the power to adopt rules and policies for the administration of the Board’s powers and duties.

Financial Analysis/History:

There are no fiscal implications related to the adoption of this policy.
Legal Review:
This item has been reviewed by General Counsel.

The policy will be effective June 1, 2019.

Recommendation:
It is recommended that the Board of Regents authorize and approve UNTHSC Policy No. 6.004 Evaluation of Tenured Faculty as set forth in the attachment to this briefing and order.

Board of Regents                                                Board of Regents
Policy Statement. The University of North Texas Health Science Center (UNTHSC) is committed to the consistent and comprehensive review of tenured faculty members in the areas of teaching, research, patient care, and service. The performance evaluation of tenured faculty is intended to promote continued academic professional development and peer-coordinated professional improvement to meet or exceed performance norms.

Application of Policy. Tenured faculty.

Definitions

1. Tenured Faculty. “Tenured Faculty” refers to faculty who have been conferred tenure by the UNT System Board of Regents. “Tenured Faculty” does not include faculty with administrative duties of 0.5 full-time equivalent (FTE) or above.

2. Deficient Performance. Deficient performance means performance that has fallen below the acceptable “outstanding” and “quality” standards of performance within assigned areas of teaching, research, patient care and service over a period of time.

Procedures and Responsibilities

1. General Guidelines

   a. Tenured faculty are expected to perform proficiently in teaching; research; patient care; and service throughout their career.

   b. Modifications to work assignments may be expected as a career changes. A decrease in expectation in one category should be matched by a concomitant increase in load expectations in another category. However, volume of work does not equate to quality performance.

   c. A tenured faculty member will be provided notice of the timing and scope of the evaluation, and the opportunity to provide documentation during the evaluation process. Additionally, before a faculty member may be subject to termination based on a deficient evaluation, a written notice of deficiencies will be provided and an opportunity for appeal.
d. A faculty member may be subject to revocation of tenure or other appropriate disciplinary action if incompetency, neglect of duty, or other good cause is determined to be present.

2. Annual Evaluations

a. The Office of Faculty Affairs will annually set the cycle and process for performance evaluations. Each department or college will have established criteria for evaluating tenured faculty performance in an annual review. These criteria are published and made available on the Faculty Affairs website.

b. Rating categories for annual evaluations will be utilized to provide feedback to faculty. The rating categories for faculty performance will be outstanding, quality, or deficient in accordance with college standards.

c. Faculty performance that is outstanding in two of the general areas of teaching, research, and service (including patient care), and quality rating in a third area will be noted as proficient in the evaluation. The evaluation will state the basis for the rating in accordance with the criteria. Faculty evaluations that are deemed deficient in one or more areas will be reported to the dean.

d. Annual evaluations rated as deficient in one or more areas will require either a “Periodic Peer Review” or “Professional Improvement Review” at the discretion of the dean.

   Responsible Party: Dean, Department Chair, and tenured faculty member.

3. Periodic Peer Review

Texas Education Code section 51.942 requires that tenured faculty at State of Texas institutions of higher education be subject to a comprehensive performance evaluation process conducted no more often than once a year, but no less often than once every six years, after the date the faculty member was granted tenure or received an academic promotion at the institution.

a. The purpose of the Periodic Peer Review is to:

   i. Assess whether the individual is making a contribution consistent with that expected of a tenured faculty member;

   ii. Provide guidance for continuing and meaningful faculty development;
iii. Assist faculty to enhance professional skills and goals; and

iv. Refocus academic and professional efforts, when appropriate.

b. At the discretion of the Dean, a periodic peer review may be required following a deficient annual evaluation. The faculty member in conjunction with the department chair, will be requested to submit materials to the chairperson of the appropriate Promotion and Tenure Committee.

c. The college promotion and tenure committee will meet to review all documentation and make a recommendation to the Dean including a rating on faculty member’s performance. The promotion and tenure committee will provide a rating of performance in teaching, research, and service and state the basis of that finding in accordance with the criteria described in the college guidelines. A rating of “deficient” in one or more categories of performance will require the development of a Performance Improvement Plan.

d. For tenured faculty with budgeted appointments in more than one department, Periodic Peer Review will be conducted as per the post-tenure review guidelines of the department where the faculty holds the majority of the appointment unless the faculty members request to be reviewed by both departments. If reviewed only by the primary department, the department chair will share the report with the department chair of the secondary department.

Responsible Party: Dean, Department Chair, and tenured faculty member

4. Professional Improvement Review

a. At the discretion of the Dean, a professional improvement review may be required following a deficient annual evaluation.

b. The Dean will inform the department chair of the decision within five (5) working days. The department chair will immediately inform the faculty member that he or she is subject to a Professional Improvement Review, and of the nature and procedures of the review.

c. A faculty member can be exempted from review upon recommendation of the department chair and approval of the dean when substantive mitigating, circumstances (e.g. serious illness) exist.

d. The purposes of Professional Improvement Review are to identify and officially
acknowledge substantial or chronic deficits in performance; develop a specific professional improvement plan (PIP) by which to remedy deficiencies; and monitor progress toward achievement of the PIP.

e. The review will be conducted by an ad hoc review committee (hereafter referred to as the review committee), unless the faculty member requests that it be conducted by the department chair. The three-member ad hoc faculty review committee will be appointed by the dean, in consultation with the department chair and faculty member to be reviewed. When appropriate, the committee membership may include faculty from other departments, colleges, or universities.

f. If the faculty member wishes to contest the composition of the Professional Improvement Review committee due to specific conflict of interest with one or more of the proposed committee members, an appeal may be made to the Provost. After consultation with the faculty member, department chair, and the dean, the decision of the Provost on the committee composition is final.

g. The faculty member to be reviewed will be given the opportunity to submit additional materials he or she deems relevant and necessary for the review within fifteen (15) working days of notification. All materials submitted by the faculty member are to be included in the dossier. Although review dossiers will differ, the dossier will include at minimum the most recent annual evaluation, current curriculum vitae, and a statement of teaching and research.

h. The department chair may add to the dossier any further materials he or she deems necessary or relevant to the review of the faculty member’s academic performance. The faculty member has the right to review and respond in writing to any materials added by the department chair and the written response will be included in the dossier. In addition, the faculty member has the right to add any materials at any time during the review process.

i. The Professional Improvement Review will be made in a timely fashion (normally within 30 working days after submission of the dossier). The Professional Improvement Review will result in one of two possible outcomes:

   i. No deficiencies are identified. The faculty member, department chair, and dean are so informed in writing, and the outcome of the prior annual review is superseded by the ad hoc committee report.

   ii. When deficiencies are confirmed, the review committee will elaborate in writing and provide a copy to the faculty member, department chair, and dean. In the case that deficiencies are confirmed and accepted by the dean, the faculty member, review committee, and department chair shall then work together to create a PIP for submission to the dean for approval.
5. **The Professional Improvement Plan (PIP)**

   a. The Professional Improvement Plan shall set forth how specific deficiencies in a faculty member’s performance (as measured against stated collegiate criteria) will be remedied. A refusal by a faculty member to participate in good faith with the completion of the PIP will constitute good cause for dismissal and dismissal proceedings may be initiated under applicable policies governing revocation of tenure.

   b. Although each PIP is tailored to individual circumstances, the plan will:

      i. Identify specific deficiencies to be addressed;
      
      ii. Define specific goals or outcomes necessary to remedy the deficiencies;
      
      iii. Outline the activities to be undertaken to achieve the necessary outcomes;
      
      iv. Set time lines for accomplishing the activities and achieving intermediate and ultimate outcomes;
      
      v. Identify institutional resources to be committed in support of the plan.

   c. The faculty member and department chair will meet to set a schedule to review progress and include those dates in the PIP. The associated timeline for successful completion of a PIP will be customized to the situation, and normally range between 6 months to 12 months in length.

   d. The department chair will forward a progress report to the dean at intervals defined within the PIP.

6. **Completion of the PIP**

   a. The department chair shall make a final report to the faculty member and dean regarding whether the objectives of the PIP have been met, or the agreed timeline exceeded, or in any case, no later than twelve (12) months after the start of the PIP. The successful completion of the PIP is the positive outcome to which all faculty and administrators involved in the process must be committed.

   b. The dean will determine whether the faculty member has failed to satisfactorily meet the goals of the PIP and that good cause for dismissal under applicable tenure policies exist. The dean will recommend to the Provost that revocation of tenure and termination be initiated. The Provost will review and provide a recommendation to the President. The President will make a final decision and provide notice to the faculty member along with a
recommendation to the Board of Regents.

**Responsible Party:** Provost, Dean, Department Chair, and tenured faculty member

7. **Appeal**

   a. If a faculty member chooses to challenge the Dean’s determination regarding successful completion of the PIP, an appeal may be submitted to the Faculty Grievance and Appeal Committee. A faculty member subject to termination based on an overall finding of deficient performance on a PIP will be given the opportunity for referral of the matter to a nonbinding alternative dispute resolution as described in Chapter 154 of the Texas Civil Practice & Remedies Code. If both parties agree, another type of alternative dispute resolution method may be elected.

   **Responsible Party:** Provost, Dean, Department Chair, and tenured faculty members

Title: Approval of UNT Dallas Tenure Recommendations

Background:
In accordance with the University of North Texas at Dallas Policy 6.009 Tenure and/or Promotion Review, the faculty listed below for tenure recommendation have been carefully reviewed and endorsed by the Dean, Provost, and President.

Dr. Aaron Bartula was hired in 2013 as Assistant Professor of Criminal Justice. He received a BS in Kinesiology from the University of Texas at Austin, a MS in Criminal Justice from Loyola University, New Orleans, and a Ph.D. in Criminology from the University of Texas at Dallas. Prior to coming to UNT Dallas, he taught at Tarleton State University. Dr. Bartula teaches both criminal justice and sociology classes. He is an excellent and dynamic lecturer who employs a range of teaching approaches and activities in efforts to connect with all his students. He is a demanding teacher who expects much from his students and at the same time, is patient and reaches out to lesser-prepared students to help them excel in their writing and course completion. Dr. Bartula's research interests focus largely on campus carry, media, and decision-making by law enforcement. Since arriving at UNT Dallas, he has published five peer-reviewed articles and made eleven academic conference presentations. He has served as a reviewer for several top-tier publications, including Criminal Justice Review, Journal of Criminal Justice & Law, Police Quarterly, and Educational Researcher. Dr. Bartula has excelled in service to his school, university, discipline, and community. Currently, he chairs the University’s Holistic Enrollment Committee and serves on the Building Utilization, University Space Allocation, Distance Learning Assurance, Commencement ceremony, and CLERY committees. He has participated broadly in the university’s recruitment events, chaired six faculty search committees and served as a member of another ten faculty search committees. Importantly, he has served as Chair of the Criminal Justice Career Day Expo for three years, building a model for successful career fairs and high school and community college engagement events at the university.

Dr. Elizabeth Muniz joined UNT Dallas in 2008 as a Lecturer in Business Management and later served as a Senior Lecturer in 2012. In 2015, Dr. Muniz was appointed as Assistant Professor of Organizational Behavior/Human Resource Management (OB/HR). She received her BA in Psychology, MS in Industrial Psychology, and Ph.D. in Psychology with a specialization in Industrial and Organizational Psychology, all from the University of Central Florida. Dr. Muniz has demonstrated excellence in teaching. Performance in the teaching and learning category of her annual evaluations by peers and students has supported her teaching excellence. Her scholarship quality and impact exceeds required expectations, having five peer reviewed journal publications, eleven professional presentations, and four invited presentations. Under her mentorship, her students won best paper at the Association Council of Business Schools and Programs Conference in Atlanta in 2016. She is extremely student-focused, spending many hours above her required time to help students engage with the human resource profession outside of UNT Dallas.

Dr. Muniz excelled in service at UNT Dallas, in the School of Business, and in the greater community. Of utmost importance is her work as Director of the university’s Quality
Enhancement Plan (QEP) for the 2018 SACSCOC reaffirmation of accreditation review. The university’s QEP, titled Career Readiness Education, (CRED), was developed and implemented under the direction of Dr. Muniz. Also of significant importance are her efforts to build an award-winning student chapter of the Society of Human Resource Management (SHRM) at UNT Dallas. In 2015, the first year, the chapter won an Honorable Mention Award. In 2016, 2017 and 2018, the chapter earned the Superior Merit Award. Additionally, Dr. Muniz aligned the OB/HR program with the HR Curriculum Guidebook and Templates to allow our college seniors with at least 500 hours of internship or practical HR experience to take the professional certification exam (SHRM-CP), an exam which HR professionals normally would take with two years of work experience after receiving the bachelor’s degree. In the community, she worked with the Veterans Administration of Dallas to teach a course titled Professional in Human Resources (PHR) Certification Preparation to help prepare PHR candidates for the PHR certification exam offered by the Human Resources Certification Institute (HRCI). Also she and the SHRM student chapter worked with our local veterans on effective resume writing and interviewing skills.

Financial Analysis/History:

In general, the award of tenure carries with it the assurance of continued employment absent the showing of cause for termination.

Legal Review:

This item has been reviewed by General Counsel.

Schedule:

Tenure will be effective September 1, 2019.

Recommendation:

It is recommended that Dr. Aaron Bartula and Dr. Elizabeth Muniz be granted tenure.

Title: Gift-Related Naming of Intercollegiate Athletics New Indoor Practice Facility (1307 Bonnie Brae St.) as “Lovelace & McNatt Families Practice Facility”

Background:

Regents Rule 09.200, *Naming of Property, Programs and Academic Positions*, addresses the need for the Board of Regents to approve gift-related naming opportunities. This item represents a naming under this rule and is brought to the Board for review and approval.

Some of the most supportive individuals to UNT over the years, the Lovelace and the McNatt families collectively provided generous gifts to construct the Indoor Practice Facility.

Don Lovelace serves on the President’s Leadership Board, Foundation Board, Murphy Enterprise Center Board and Athletics Advisory Board. Along with his wife, Patty, and son, Dillon, the family’s involvement in Athletics goes back over ten years, beginning in 2005, with a gift for naming rights of the softball facility. They were also one of the original purchasers of a suite at Apogee Stadium and helped initiate that fundraising effort. Patty has been involved in a variety of philanthropic efforts with several local charitable organizations including The American Cancer Society, Denton State School and Serve Denton as well as at Liberty Christian School in Argyle, where Dillon graduated and Dillon's daughter Macey currently attends.

Don is the founder and owner of Lily of the Desert, founded in 1970, a grower, processor, and manufacturer of leading aloe vera based products. Dillon serves as corporate vice president of Lily of the Desert and oversees commercial strategy and operations of the Denton-based company. He has been closely involved with North Texas Athletics for more than a decade, donating toward special projects and serving on various advisory committees.

Jim McNatt earned his B.B.A. in general business administration from UNT in 1966 and was involved in the Kappa Sigma fraternity. He is a member of the President’s Leadership Board, the Kuehne Speaker Series Steering Committee, and the UNT College of Business Advisory Board. Jim received the 2018 Wings of Eagles Presidential Award, the 2016 UNT Distinguished Alumnus Award, and is a proud member of the UNT Athletics Hall of Fame. Jim and wife, Linda, live in Corinth and are trustees of the Jim and Linda McNatt Foundation. Jim is a successful businessman who ran successful car dealerships as well as serving as Vice President of McNatt Properties with brother, Al.

Al McNatt Earned his B.A. in marketing from UNT in 1968. He was active in the Kappa Sigma fraternity. In addition to being the owner and president of McNatt Properties, Al has significant business interest in McNatt T/D, LP, McNatt Construction, McNatt Ventures, Hart Management, Inc., and Three-Bars Ranch, LP, all in Denton. His wife, Darlene, earned her B.S. in elementary education from UNT in 1967. She was active in the Zeta Tau Alpha sorority.
Financial Analysis/History:

Current UNT policy 9.001, Naming Policy, states:

Namings of buildings and other major facilities, such as stadiums, wings of buildings, large auditoriums, concert halls and clinics, must be approved by the Board of Regents following the recommendations of the President. The criteria for a gift-related naming will consider the value, visibility, improvements, and marketability of the location and will be based on a minimum donation of no less than 33% of the original construction cost, renovation cost, or current value of the property.

The construction cost of the Indoor Practice Facility at UNT is projected at $13,084,990. UNT has received the following pledges to date:

<table>
<thead>
<tr>
<th>Pledged</th>
<th>Donor</th>
</tr>
</thead>
<tbody>
<tr>

<td></td>
</tr>
</tbody>
</table>

A portion of the pledged amounts have been received.

Legal Review:

This item has been reviewed by General Counsel.

Schedule:

It is anticipated that the new construction will be completed early in the fall of 2019. The naming will be revealed at the Indoor Practice Facility dedication in September 2019.

Recommendation:

The President recommends that the Board of Regents authorize and approve the naming of the Indoor Practice Facility as “Lovelace & McNatt Families Practice Facility.”

Title: Gift-Related Naming of Intercollegiate Athletics New Indoor Practice Facility (1307 Bonnie Brae St.) as “Lovelace & McNatt Families Practice Facility”

At an official meeting of the Board of Regents of the University of North Texas System properly posted and held on May 23, 2019, pursuant to a motion made by Regent ___ and seconded by Regent ___ , the Board approved the motion presented below:

Whereas, Regents Rule 09.200, Naming of Property, Programs and Academic Positions, requires Board of Regents approval for this gift-related naming opportunity, and

Whereas, UNT naming policy 9.001 requires a minimum donation of no less than 33% of the original construction cost of major facilities for a gift related naming opportunity, and

Whereas, the combined gifts and pledges from the Lovelace and McNatt families exceeds the requirement, and

Whereas, UNT wishes to honor the Lovelace and McNatt families for their generous support of UNT,

Now, Therefore, The Board of Regents authorizes and approves the following:

1. The naming of the UNT Indoor Practice Facility as “Lovelace & McNatt Families Practice Facility.”

Title: Approval of FY20 Tuition for the New UNTHSC School of Health Professions
M.S. Lifestyle Health Sciences & Coaching

Background:
The Master of Science (M.S.) Lifestyle Health Sciences & Coaching is a new academic degree program within the School of Health Professions (SHP) at UNT Health Science Center (UNTHSC), approved by the University of North Texas System (UNTS) Board of Regents and the Texas Higher Education Coordinating Board (THECB) in 2018. Board designated and Board authorized tuition must be established in order for the first cohort of students to matriculate in the Summer of 2020. As a 90% online program, it is expected that the new program will attract students from the Dallas-Fort Worth region, the state of Texas, as well as out-of-state students. This will be the first program in Texas to offer a specialization in lifestyle health sciences and prepare students for health and wellness coaching and national board certification.

Financial Analysis/History:
To initiate the proposed M.S. in Lifestyle Health Sciences & Coaching, designated tuition in the amount of $6,192 and Board authorized tuition of $1,800 is being requested by the UNTHSC. Total tuition for the program will be $9,792 for in-state and $24,732 for out-of-state students.

The breakdown of the UNTHSC tuition charges and total program costs are as follows:

BOARD OF REGENTS MEETING
February 14-15, 2019

Thursday, February 14, 2019

The University of North Texas System Board of Regents convened on Thursday, February 14, 2019, in Founders Hall, Room 138, at the University of North Texas at Dallas, 7300 University Hills Blvd., Dallas, Texas, with the following Regents in attendance: Mary Denny, Milton Lee, A.K. Mago, Carlos Munguía, Rusty Reid, Gwyn Shea, Glen Whitley, and Laura Wright. In accordance with a notice being duly posted with the Secretary of State and there being a quorum present, Vice Chairman Wright, acting Chairman in Brint Ryan’s absence, called the meeting to order at 8:31 a.m.

Chairman Wright recognized Chancellor Lesa Roe who reported on progress since the last quarterly Board meeting. Following the Chancellor’s remarks, UNT Dallas host president, Bob Mong, shared a Campus Update, College of Law Update, and Significant Developments.

UNT and UNTHSC campus updates were shared by President Neal Smatresk and President Michael Williams, respectively. President Smatresk addressed Our Creative Campus, Our Caring Community, and Our Will to Succeed, and President Williams addressed Significant Developments, Campus Updates, and the MD School.

For this meeting’s Spotlight on Students, President Mong introduced four students, Kamran Anwar, Kierra Byrd, Zainab Hameed, and T.J. Vaughn. The students told the Board about themselves and their status at UNT Dallas. The conversation was then panel-style, with students answering questions asked by Zainab Hameed, the student moderator, and also entertaining questions from the Board of Regents.

Chairman Wright recessed the Board at 9:53 a.m. for the meetings of the Audit, Academic Affairs and Student Success, Strategic and Operational Excellence, and Finance and Facilities Committees.

Following the Committee meetings, the Board reconvened at 3:47 p.m., at which time Chairman Wright moved the Board into Executive Session to consider matters noted on the Executive Session agenda in accordance with Texas Government Code Sections 551.071, .072, .074, and .089.

Chairman Wright reconvened the Board into open session at 5:27 p.m. with four action items coming out of Executive Session.

2019-01 UNTS Authorization to Acquire by Purchase or Eminent Domain the Property and Improvements Located at 902 Avenue C, Denton, Denton County, Texas
Pursuant to a motion by Regent Gwyn Shea seconded by Regent Carlos Munguia, the Board approved the action item 8-o.

2019-02 UNTS  Authorization to Acquire by Purchase or Eminent Domain the Property and Improvements Located at 903 Kendolph Street, Denton, Denton County, Texas

Pursuant to a motion by Regent Gwyn Shea seconded by Regent Carlos Munguia, the Board approved the action item 8-o.

2019-03 UNTS  Authorization to Acquire by Purchase or Eminent Domain the Property and Improvements Located at 906 Avenue C, Denton, Denton County, Texas

Pursuant to a motion by Regent Milton Lee seconded by Regent A.K. Mago, the Board approved the action item 8-o.

2019-04 UNTS  Authorization to Acquire by Purchase or Eminent Domain the Property and Improvements Located at 1000 Avenue C, Denton, Denton County, Texas

Pursuant to a motion by Regent Milton Lee seconded by Regent A.K. Mago, the Board approved the action item 8-o.

There being no further business, the Board meeting was recessed at 5:41 p.m. on Thursday, February 14, 2019, to be reconvened at 9:30 a.m. on Friday, February 15, 2019, in the same room.

Friday, February 15, 2019

The University of North Texas System Board of Regents convened on Friday, February 15, 2019, in Founders Hall, Room 138, at the University of North Texas at Dallas, 7300 University Hills Blvd., Dallas, Texas, with the following regents in attendance: Mary Denny, Milton Lee, A.K. Mago, Carlos Munguia, Gwyn Shea, Glen Whitley, and Laura Wright. In accordance with a notice being duly posted with the Secretary of State and there being a quorum present, Vice Chairman Wright, acting Chair in Chairman Ryan's absence, called the meeting to order at 9:31 a.m.

Chairman Wright recessed the Board at 9:31 a.m. for the meetings of the Academic Affairs and Student Success and Finance and Facilities Committees.

Following the Committee meetings, Chairman Wright reconvened the full Board at 10:09 a.m.

The Board considered the following items on the Consent Agenda:

2019-05 UNTS  Approval of the Minutes of the November 15-16, 2018, Board Meeting
2019-06 UNT  Approval of UNT Faculty Development Leaves for 2019-20 Academic Year
2019-07 UNT  Approval of Tenure for New UNT Faculty Appointees
2019-08 UNT  Appointment of Deborah Leliasert as Vice President Emeritus
2019-09 UNTHC  Approval of Tenure for New Faculty Appointees
2019-10 UNTHSC Approval of Purchase of Two Confocal Microscopes by UNTHSC
2019-11 UNTHSC Authorization to Enter into Agreement with Tarrant County Medical Examiner's Office for Joint Providership of Continuing Medical Education
2019-12 UNTHSC Authorization to Execute a Professional Services Agreement with Tarrant County Public Health for Perinatal Health Services
2019-13 UNTHSC Authorization to Execute a Confidential Disclosure Agreement and Sub-award Agreement with Tarrant County Public Health

Regent Whitley recused himself from consideration of items 2019-11 through 2019-13. Therefore, the Consent Agenda was considered in two motions. Pursuant to a motion by Regent Glen Whitley seconded by Regent A.K. Mago, the Board approved the first six items (2019-05 through 2019-10) on the Consent Agenda. The motion was approved on a 7-0 vote. Pursuant to a motion by Regent Milton Lee seconded by Regent Mary Denny the Board approved the last three items on the Consent Agenda (2019-11 through 2019-13). The motion was approved on a 6-0 vote, with Regent Whitley recused.

The Board then considered the following action items coming out of committees:

**Audit Committee Item**

Pursuant to a motion by Regent Glen Whitley seconded by Regent A.K. Mago, the Board approved the above action item 7-0.

**Academic Affairs and Student Success Committee Items**

2019-15 UNT Approval to Add the UNT Bachelor of Science Degree Program with a Major in General Business
2019-16 UNT Approval to Add the UNT Master of Arts Degree Program with a Major in Applied Behavior Analysis
2019-17 UNTHSC Approval of Tenure for New Faculty Appointee

Pursuant to a motion by Regent Gwyn Shea seconded by Regent Glen Whitley, the Board approved the above action item 7-0.

**Finance and Facilities Committee Items**

2019-18 UNTS Approval of UNT System Regulation 08.2000, Investment of System Funds
2019-19 UNTS Authorization to Amend the UNTS FY19 Capital Improvement Plan to Add Campus Energy Infrastructure Improvements and the Facilities Management and General Services Buildings Renovation
2019-20 UNTS Delegation of Authority to the Audit Committee of the UNT System Board of Regents to Retain an External Audit Firm
Pursuant to a motion by Regent Milton Lee seconded by Regent Glen Whitley, the Board approved the above Finance and Facilities Committee action items. The motion was approved on a 7-0 vote.

There being no further business, the Board meeting was adjourned at 10:13 a.m. on Friday, February 15, 2019.

Title: Approval of FY21 Holiday Schedule for the UNT System Administration, UNT, UNTHSC, and UNT Dallas

Background:

Texas Government Code 662.011 allows the governing body of an institution of higher education to establish the holiday schedule on any days the Board chooses, but the number of holidays may not exceed the total number of days to which other State agencies are entitled.

According to State law, holidays that fall on weekends are not included in the state’s allotment. Schedules for UNT System Administration, UNT, UNTHSC, and UNT Dallas are included in the following Board Order.

The Chancellor is authorized to modify the holiday schedule when such a change is deemed to be in public interest.

FY 2021 Holiday Schedule

It is proposed that the following fourteen (14) days be established as the official Holiday Schedule for all locations for FY 2021, contingent on subsequent legislative changes which would require alteration:

Brint Ryan, Chairman
Board of Regents
Title: Approval of UNT Recommendations for New and Continued Regents Professor Designation

Background:

In accordance with Regents Rule 06.304, Regents Professors:

“The Board may award the designation of “Regents Professor” to provide recognition and salary support to a tenured full professor who has performed outstanding teaching, research, and service to the profession and who has achieved a high level of national and international recognition. To be considered, a candidate must meet the eligibility requirements set by the institution and be recommended to the Board following the institution’s selection procedures.”

To be eligible for this award, an individual must:

- be a full-time tenured professor;
- have an outstanding record of teaching, research, and service to UNT and to the profession, and have achieved a high level of national and international recognition; and
- demonstrate evidence of the potential for continued distinguished performance.

As outlined in UNT Policy 06.017, Regents Professorship, “During transition from the former provision that allowed up to 25% of the faculty at the rank of professor to hold the Regents Professorship, designations relinquished by retirement, resignation, or through review shall be replaced at a ratio of one new designation for every three relinquished, until the 10% ceiling is reached.” As reflected in the above stipulation, it was determined that four vacant professorships are eligible to be filled.

The recommendations for new Regents Professors are as follows:

Narendra Dahotre, Materials Science and Engineering. Dr. Dahotre is a world-renowned leader in the field of laser materials processing and additive manufacturing (also referred to as 3D printing technology). His scholarly output has been exemplary, with over 225 publications in refereed journals, 4 books, 5 book chapters, and the editor of 13 scholarly monographs and proceedings. He is also the founding Editor-in-Chief of the International Journal of Additive and Subtracting Materials Manufacturing. The technological implications of his work and its industrial applicability has been well-established by his 18 United States patents. He has successfully secured and executed over $10M in funded research and development projects. These achievements clearly establish Dr. Dahotre as a leader and world-renowned expert in Materials Science and Engineering.

Susan Dubois, Instrumental Studies. Dr. Dubois is a gifted performer, an internationally known pedagogue, and a teacher who is committed to the musical and personal growth of each student. She has a unique technique of training using a combination of martial arts along with her Julliard training. Her work is known locally, nationally and internationally. At the state level, she was awarded the 2017 Phyllis Young Outstanding Studio Teacher of the Year award. Locally, she
regularly performs with the Dallas’ Chamber Music International and the Van Cliburn Concert Series. She has managed to do all of this while serving in the role as Coordinator of Strings in the UNT College of Music for the past 17 years. Dr. Dubois has had a distinguished career and has made her mark as an accomplished performer and pedagogue.

**Krishna Kavi, Computer Science and Engineering.** Dr. Kavi conducts research on the aspects of new computer architectures and memory systems. He has published over 200 papers in high quality journals and refereed conference proceedings. He has also received $10M in research funding from various sources. Dr. Kavi has been a keynote speaker at numerous conferences and at universities around the world. He has served on editorial boards of journals and the program committees of several conferences. In recognition of his outstanding research contributions, Dr. Kavi has served as an IEEE Computer Society Distinguished Visitor, received a Distinguished Alum Award from the Computer Science and Engineering Department at SMU, and the Eminent Scholar Chair Professorship of Computer Engineering at the University of Alabama in Huntsville with a $2M endowment support. Currently, Dr. Kavi is a lead director of the NSF Net-Centric and Cloud Software and Systems, Industry and University Cooperative Research Center.

**Faculty being recommended for the continued designation of Regents Professor:**

The Regents Professors listed below were reviewed by the Regents Professor Selection and Review Committee under the Regents Rule adopted by the UNT System Board of Regents. The Regents Professor Selection and Review Committee, as required by institution policy, examined their credentials in light of the Regents Rule adopted February 7, 2008, to determine continued eligibility for the position.

The Regents Professor Selection and Review Committee recommended five faculty members for continuation of this award, and all are also being recommended by the provost and vice president for academic affairs. Each has continued at the high level of national and international recognition stated in the UNT Board of Regents Rules. The Regents Professors who are recommended for the continuation of the designation of Regents Professor are:

**Jeff Bradetich, Regents Professor of Music.** Mr. Bradetich is at the top of his field in regards to double bass performance. He is a masterful instructor – with two former double bass students in the top-rated orchestra in the world: Royal Concertgebouw of Amsterdam. He has former students in orchestras and teaching institutions on six continents, many of whom are leaders in the double bass field. Mr. Bradetich founded and established the first ever double bass convention in the world and has successfully organized and executed it for 34 years. He founded and established the International Society of Bassists Solo Competitions and the Bradetich Foundation Competition, which are two of the three most important bass competitions in the world. He has performed solo recitals in numerous countries, including Italy, Taiwan, Germany, Russia, and China. Professor Bradetich is an extraordinary professor who has impacted his art form at the highest level.

**David Hill, Regents Professor of Kinesiology, Health Promotion, and Recreation.** Dr. Hill demonstrates leadership to the department, mentoring junior faculty, and providing high-quality undergraduate teaching. In the past seven years, he has co-authored 19 data-based, peer-reviewed research articles, serving as the first author on four of the articles. In addition, he was co-author on over 40 presentations at professional scientific meetings. He serves on the editorial review board for four journals. He has developed research collaborations with international scholars in Spain, Tunisia, and Canada. He was selected by UNT athletes to be in the Faculty Spotlight the last 2 years and was designated as an honorary coach for the women’s basketball team.
Stephen Jackson, Regents Professor of Mathematics. Dr. Jackson is recognized for his specialization in logic and set theory, particularly descriptive set theory, and its applications and interactions within mathematics. He was a principal investigator on an NSF-sponsored research training grant in logic and dynamics that was funded at $1.5M. Additionally, he received two additional NSF grants totaling $600,000. Dr. Jackson was co-organizer of four mathematics conferences held at UNT. In February 2018, he gave a Bernoulli lecture, an internationally recognized invited lecture series for which he was the featured presenter in Lausanne, Switzerland. In August of 2018, he gave an invited lecture at the 2018 International Congress of Mathematicians in Rio de Janeiro. In recognition of his work in set theory and its applications, he was elected as a Fellow of the American Mathematical Society in November 2018.

Paul Marshall, Regents Professor of Chemistry. Dr. Marshall is a prolific researcher, publishing 33 papers in refereed journals and presenting at 17 invited seminars/professional meetings. His focus is on the chemistry of pollutant formation during combustion of fuels and his work involves both experiments using lasers for the generation and detection of short-lived reactive intermediates, and high-level computational modeling of the electronic structure of these intermediates. His research and grant funds have totaled $695,000 in the past 7 years. He teaches Physical Chemistry laboratory courses and, over the past year, he added a new experiment based on scanning tunneling microscopy which enables undergraduates to image individual carbon atoms. Outside of formal lectures, Dr. Marshall spends time mentoring students individually as they conduct research in his laboratory. He makes a special point of involving students, who often appear as co-authors on his published studies. Dr. Marshall continues to enhance UNT’s reputation with his teaching, research, and service.

Pamela Paul, Regents Professor of Piano. Dr. Paul is an internationally gifted performer and outstanding teacher. One of her professional highlights was performing the world premiere of a Concerto for Piano and Symphonic Winds by alumnus Steven Bryant. Another new music performance and recording of significance was that of the piano quartet, “Runes and Rituals” by visiting composer Joelle Wallach. She has taught master classes in numerous countries and venues, including Korea National University of the Arts. She was invited onto the Artistic Advisory Committee of the Cliburn Foundation in 2016 and in 2017 was a member of the five-person international screening jury for the 2017 Van Cliburn Piano Competition. In this capacity, she helped chose 30 of the best pianists in the world under the age of 30 to travel to Fort Worth to compete. She has given performances at the prestigious Music Mountain Summer Music Festival with the Penderecki and the Arianna string quartets, all of which were recorded for radio broadcast in the United States, Canada, and Europe. Dr. Paul’s reputation and contributions continue to bring international acclaim to her department and the College of Music.

Financial Analysis/History:

According to UNT Policy 06.017, Regents Professorship, “The award consists of the designation Regents Professor, and a one-time supplement of $7,500 added to the base salary.” The recommendations for reappointments require no additional funds for the faculty to continue to carry the designation of Regents Professor.

Title: Approval of Extension of UNT’s Contract with Ruffalo Noel Levitz for Advancement Phonathon Solicitation and Consultation Services

Background:
Prior to 2007, UNT Advancement’s phonathon program, Call Mean Green, used manual, labor-intensive processes in their operations. In order to increase efficiency and effectiveness, in 2014 UNT contracted with Ruffalo Noel Levitz (RNL; Ruffalo Cody, at the time of the contract) to implement CampusCall, their proprietary software. CampusCall automated processes and gave the UNT Advancement phonathon program the ability to monitor the efficiency and effectiveness of donor calls. CampusCall allowed phonathon management to replicate and increase successful solicitations each year by recording donor preferences and historical giving.

In 2017, UNT Advancement developed strategic goals to increase the donor pipeline, increase acquisition of donor information and create consistent multi-channel communication with the UNT community. RNL is an industry leader in data research and provides industry-proven, effective results by implementing innovative fundraising strategies. In late fall of 2017, the phonathon program contracted with RNL as a Fundraising Management client for full consultation and solicitation services. Through this partnership, RNL increased UNT’s donor pipeline to help support major gifts, engaged under-contacted prospect populations, helped improve our data integrity, and increased the likelihood that commitments will be fulfilled.

The following board order requests approval of two (2) one-year extensions of the contract with RNL for the purchase of consultation and solicitation services for UNT Advancement’s phonathon program. These extensions will result in the cumulative value of UNT’s Master Services Agreement with RNL to exceed $1 million, requiring the extensions to be submitted to the Board of Regents for approval in accordance with RR 03.900.

Financial Analysis/History:

In FY2016 prior to contracting with RNL, UNT Advancement’s phonathon program produced a return on investment of 16.26% and 12% donor yield. After fully transitioning, the phonathon program utilized consultation and solicitation services provided by RNL and produced a return on investment of 29.56% and 17% donor yield (FY18). Donor commitments exceeded $420,000 in FY18 and FY19 donor commitments are forecasted to exceed $500,000.

The cost to UNT of past RNL services is as follows:

- **FY14**
  - Statement of Services Agreement, Phonathon Management Services: $48,000

- **FY16**
  - Statement of Services #1: Enrollment Management Services: $140,000

- **FY18**
  - Statement of Work (SOW) #1 Consultation Services: $206,000
  - SOW #2, Solicitation Services $179,235

- **FY19**
  - SOW #3, Consultation Services: $214,240
SOW #4, Solicitation Services: $184,688

The cost of extending SOW #3 and 4 for two years will be as follows:
- FY20: $407,184
- FY21: $415,632

Funding will be secured from local funds. In addition to the monetary gains, this program adds significant value for UNT Advancement via donor acquisition.

Title: Approval of Tenure for New UNTHSC Faculty Appointee

Background:

In accordance with the University of North Texas Health Science Center (UNTHSC) Faculty Bylaws, Article X – Tenure, Section A – Non-tenured Faculty Members on the Tenure Track,

“...each new faculty member shall serve a minimum probationary term of no less than one year before application for tenure, unless the President, in special circumstances, recommends immediate tenure.”

Dr. Suresh Madhavan, will join the University of North Texas System College of Pharmacy (UNTSCP) as Dean and Professor in the Department of Pharmacotherapy in July 2019. He comes to us from West Virginia University (WVU) where he served as tenured Professor and Chair of the Department of Pharmaceutical Systems and Policy. Dr. Madhavan earned his Doctor of Philosophy (PhD) in Pharmacy Administration from Purdue University in West Lafayette, Indiana, a Master of Business Administration (MBA) from University of Poona, India and a Bachelor of Pharmacy (B-Pharm) from the University of Bombay, India. His primary areas of research interest include health services and outcomes research with particular emphasis on improving access to and quality of health and preventive care. Since 2000, Dr. Madhavan has been involved in numerous grants and contracts exceeding $35 million (as Principal Investigator) from federal and state agencies, and private corporations. He has mentored over a dozen junior faculty and 23 PhD graduates in health services and outcomes research. Throughout his career in pharmacy education, he has been involved in developing, implementing, and evaluating innovative roles for pharmacists in the health care system. Dr. Madhavan will be a valuable asset to the UNTSCP and to the UNTHSC.

Financial Analysis/History:

In general, the award of tenure carries with it the assurance of continued employment absent the showing of good cause for termination.
